Bigold, 2013-01-12

Using unpublished manuscript writings this book reinterprets material social literary philosophical and religious contexts of women's letter writing in the long 18th century. It shows how letter writing functions as a form of literary manuscript exchange and argues for manuscript circulation as a method of engaging with the republic of letters. **The Rise and Fall of the Woman of Letters** Norma Clarke, 2011-02-08

If Aphra Benn is widely regarded as the first important woman writer in English who was the second in literary history, the eighteenth century belongs to men: Pope and Swift, Richardson and Fielding. Asked to name a woman, even the specialist stumbles. Jane Austen? She didn't publish until 1811. Aphra Benn herself? She died in 1669. *The Rise and Fall of the Woman of Letters* tells the remarkable but little-known story of women writers in the eighteenth century: poets, critics, dramatists, and scholars celebrated in their own time but all but forgotten by the beginning of the new century. Eliza Haywood, Catherine Cockburn, Elizabeth Elstob, Delarivier Manley, Elizabeth Rowe, Jane Barker, Elizabeth Thomas, Anna Seward. In a book which ranges from country house to Grub Street, Norma Clarke recovers these and other writers, establishes the reasons for their eclipse, and discovers that a room of one's own in the eighteenth century was as likely to be a prison cell as a boudoir. *English Women of Letters* Julia Kavanagh, 2010-09-16

This excellent biographical companion to women novelists brought to attention in the Victorian mind the literary importance of women writers. **Barbara Bray, A Woman of Letters** Pascale Sardin, 2024-11-27 Barbara Bray 1924-2010 was an English woman of letters who translated some hundred novels, plays, and essays from French to English and was Marguerite Duras's preferred translator. She also collaborated with some of the most prestigious directors and playwrights of the 20th century: Harold Pinter, Samuel Beckett, Joseph Losey, and Franco Zeffirelli, helping them write screenplays and radioplays. This literary biography re-evaluates, in a textual, sociological, and historical perspective, the social role of an English writer and translator in the history of ideas and contemporary art. Highlighting Bray's influence in cultural transfers of ideas and literatures between France, Great Britain, and the United States, it renders visible the yet unrecognised work of a female mediator and creator. It nourishes the debate about women's public voice and the representation of women in the media industries and contributes to enrich the other history that is being currently written by feminist scholars around the world. **800 Years of Women's Letters** Olga Kenyon, 1994

**800 Years of Women's Letters** Olga Kenyon, 2011-10-21 This inspiring and fascinating book is the first truly comprehensive study of women's letters ever published. Organised by subject matter and covering a wide range of topics from politics, work, and war to childhood, love, and sexual passion, *800 Years of Women's Letters* reveals the depth, breadth, and diversity of women's lives through the ages. Here, Heloise writes to Abelard of her undying devotion; Vita Sackville-West and Virginia Woolf correspond about life and writing; and Queen Victoria complains to Robert Peel about the neglect of Buckingham Palace. Many more women write letters that reveal the compassion, humour, love, and tenacity with which they confront the often difficult circumstances of everyday life. This is an intriguing insight and a rare opportunity to read the real words of real women in their own intimate language. [Love Letters for Leading Ladies](#)
