Ladies Jamaican:

Jamaican Women and the World Wars Dalea Bean, 2017-12-04 This book highlights the important yet often forgotten roles that Jamaican women played in the World Wars Predicated on the notion that warfare has historically been an agent of change Dalea Bean contends that traces of this truism were in Jamaica and illustrates that women have historically been part of the war project both as soldiers and civilians This ground breaking work fills a gap in the historiography of Jamaican women by positioning the World Wars as watershed periods for their changing roles and status in the colony By unearthing critical themes such as women s war work as civilians recruitment of men for service in the British West India Regiment the local suffrage movement in post Great War Jamaica and Jamaican women s involvement as soldiers in the British Army during the Second World War this book presents the most extensive and holistic account of Jamaican women s involvement in the wars

Women in Jamaican Music Heather Augustyn, 2020-05-21 As the ubiquitous Jamaican musician Bob Marley once famously sang half the story has never been told This rings particularly true for the little known women in Jamaican music who comprise significantly less than half of the Caribbean nation s musical landscape This book covers the female contribution to Jamaican music and its subgenres through dozens of interviews with vocalists instrumentalists bandleaders producers deejays and supporters of the arts Relegated to marginalized spaces these pioneering women fought for their claim to the spotlight amid oppressive conditions to help create and shape Jamaica s musical heritage *Downtown Ladies*

Gina A. Ulysse, 2008-09-15 The Caribbean market woman is ingrained in the popular imagination as the archetype of black womanhood in countries throughout the region Challenging this stereotype and other outdated images of black women *Downtown Ladies* offers a more complex picture by documenting the history of independent international traders known as informal commercial importers or ICIs who travel abroad to import and export a vast array of consumer goods sold in the public markets of Kingston Jamaica Both by products of and participants in globalization ICIs operate on multiple levels and since their emergence in the 1970s have made significant contributions to the regional national and global economies Gina Ulysse carefully explores how ICIs determined to be self employed struggle with government regulation and other social tensions to negotiate their autonomy Informing this story of self fashioning with reflections on her own experience as a young Haitian anthropologist Ulysse combines the study of political economy with the study of individual and collective identity to reveal the uneven consequences of disrupting traditional class color and gender codes in individual societies and around the world Women Moving Forward

Judith Barr Bachay, Raúl Fernández-Calienes, 2010-02-19 *Women Moving Forward* Narratives of Identity Migration Resilience and Hope is an excellent example of ethnographic inquiry revealing the normative behavior of women within specific cultural boundaries while also illuminating the individual transcendence of norms in the quest for self realization The stories in *Women Moving Forward* are each unique in their depiction of culture and mores and allow the reader to catch a glimpse of the lives of women in various parts of the globe Despite their variety however the

stories are united in their core as they each validate the very human need to hope for a future that is fulfilling and at least to some extent self constructed rather than imposed this book cannot be missed Associate Professor Beatriz Gonz lez Robinson Ph D LMHC Vice President for University Planning and Chief of Staff St Thomas University State Coordinator Office of Women in Higher Education Fellow American Council on Education These are the stories that find voice in the human spirit The simple yet deeply moving narratives of everyday people who share an extraordinary experience uprooting themselves from their native lands to seek the centuries old dream of a better life in the United States A new language new culture new political system With opportunities to grow nearly offset by deep seated prejudices that cause more than one to question the wisdom of their life altering decision Yet all persevere All prevail So ultimately these are the stories of everyday heroes though none might admit to it Pioneers following the great American tradition that says You are welcome here and with hard work and patience you too will realize your dream They hail from Cuba Jamaica and elsewhere but each has made a new home in a strange new place without sacrificing their cherished traditions and values And they and their adopted land are the better for it So sit back and enjoy these twelve humble yet beautiful tales Ra l Fern ndez Calienes and Judy Barr Bachay have given us a treasure Brother Herman E Zaccarelli C S C Formerly Director Educational Conference Center Kings College Pennsylvania

The Pursuit of Happiness Bianca C. Williams, 2018-02-08 In *The Pursuit of Happiness* Bianca C Williams traces the experiences of African American women as they travel to Jamaica where they address the perils and disappointments of American racism by looking for intimacy happiness and a connection to their racial identities Through their encounters with Jamaican online communities and their participation in trips organized by Girlfriend Tours International the women construct notions of racial sexual and emotional belonging by forming relationships with Jamaican men and other girlfriends These relationships allow the women to exercise agency and find happiness in ways that resist the damaging intersections of racism and patriarchy in the United States However while the women require a spiritual and virtual connection to Jamaica in order to live happily in the United States their notion of happiness relies on travel which requires leveraging their national privilege as American citizens Williams s theorization of emotional transnationalism and the construction of affect across diasporic distance attends to the connections between race gender and affect while highlighting how affective relationships mark nationalized and gendered power differentials within the African diaspora

woman could record them She gives scathing descriptions of London Bristol and the British as well as progressive critiques of race racism and slavery The narrative follows her life from the heights of her arranged marriage to its swift descent into annulment and destitution only to culminate in her resurrection as a self proclaimed widow who flouts the conventional marriage plot The appendices which include contemporary reviews of the novel historical documents on race and inheritance in Jamaica and examples of other women of colour in early British prose fiction will further inspire readers to rethink issues of race gender class and empire from an African woman s perspective *Higglers in Kingston* Winnifred Brown-Glaude,2011-08-08 Navigating a Caribbean economy hidden in plain sight **Babylon East** Marvin Sterling,2010-06-29 An ethnographic analysis of the Japanese embrace of dancehall reggae and other elements of Jamaican culture including Rastafari roots reggae and dub music **Dictionary of Jamaican English** Frederic G.
