are united in their role in history fighting not only for women's rights but equal rights for all in this rich and promised land. The Encyclopedia of Women in the American West chronicles the work of Native American activists such as Mildred Imach Cleghorn and Sarah Winnemucca, the champion of rights of indigenous peoples who established Nevada's first school for Native Americans in 1884. The encyclopedia also explores the stories of early ranchers. Among them is Freda Ehmann, who founded the California Ripe Olive Association, where, according to her grandson, science and chemical exactness failed the experience and care of a skillful and conscientious housewife. Women in the American West have long thrived in the arts. This is evidenced by the work of authors such as Pulitzer Prize winner Willa Cather, Amy Tan, and Linda Hasselstrom; poets such as Hildegard Flanner; and journalist Molly Ivins. All are profiled in this comprehensive work. The arts are used to address both aesthetic and serious societal issues such as Maxine Hong Kingston's *The Woman Warrior*, the story of a woman's struggle with identity as a minority in American culture. Academics will appreciate a study of Ruth Underhill's *Autobiography of a Papago Woman*, which deals with the role of feminist ideology in changing the discipline of anthropology during the first part of the twentieth century. Women in the American West have also achieved many firsts, such as Utah's Ivy Baker Priest, the first woman to hold the office of Treasurer of the United States, and Georgia Bullock, the first woman judge in the State of California. *The Many Roles of Women in the American West*. The Encyclopedia of Women in the American West covers nine diverse topical categories: Agriculture, Ranching, Arts and Letters, Education, Entrepreneurs, Law, Pioneers, Public Performance, Religion, Women's organizations. The West is often portrayed as a rough and tumble man's world, but behind these men and often independently were women with the dreams, strength, and determination to make a difference. The Encyclopedia of Women in the American West is a tribute to their independence, intelligence, courage, spirit, perseverance, and daring. Key Features: Authoritative and in-depth articles on a wide range of salient issues in women's history. Suggested readings and interpretive materials for every entry. Bridges two perennially popular areas of academic and lay interest: the American West and women's history. Developed and priced to appeal to high school and public libraries as well as academic libraries. Recommended Libraries: Public school, academic, special, and private/corporate. Reclamation Record, 1916 [New Reclamation Era](#), 1916 **Ladies of the Press**, Ishbel Ross, 1936 **Voices of American Women's History from Reconstruction to the Present**, Kristine Ashton Gunnell, 2023-11-30. This collection of historical and contemporary writing by women argues that in addition to gender identity markers such as race, class, religion, citizenship, sexuality, and marital status have influenced women's lives in the United States for more than 200 years. *Voices of American Women's History* illustrates that gender alone has never defined women's experiences in America. Women from diverse backgrounds are represented in media and documents that include pamphlets, book excerpts, personal narratives, photographs, advertisements, congressional testimonies, and Supreme Court rulings. Such issues as abortion, marriage equality, domestic violence, and gender parity are shown from historical and contemporary angles as this collection of primary sources.

allows readers and students to easily trace how women's lives and histories have and continue to intersect. With a historical context for each selection, the book also features structured activities to help teachers with class discussion and exams, including suggestions for further reading, document analysis, essay questions, and manageable research assignments.
