taming the resident ogres of C mara and converting them to Buddhism he then built an octagonal palace where Buddhist practitioners may be transported in visions and dreams or reborn through aspiration prayers This work is a translation and analysis of one such aspiration prayer This prayer was composed by Jigme Lingpa a treasure revealer of the Nyingma tradition in the eighteenth century and remains the most important prayer to this pure land in Tibetan Buddhism Merging academic precision in representing the Tibetan texts and devotion to the principles of tantric Buddhism translators Georgios T Halkias and Christina Partsalaki enable a wider appreciation of the history and impact of this prayer in Tibetan Buddhist literature while elucidating its meaning for Buddhist practitioners Empowerment and the Path of Liberation

Essence of Mind Jes Bertelsen,2013-06-04 This handbook to spirituality gathers together Danish meditation teacher Jes Bertelsen s advice on training the mind through wordless prayer and meditation to realize the essence of consciousness Bertelsen has been teaching philosophy and meditation since the early 1970s in 1989 he met the Tibetan lama Tulku Urgyen Rinpoche who authorized Jes Bertelsen to teach Dzogchen and to do so using his own judgment as to the most appropriate way to assimilate these teachings into Western culture Bertelsen s teachings are based on an experiential investigation of the nature of consciousness using comparative analysis of Eastern and Western spiritual teachings and consciousness practices on a foundation of modern psychological philosophical and scientific approaches Essence of Mind outlines the author s experience and approach to Dzogchen the natural primordial state of human consciousness that is timeless pure and untouched by suffering The book is divided into three parts The first part describes different methods for pointing out the essence of consciousness and the techniques related to them The second part seeks to outline the key principles of a training system suited to Western students that can lead to realization The final section outlines the significance of continuous exercises and describes the way spiritual practice slowly permeates daily life dreams sleep and eventually death Through the mind training process the practitioner approaches an almost ecstatic state of completion a luminous blissful wakefulness in which the consciousness is also fully relaxed not clinging to bliss or desiring ecstasy but transparent and open Bertelsen emphasizes that while more advanced forms of spiritual training can only take place in a face to face deeply engaged mutual process between teacher and student books are useful as sources of inspiration in particular to help review one s insights and refresh one s practice Essence of Mind systematizes the experiences that occur along the spiritual path and helps students to refine correct and clarify their efforts it is the author s hope that many students in the West will be able to benefit from his comparative approach to Dzogchen

guiding them towards realization *As It Is, Volume II* Tulku Urgyen Rinpoche, 2004-05-14 The collection of teachings presented in *As It Is Volume II* is selected from talks given by the Tibetan meditation master Kyabje Tulku Urgyen Rinpoche between 1994 and 1995 The emphasis in Volume I was on the development stage practice and in Volume II primarily on the completion stage However to make such divisions is merely for the convenience of the editors In the reality of Rinpoche's teaching method no such separations exist Tulku Urgyen Rinpoche was someone with extra ordinary experience and realization a fact known throughout the world It is evident to everyone that he was unlike anyone else when it came to pointing out the nature of mind and making sure that people both recognized it and had some actual experience Khenchen Thrangu Rinpoche Tulku Urgyen Rinpoche was an incredible master both learned and accomplished The great masters of this time the 16th Karmapa Kyabje Dudjom Rinpoche and Dilgo Khyentse Rinpoche all venerated him as one of their root gurus and a jewel in their crown or ornament He was someone who achieved the final realization of the Great Perfection Orgyen Tobgyal Rinpoche The difference between buddhas and sentient beings is that sentient beings are busy fabricating Our self existing wakefulness is being altered and contrived and as long as it continues to be so that long we will wander in samsara Instead we need to recognize the nature of mind Here I am explaining this to give you the idea of how it is The next step is for you to experience intellectual understanding is not enough You need to actually taste it and realize it Train till it becomes uninterrupted Kyabje Tulku Urgyen Rinpoche *Gateway to Knowledge, Volume II* Mi-pham-rgya-mtsho ('Jam-mgon 'Ju), Jamgon Mipham Rinpoche, 2004-05 A condensation of the Tripitaka the philosophical backbone of the living tradition of Tibetan Buddhism *Present Fresh Wakefulness* Chokyi Nyima Rinpoche, 2004-05-24 Present Fresh Wakefulness is more than a set of general instructions on how to practice it is the quintessential advice of an experienced living master on what he considers to be the absolute necessities today's yogis to arrive at liberation and complete enlightenment We should know how to make the distinction between self existing wakefulness and dualistic mind Believing that we are sustaining the natural state of mind while we are caught up with ordinary thinking is not much use We need to identify the genuine the authentic this is important We need to identify that which is utterly empty utterly naked not confined to anything totally clear and cognizant yet not fixated on anything Ch kyi Nyima Rinpoche In this series of teachings and conversations Ch kyi Nyima Rinpoche a revered abbot Tibetan meditation master and author of *Union of Mahamudra Dzogchen Bardo Guidebook* and *Indisputable Truth* conveys the indispensable principles for arriving at the heart of Buddhist practice in his characteristic style filled with humor candor and wit **Changing Minds** Guy Newland, 2017-09-12 A repurposed and hearty tribute to the Western master of Tibetan Buddhism Jeffrey Hopkins This is a book offered in tribute to Jeffrey Hopkins by colleagues and former students Hopkins has in his several decades of work made profound and diverse contributions to the understanding of Tibet and Tibetan Buddhism in the West In his collaborations with the Dalai Lama such as *Kindness Clarity and Insight* and in books like *Tibetan Arts of Love and Emptiness Yoga* Hopkins has reached out to the
