

A large, rugged rock formation, likely Uluru, is the central focus of the image. The rock has a warm, reddish-brown hue and is characterized by vertical fissures and a weathered texture. It stands prominently against a clear, light blue sky. The lighting suggests a time of day like dawn or dusk, with soft shadows and highlights on the rock's surface. The overall composition is serene and majestic.

People will break promises, God

Heaven A That Will Break Your Heart:

A Few Sighs from Hell John Bunyan, 2025-05-30 Jesus account of the Rich man and Lazarus is probably the most vivid yet frightening description of the eternal state of the sinner in hell from all the Scripture Though many seem to suggest these days that Jesus Christ was actually speaking in metaphors in order to encourage people to exercise faith in Him the details of that story are worth examining closely John Bunyan himself a sinner saved by the amazing grace of God from that very same destination helps us understand that passage in Luke 17 and to apply it correctly and biblically to our own lives and to the lives of those we desire to have them with us in Heaven A great read for those genuinely concerned about their eternal welfare This book was originally published in 1658 This edition has been proofread typeset for eBook readers and updated for modern readers

Ideas of Heaven Joan Silber, 2004 Supple and precise these stories cover lifetimes much in the manner of Alice Munro and William Trevor Set in France Italy New York and China in the past and present they are about longings about how sex and religion become parallel forms of dedication and comfort

Breaking Resemblance Alena Alexandrova, 2017-05-01 In recent decades curators and artists have shown a distinct interest in religion its different traditions manifestations in public life gestures and images *Breaking Resemblance* explores the complex relationship between contemporary art and religion by focusing on the ways artists re work religious motifs as a means to reflect critically on our desire to believe in images on the history of seeing them and on their double power iconic and political It discusses a number of exhibitions that take religion as their central theme and a selection of works by Bill Viola Lawrence Malstaf Victoria Reynolds and Berlinde de Bruyckere all of whom in their respective ways and media recycle religious motifs and iconography and whose works resonate with or problematize the motif of the true image
