Hegel Kierkegaard Marx:

Hegel, Kierkegaard, Marx Robert Heiss, 1975 *The Dialectical Self* Jamie Aroosi, 2018-10-02 Although Karl Marx and Søren Kierkegaard are both major figures in nineteenth century Western thought they are rarely considered in the same conversation Marx is the great radical economic theorist the prophet of communist revolution who famously claimed religion was the opiate of the masses Kierkegaard is the renowned defender of Christian piety a forerunner of existentialism and a critic of mass politics who challenged us to become the single individual But by drawing out important themes bequeathed them by their shared predecessor G W F Hegel Jamie Aroosi shows how they were engaged in parallel projects of making sense of the modern dialectical self as it realizes itself through a process of social economic political and religious emancipation In *The Dialectical Self* Aroosi illustrates that what is traditionally viewed as opposition is actually a complementary one sidedness born of the fact that Marx and Kierkegaard differently imagined the impediments to the self's appropriation of freedom Specifically Kierkegaard's concern with the psychological and spiritual nature of the self reflected his belief that the primary impediments to freedom reside in subjectivity such as in our willing conformity to social norms Conversely Marx's concern with the sociopolitical nature of the self reflected his belief that the primary impediments to freedom reside in the objective world such as in the exploitation of the economic system However according to Aroosi each thinker represents one half of a larger picture of freedom and selfhood because the subjective and objective impediments to freedom serve to reinforce one another By synthesizing the writing of these two diametrically opposed figures Aroosi demonstrates the importance of envisioning emancipation as a subjective psychological and spiritual process as well as an objective sociopolitical and economic one *The Dialectical Self* attests to the importance and continued relevance of Marx and Kierkegaard for the modern imagination **Hegel's Philosophy of Right, with Marx's Commentary** H.P.

Kainz, 2012-12-06 GEORG WILHELM FRIEDRICH HEGEL 1770 1831 THE PLACE OF HEGEL IN THE HISTORY OF PHILOSOPHY In order to gain a proper perspective of Hegel's place in the history of philosophy it might be useful to focus on one key concept which has evolved significantly in meaning from the time of Aristotle to Hegel I am speaking of the philosophical concept of the category In Aristotle's system there were ten categories or predicaments of reality or being These included substantiality time place quantity quality and other aspects of knowable beings The most notable thing about these categories is that they all have to do with what we would call objective realities That is none of them purport to describe subjective or mental states or conditions In modern philosophy i.e. philosophy since the time of Descartes there was a swing of the pendulum in the opposite direction from objectivity to subjectivity culminating in the twelve new categories of Kant All of Kant's categories were subjective ways of looking at reality We can organize objective phenomena into universal unities therefore the first Kantian category is unity We can separate objective phenomena into particular divisions therefore the second category is plurality And so forth With Hegel the modern trend to subjectivism is arrested and we have not

surprisingly a new type of category the category of the unity of thought and being of self and other of subject and object

Volume 6, Tome I: Kierkegaard and His German Contemporaries - Philosophy Jon Stewart, 2017-05-15 This volume explores in detail Kierkegaard's various relations to his German contemporaries Kierkegaard read German fluently and made extensive use of the writings of German speaking authors Apart from his contemporary Danish sources the German sources were probably the most important in the development of his thought generally This volume represents source work research dedicated to tracing Kierkegaard's readings and use of the various German speaking authors in the different fields in a way that is as clearly documented as possible The volume has been divided into three tomes reflecting Kierkegaard's main areas of interest with regard to the German speaking sources namely philosophy theology and a more loosely conceived category which has here been designated literature and aesthetics This first tome treats the German philosophical influences on Kierkegaard The dependence of Danish philosophy on German philosophy is beyond question In a book review in his Hegelian journal *Perseus* the poet playwright and critic Johan Ludvig Heiberg laments the sad state of philosophy in Denmark while lauding German speculative philosophy Moreover Kierkegaard's lifelong enemy the theologian Hans Lassen Martensen claims without exaggeration that the Danish systems of philosophy can be regarded as the disjecta membra of earlier German systems All of the major German idealist philosophers made an impact in Denmark Kant Fichte Schelling and most significantly Hegel Kierkegaard was widely read in the German philosophical literature which he made use of in countless ways throughout his authorship

Kierkegaard's Relations to Hegel Reconsidered Jon Stewart, 2007-08-16 Jon Stewart's study is a major re-evaluation of the complex relations between the philosophies of Kierkegaard and Hegel The standard view on the subject is that Kierkegaard defined himself as explicitly anti-Hegelian indeed that he viewed Hegel's philosophy with disdain Jon Stewart shows convincingly that Kierkegaard's criticism was not of Hegel but of a number of contemporary Danish Hegelians Kierkegaard's own view of Hegel was in fact much more positive to the point where he was directly influenced by some of Hegel's work Any scholar working in the tradition of Continental philosophy will find this an insightful and provocative book with implications for the subsequent history of philosophy in the twentieth century The book will also appeal to scholars in religious studies and the history of ideas

From Hegel to Nietzsche Karl Löwith, 1991 Beginning with an examination of the relationship between Hegel and Goethe Löwith discusses how Hegel's students particularly Marx and Kierkegaard interpreted or reinterpreted their master's thought and proceeds with an in-depth assessment of the other important philosophers from Feuerbach Stirner and Schelling to Nietzsche

Hegel and His Critics William Desmond, 1988-07-01 This book deals with fundamental problems in Hegel and with Hegel in relation to Kierkegaard Marx Nietzsche Russell Heidegger Husserl Derrida and Bataille It reveals Hegel's power to provoke both critical and creative thought across the complete spectrum of philosophical questions

Kierkegaard Bibliography Peter Šajda, 2017

The Concept of the Individual in the Thought of Karl Marx Zhi Li, 2023-04-08 This book reconstructs the concept of the individual

in Marx as the key to a fresh interpretation of Marxian philosophy Marx moved from an examination of the contingency and indeterminacy of individual consciousness in his early years to a critique of the atomistic individual and materialised social relations in his later years His thought proposes that real individuals are the basis for an understanding of human society that promotes the emancipation of humankind Marx s philosophy has often been misunderstood as lacking a concept of the individual In China this misunderstanding not only relates to cultural and linguistic particularities the word individual is seldom used in Chinese but also relates to a misleading view of socialism and communism This book helps remedy this misunderstanding and draws important comparisons and contrasts between Marx s concept of the individual with that of liberalism and between Western and Eastern Marxism **Kierkegaard's Influence on Philosophy** Jon Bartley

Stewart,2012 Kierkegaard s relation to the field of philosophy is a particularly complex and disputed one He rejected the model of philosophical inquiry that was mainstream in his day and was careful to have his pseudonymous authors repeatedly disassociate themselves from philosophy But although it seems clear that Kierkegaard never regarded himself as a philosopher there can be no doubt that his writings contain philosophical ideas and insights and have been profoundly influential in a number of different philosophical traditions The present volume documents these different traditions of the philosophical reception of Kierkegaard s thought The articles featured here demonstrate the vast reach of Kierkegaard s writings in philosophical contexts that were often quite different from his own Tome I is dedicated to exploring the reception of Kierkegaard in Germanophone and Scandinavian philosophy Kierkegaard has been a major influence for such different philosophical projects as phenomenology hermeneutics dialogical thinking critical theory Marxism logical positivism and ordinary language philosophy Similarly in Denmark and Norway Kierkegaard s writings have been more or less constantly discussed by important philosophers despite the later dominance of analytic philosophy in these countries The present volume features articles on the leading Germanophone and Scandinavian philosophers influenced by Kierkegaard s thought

Volume 14: Kierkegaard's Influence on Social-Political Thought Jon Stewart,2016-12-05 While scholars have long recognized Kierkegaard s important contributions to fields such as ethics aesthetics philosophy of religion philosophical psychology and hermeneutics it was usually thought that he had nothing meaningful to say about society or politics Kierkegaard has been traditionally characterized as a Christian writer who placed supreme importance on the inward religious life of each individual believer His radical view seemed to many to undermine any meaningful conception of the community society or the state In recent years however scholars have begun to correct this image of Kierkegaard as an apolitical thinker The present volume attempts to document the use of Kierkegaard by later thinkers in the context of social political thought It shows how his ideas have been employed by very different kinds of writers and activists with very different political goals and agendas Many of the articles show that although Kierkegaard has been criticized for his reactionary views on some social and political questions he has been appropriated as a source of insight and inspiration by a

number of later thinkers with very progressive indeed visionary political views The Sartrean Mind Matthew C. Eshleman, Constance L. Mui, 2020-01-24 Jean Paul Sartre was one of the most important philosophers of the twentieth century His influence extends beyond academic philosophy to areas as diverse as anti colonial movements youth culture literary criticism and artistic developments around the world Beginning with an introduction and biography of Jean Paul Sartre by Matthew C Eshleman 42 chapters by a team of international contributors cover all the major aspects of Sartre s thought in the following key areas Sartre s philosophical and historical context Sartre and phenomenology Sartre existentialism and ontology Sartre and ethics Sartre and political theory Aesthetics literature and biography Sartre s engagements with other thinkers The Sartrean Mind is the most comprehensive collection on Sartre published to date It is essential reading for students and researchers in philosophy as well as for those in related disciplines where Sartre s work has continuing importance such as literature French studies and politics **Volume 8, Tome I: Kierkegaard's**

International Reception - Northern and Western Europe Jon Stewart, 2016-12-05 Although Kierkegaard s reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause c l bre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome I covers the reception of Kierkegaard in Northern and Western Europe The articles on Denmark Norway Sweden Finland and Iceland can be said to trace Kierkegaard s influence in its more or less native Nordic Protestant context Since the authors in these countries with the exception of Finland were not dependent on translations or other intermediaries this represents the earliest tradition of Kierkegaard reception The early German translations of his works opened the door for the next phase of the reception which expanded beyond the borders of the Nordic countries The articles in the section on Western Europe trace his influence in Great Britain the Netherlands and Flanders Germany and Austria and France All of these countries and linguistic groups have their own extensive tradition of Kierkegaard reception Volume 19, Tome VII: Kierkegaard Bibliography Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual

bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies

The Age of German Idealism Kathleen Higgins, Robert C.

Solomon, 2023-05-09 German Idealism was one of the most fertile and important movements in the history of Western philosophy This volume includes eleven chapters on all aspects and the period's most influential philosophers including Kant and Hegel

Understanding Hegelianism Robert Sinnerbrink, 2014-12-05 Understanding Hegelianism explores the ways in which Hegelian and anti Hegelian currents of thought have shaped some of the most significant movements in twentieth century European philosophy particularly the traditions of critical theory existentialism Marxism and poststructuralism The first part of the book examines Kierkegaard's existentialism and Marx's materialism which present two defining poles of subsequent Hegelian and anti Hegelian movements The second part looks at the contrasting critiques of Hegel by Lukacs and Heidegger which set the stage for the appropriation of Hegelian themes in German critical theory and the anti Hegelian turn in French poststructuralism The role of Hegelian themes in the work of Adorno Habermas and Honneth are explored In the third part the rich tradition of Hegelianism in modern French philosophy is considered the work of Wahl Kojève Hyppolite Lefebvre Sartre de Beauvoir as well as the radical critique of Hegelianism articulated by Derrida and Deleuze Although the focus is primarily on German and French appropriations of Hegelian thought the author also explores some of the recent developments in Anglophone Hegelianism

Cosmology, Physics and Philosophy Benjamin Gal-Or, 2013-04-18 by Sir Karl Popper This is a great book and an exciting book I say so even though I happen to disagree with the author in many minor points and one or two major points Some of the minor points are merely terminological and therefore very minor I dislike the term dialectic because of its use since Hegel and Marx and I dislike the term gravitism perhaps without a good reason Thus I dislike the name which Professor Gal Or has given to his theory But the theory seems to me a great and a very beautiful theory so far as I can judge Other minor points of disagreement are connected with Gal Or's original and remarkable views of the great philosophers including Spinoza and Kant A major point of disagreement is that Gal Or following Einstein is a scientific determinist while I cannot but regard determinism as a modern superstition Of course he may be right and I may be completely mistaken I mention these critical points rather in order to emphasize how strongly I am impressed by Professor Gal Or's great book Even in the very unlikely case that wherever we disagree he should be in the wrong and I right even if that should be the case which is improbable in the extreme it would remain a great book readable worth reading and enlightening with a most fascinating cosmological story of time expansion and gravitation

Kierkegaard's Pseudonymous Authorship Mark C. Taylor, 2019-04-23 This book deals with a central problem in the

writings of Soren Kierkegaard the themes of time and the self as developed in the pseudonymous writings Arguing that a most effective way to grasp the unity of Kierkegaard s dialectic of the stages of existence is to focus on the dramatic presentation of time and the self that appears at each stage Mark C Taylor pursues these themes from the viewpoints of theology philosophy psychology and related areas of study The author works from the original texts and makes much use of untranslated primary and secondary material His concluding evaluation offerse a critical perspective from which to view Kierkegaard s interpretation of time and selfhood and indicates the importance of Kierkegaard s work for our time Mark C Taylor teaches religion at Williams College Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Historical Dictionary of Kierkegaard's Philosophy Julia Watkin,2000-12-06 Watkin provides a contextual introduction to Kierkegaard s 19th century world of Copenhagen a chronology of events and key figures in his life as well as definitions of the key systems of his thought_theology existentialism literature and psychology The extensive bibliographical section covers secondary literature and electronic materials of help to researchers The appendix includes detailed information on his writings along with a list of his pseudonyms This book is useful not only as a guide for experienced scholars but also as an introduction to new students of Kierkegaard s Philosophy The Kyoto School's Takeover of Hegel Peter Suares,2011-01-01 The Kyoto School grafts the presuppositions and methodology of Hegel s idealism onto the Japanese Buddhist worldview In The Kyoto School s Takeover of Hegel Peter Suares evaluates the success of the three principal figures of the School Nishida Kitaro Tanabe Hajime and Nishitani Keiji in integrating these dissimilar ideas into a coherent religious philosophy

While this might not be the Hegel Kierkegaard Marx full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Hegel Kierkegaard Marx eBooks, including some popular titles.

FAQs About Hegel Kierkegaard Marx Books

What is a Hegel Kierkegaard Marx PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Hegel Kierkegaard Marx PDF?** There are several ways to create a PDF: Use software like

Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Hegel Kierkegaard Marx PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Hegel Kierkegaard Marx PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Hegel Kierkegaard Marx PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
