Christine Daigle,2017-02-07T00:00:00-05:00 Dans son essai Christine Daigle tablit en quoi les philosophies de Nietzsche et Sartre convergent ou divergent en ce qui a trait la problématique du nihilisme la question de sens et l'éthique Elle examine leur solution respective au mal moderne créée par le nihilisme soit le manque de fondement pour les valeurs Cette solution passe par une réponse optimiste la question du sens de l'existence qui met l'accent sur le rôle de l'humain comme créateur de sens et ce chez Nietzsche comme chez Sartre Sur ces bases Nietzsche et Sartre proposent une éthique existentialiste humaniste qui promeut l'épanouissement authentique de l'individu Si chacun labore cette éthique sa façon Christine Daigle démontre que l'on peut soutenir que Nietzsche et Sartre sont du point de vue éthique de proches parents L'esprit du nihilisme Mehdi Belhaj Kacem,2009-03-04 L'esprit du nihilisme titre doublement paradoxal puisque ce livre entreprend parallèlement et souvent en même temps de déconstruire le pseudo concept nietzschien ou heideggerien de nihilisme et de défendre ce que par provocation provisionnelle nous appellerons nihilisme démocratique C'est graduellement par la description phénoménologique de la spiritualité exprimée dans la voix moyenne de toute une époque que se rouvre alors la voie qui a travers toute la modernité pensante depuis deux siècles la red couverte de la Tragédie par l'homme sans dieux S'y tablit le secret déguisé de la modernité sans avoir jamais totalement comme tel renversant la tradition métaphysico-politique de l'Occident on démontre que ce n'est pas la Loi qui est la condition de la Transgression mais le contraire C'est la Transgression qui est la condition de possibilité de toute législation non seulement morale politique et civique mais technique et culturelle L'enjeu est considérable si la philosophie pour la toute première fois de sa tradition parvenait renverser le rapport qu'elle a toujours posé entre législation et transgression démontrant que celle-ci est la condition de possibilité de celle-là et pas l'inverse bouleversant au passage le sens même qu'on a toujours accordé au concept de Transgression alors la philosophie destituerait enfin la raison de

twentieth century German intellectual who like few others invites us to investigate the ambiguities constraints and imperatives of our own times **Beckett and Phenomenology** Ulrika Maude,Matthew Feldman,2011-10-20 Existentialism and poststructuralism have provided the two main theoretical approaches to Samuel Beckett s work These influential philosophical movements however owe a great debt to the phenomenological tradition This volume with contributions by major international scholars examines the phenomenal in Beckett s literary worlds comparing and contrasting his writing with key figures including Edmund Husserl Martin Heidegger Jean Paul Sartre and Maurice Merleau Ponty It advances an analysis of hitherto unexplored phenomenological themes such as nausea immaturity and sleep in Beckett s work Through an exploration of specific thinkers and Beckett s own artistic method it offers the first sustained and comprehensive account of Beckettian phenomenology Metaphysics and Nihilism Martin Heidegger,2022-11-29 The two treatises The Overcoming of Metaphysics 1938 39 and The Essence of Nihilism 1946 1948 do not belong together temporally or formally but they are brought together in this volume because they both treat a common thesis from the standpoint of different questions namely that nihilism is the essence of metaphysics in relation to the history of being The overcoming of metaphysics is for Heidegger the decisive historical moment in which metaphysics is experienced as the history of the abandonment by being and overcome at the same time The abandonment of beings by being reveals itself in the final and most extreme intensification of metaphysics as the unconditioned predominance of manipulation Manipulation means here the all dominating producibility of beings The Essence of Nihilism is linked to the idea of overcoming This text deals with the attempt to elucidate the essence of nihilism through Nietzsche s words God is dead The killing of God springs from the will to power as the most extreme form of manipulation The being of beings is grasped here as the positing of values emanating from the will to power In this positing of being as value it becomes clear that being itself remained unthought in metaphysics Therefore metaphysics as such is nihilism proper These key works by Heidegger now available in English for the first time will be of great interest to students and scholars of philosophy and to anyone interested in Heidegger s thought **Freedom and Existence** Matthew Aaron Tennant,2023-08-07 Is theology a dead corpse or living organism For Uruguayan Jesuit Juan Luis Segundo 1925 1996 theology is dynamic Freedom and existence for central themes Segundo believed that theology should be transformative in human lives For a theology to be transformative there must be a connection to existence That is it must be existential Yet most scholars have overlooked this assumption in critical analyses of liberation theology This prima facie connection to existence is distinguishable from existentialism as a school of philosophy By showing the significant existential dimension to Segundo s theology assessing his work and contribution to twentieth century theology relates to freedom ecumenism the role of faith in society and the relationship between faith and ideologies Beyond Nihilism Dominic Kelly,2022-08-25 Martin Heidegger s 1889 1976 criticism of Friedrich Nietzsche s nihilism represented a turn in his thought In this new and perceptive book Dominic Kelly explores nihilism through the work of two relatively modern and much studied philosophers

Heidegger and Nietzsche and shows how Heidegger began to think in a way that was not solely philosophical and instead used poetry to achieve a new relation to being. In doing so Heidegger was able to move past Nietzsche's concepts and thus nihilism itself. Through his exploration of Heidegger's journey to a form of thinking beyond the philosophical then Kelly exposes nihilism's crucial place in Continental philosophy and has written a book that is essential for students and academics working in Heidegger studies. Kelly's engagement with Heidegger's more poetic philosophy also benefits students of metaphysics, the philosophy of art and aesthetics and visual culture more widely. By putting nihilism into its historical context and examining its Ancient Greek origins Kelly's book will also be of use to those studying early philosophical thought, a requirement for all philosophy courses and provides a valuable account of nihilism's historical trajectory.

Archéologie du nihilisme François Guéry, 2015-01-21 Si le nihilisme a connu une sorte d'apothéose planétaire le 11 septembre 2001 il fut aussi ce jour-là l'épilogue d'une longue histoire qui est précisément celle que cet ouvrage se propose de revisiter. Depuis l'assassinat en 1881 du Tsar réformateur Alexandre II jusqu'à nos modernes djihadistes des Dons de Dostoevski, la étrange inversion des valeurs nietzschéenne de la mort de Dieu, toutes les apologies criminelles d'une violence redemptrice, voici les coulisses d'une pensée qui n'en finit pas d'embraser le monde. Camus, Ortega y Gasset mais également et à l'inverse Ernst Jünger ou Hermann Rauschning sont tour à tour convoqués afin d'éclairer cette théorie du ravage. Du nazisme à l'islamisme telle est cette passion de la destruction et de la rupture en tout qui sous nos yeux promet à l'Occident des lendemains de cendre.

Nietzsche et Heidegger sur le nihilisme Christine Daigle, 1995 , **Nietzsche et Heidegger sur le nihilisme [microforme] : essai d'interprétation de l'éthique nietzschéenne** Christine Daigle, 1995 **Le Séminaire. Nietzsche** Alain Badiou, 2015-10-14 Le séminaire sur Nietzsche résulte de ce qu'on peut appeler une décision pure dont le résultat ne s'est pas inscrit dans les grandes scissions livresques de mon entreprise. Il est même resté part de ses compagnons, les antiphilosophes modernes et antiques. Mais n'est-ce pas son destin en vérité ? Je l'aime dans la solitude, o tout le monde, sectateurs et calomnieurs, suiveurs et hurleurs interprètes et propagandistes l'ont toujours laissé. On verra comment gouverner par cette profonde sympathie le commentant en détail et l'admirant sans avoir pour autant lui concéder quoi que ce soit. J'ai pu décerner Nietzsche en mon seul nom, le titre suivant : prince pauvre et définitif de l'antiphilosophie. A.B. Depuis 1966 une part importante de l'enseignement du philosophe Alain Badiou, aujourd'hui professeur maître de conférences normale supérieure, a pris la forme d'un séminaire, lieu de libre parole et laboratoire de pensée. Les Éditions Fayard publient l'ensemble de ces Séminaires de 1983, aujourd'hui période où la documentation est abondante et continue. Ce volume est le sixième de la série. [L'inconscient politique chez Friedrich Nietzsche](#) Monia Sanekli, 2016 L'inconscient pour Nietzsche ne serait ni une hypothèse ni le champ de la pathologie humaine, c'est plutôt la matrice, la force et la puissance innocente de l'être. Il s'agirait pour nous de repenser l'inconscient travers une perspective génalogique qui dévoile les stratégies de forces actives inconscientes qui habitent toute nature humaine, où l'homme comme l'être se dévoilent comme une force d'exister et une puissance de dominer. Le dévoilement

des stratégies de forces actives d voile un instinct politique primitif de conquête et de domination dont l amour n est ni une exception ni une contradiction La thrapie pour l homme serait de reconnaître cette force inconsciente d exister par del les justifications morales religieuses et rationnelles et qui n est que l amour de la force de la vie
