Nepal by the Communist Party of Nepal Maoist CPN M It contextualizes and explains why and how a violent Maoist insurgency grew in Nepal after the end of the Cold War in contrast to the decline of other radical communist movements in most parts of the world Scholars from diverse disciplinary backgrounds employ a wide variety of approaches and methods to unravel different aspects of the rebellion Individual chapters analyze the different causes of the insurgency factors that contributed to its growth the organization agency ideology and strategies employed by the rebels and the state and the consequences of the insurgency New issues are analysed in conjunction with the insurgency such as the role of the Maoist student organization Maoist s cultural troupes the organization and strategies of the People s Army and the Royal Nepal Army indoctrination and recruitment of rebels and international factors Based on original field work and a thorough analysis of empirical data this book fills an existing gap in academic analyses of the insurgency in Nepal **Rehearsing for Life** Monica Mottin,2018-03-09 This work examines the production and performance of theatrical activities aimed at bringing about social change in both development and political intervention in Nepal If everyday social problems can be both represented and challenged through drama based performances then what differentiates street theatre performed in planned developments from street theatre performed within social and political movements This multi sited ethnography attempts to answer this question by following the works of Aarohan Theatre a Kathmandu based professional company performing both loktantrik natak theatre for democracy in the context of the 2005 06 popular movement and kachahari natak forum theatre for development projects The analysis then extends to the forum theatre produced by one of Aarohan s partner groups the Kamlari Natak Samuha a Tharu grassroots activist organization based in Deukhuri Valley West Nepal campaigning against indentured child labour *Social Transformation in Post-conflict Nepal* Punam Yadav,2016-04-28 The concept of social transformation has been increasingly used to study significant political socio economic and cultural changes affected by individuals and groups This book uses a novel approach from the gender perspective and from bottom up to analyse social transformation in Nepal a country with a complex traditional structure of caste class ethnicity religion and regional locality and the experience of the ten year of People s War 1996 2006 Through extensive interviews with women in post conflict Nepal this book analyses the intended and unintended impacts of conflict and traces the transformations in women s understandings of themselves and their positions in public life It raises important questions for the international community about the inevitable victimization of women during mass violence but it also identifies positive impacts of armed conflict The book also discusses how the Maoist insurgency had empowering effects on women The first study to provide empirical evidence on the relationship between armed conflict and social transformation from gender s perspectives this book is a major contribution to the field of transitional justice and peacebuilding in post armed conflict Nepal It is of interest to academics researching South Asia Gender Peace and Conflict Studies and Development Studies *Norine's Revenge and Sir Noel Heir's* May Agnes Fleming,2020-07-31 Reproduction of the original Norine s Revenge and Sir Noel Heir s by May Agnes

Fleming **Women, Peace and Security in Nepal** Åshild Kolås, 2017-07-06 This book sheds new light on the important but diverse roles of women in the civil war in Nepal 1996-2006 and the post conflict reconstruction period 2006-2016. Engaging critically with the women peace and security literature, *Women, Peace and Security in Nepal* questions the potential of peace processes to become a window of opportunity for women's empowerment while insisting on the vital importance of a gender perspective in the study of conflict, security and peace. After the signing of the 2006 Comprehensive Peace Accord, Nepal experienced a huge leap in women's political representation in the subsequent Constituent Assembly, often portrayed as a landmark victory for women's empowerment in the context of South Asia. Nepali women's mobilization played a key role in this success story, though similar mobilization has failed to produce the same outcomes elsewhere in South Asia. How does Nepal differ from the other cases? Presenting studies of war time and post conflict Nepal through a gender lens, this book critically assesses the argument that war and peacebuilding can add momentum to the transformation of gender roles. Contributing new knowledge on women's disempowerment and empowerment in conflict and peacebuilding, the book also offers insights for contemporary debate on gender and political change in conflict affected societies. This book will be of great interest to students of peace and conflict studies, gender security, South Asia and international relations in general, as well as policy makers and NGOs.

Songs for "Great Leaders" Keith Howard, 2020-01-24 Famously reclusive and secretive North Korea can be seen as a theatre that projects itself through music and performance. The first book length account of North Korean music and dance in any language other than Korean, *Songs for Great Leaders* pulls back the curtain on this theatre for the first time. Renowned ethnomusicologist Keith Howard moves from the first songs written in the northern part of the divided Korean peninsula in 1946 to the performances in February 2018 by a North Korean troupe visiting South Korea for the Pyeongchang Winter Olympic Games. Through an exceptionally wide range of sources and a perspective of deep cultural competence, Howard explores old revolutionary songs and new pop songs, developments of Korean instruments, the creation of revolutionary operas and mass spectacles as well as dance and dance notation and composers and compositions. The result is a nuanced and detailed account of how song together with other music and dance production forms the soundtrack to the theater of daily life, embedding messages that tell the official history, the exploits of leaders and the socialist utopia yet to come. Based on fieldwork, interviews and resources in private and public archives and libraries in North Korea, South Korea, China, North America and Europe, *Songs for Great Leaders* opens up the North Korean regime in a way never before attempted or possible.
