The Hovering Fly & Other Essays Allen Tate, 1948 **The Hovering Fly** Allen Tate, 1949 **Allen Tate and His Work** Radcliffe Squires, 1972-01-01 **Dostoevsky's The Idiot** Liza Knapp, 1998 This book is designed to guide readers through Dostoevsky's *The Idiot* first published in 1869 and generally considered to be his most mysterious and confusing work

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries. *The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism* George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction **Literature of Tennessee** Ray Willbanks, 1984 **Flannery O'Connor and Robert Giroux** Patrick Samway S.J., 2018-03-30 Flannery O'Connor is considered one of America's greatest fiction writers. The immensely talented Robert Giroux, editor in chief of Harcourt Brace, was her devoted friend and admirer. He edited her three books published during her lifetime plus *Everything that Rises Must Converge* which she completed just before she died in 1964 at the age of thirty-nine. The posthumous *The Complete Stories of Flannery O'Connor* and the subsequent award-winning collection of her letters titled *The Habit of Being* When poet Robert Lowell first introduced O'Connor to Giroux in March 1949 she could not have imagined the impact that meeting would have on her life or on the landscape of postwar American literature. *Flannery O'Connor and Robert Giroux: A Publishing Partnership* sheds new light on an area of Flannery O'Connor's life: her relationship with her editors that has not been well documented or narrated by critics and biographers. Impressively researched and rich in biographical details, this book chronicles Giroux's and O'Connor's personal and professional relationship, not omitting their circle of friends and fellow writers including Robert Lowell, Caroline Gordon, Sally and Robert Fitzgerald, Allen Tate, Thomas Merton, and Robert Penn Warren. As Patrick Samway explains, Giroux guided O'Connor to become an internationally acclaimed writer of fiction and nonfiction, especially during the years when she suffered from lupus at her home in Milledgeville, Georgia, a disease that eventually proved fatal. Excerpts from their correspondence, some of which are published here for the first time, reveal how much of Giroux's work as editor was accomplished through his letters to Milledgeville. They are gracious, discerning, and appreciative just when they needed to be. In Father Samway's portrait of O'Connor as an extraordinarily dedicated writer and businesswoman, she emerges as savvy, pragmatic, focused, and determined. This engrossing account of O'Connor's publishing

history will interest in addition to O Connor s fans all readers and students of American literature The Shape of Apocalypse in Modern Russian Fiction David M. Bethea, 2014-07-14 David Bethea examines the distinctly Russian view of the end of history in five major works of modern Russian fiction Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Mumford, Tate, Eiseley Gale H. Carrithers, Jr., 1992-01-01 Though of diverse backgrounds and training Mumford Tate and Eiseley shared remarkably concordant and convincing views of the state of twentieth century American society All three considered America to be benighted by a dominant myth the myth of the machine in Mumford s phrase that resulted in cultural degeneration Through an examination of selected works of each critic Carrithers explains how these writers both identified and fought against this myth Carrithers asserts that Mumford Tate and Eiseley in their essays revived prophecy as a mode of expression and as a means of appraising culture in a broad historical context Like the biblical prophets the three concerned themselves not so much with the future as with the present They sought to unmask the falseness the moral emptiness of a reductive abstractive mechanized model of the world Carrithers considers Mumford as he moved from conflicted stances in the four volumes of *The Renewal of Life* to the more assured and comprehensive vision of society he portrayed in the two volume *The Myth of the Machine* He examines Tate s critique of American culture as it developed from his youthful involvement with the Fugitives and Agrarians to in later years an increasingly coherent but comber construal of the world s plight Finally he describes Eiseley s fully emergent rejection of reductive scientism and temporalism a large part of all that is crushing us Eiseley wrote evident in *The Immense Journey* and other books Mumford Tate and Eiseley these watchers in the night all wrote against the grain of most of their contemporaries posing questions about generally accepted current values and proffering alternatives that would make the world a more humane and transcendent place Gale Carrithers thoughtful challenging analysis of their efforts will be required reading for anyone who wishes a better understanding of our age
