How I Made One Million Dollars Last Year Trading Commodities:

How I Made One Million Dollars Last Year Trading Commodities Larry R. Williams, 1979 This fascinating book is loaded with practical information designed to help you in the commodity market The author's method proven by his million dollar success does not involve complicated math or subjective evaluation There are two completely systematic methods %R and Momentum The essence of these methods is that they tell you if the super powers are long or short when the super powers expect a major move to start what commodities are in true bull or bear markets when to start buying and when to sell for gargantuan profits This book is a must if you're a stock or commodity trader It will expose to you an exciting new approach to trading and thinking the same approach that has made Larry Williams a millionaire Price Action Trading Bill

Eykyn, 2003-01-09 Extract from the Preface 1 What the book covers This book is about day trading Using the price action itself rather than any of the usual array of indicators based on it The US 30 year Treasury Bond Futures is the favoured instrument the T Bonds as they are commonly called There are good reasons for choosing this instrument to learn to trade one being that they do not require a detailed knowledge of bonds themselves The other attractions whether you are a beginner or a seasoned veteran are to do with liquidity range behaviour patterns and the price action displayed at the key support and resistance points it encounters Most days the T bonds offer trading opportunities which can be taken within a money management environment that can give you an edge for profit and this book has been designed to show you how to do just that Fully illustrated with charts taken from a live trading screen and displayed in exactly the way you would have seen them for yourself on your computer monitor What you see is not just what happened in detail but also clear evidence of just how you could have profited yourself from each trading situation 2 Who the book is for This book has been written for anyone wishing to day trade using a discretionary method rather than a mechanical system It is a learning tool which should commend itself to the experienced trader as much as to someone new to this business Certainly I hope that any raw recruit would find it an easy read even if it took a while longer to digest the subject matter as a whole 3 How the book is structured The seasoned trader will probably start by skip reading to see if he can cut to the chase quickly The less experienced will immediately see from the detail of the charts alone that there is a great deal of info

Forex Conquered John L. Person, 2007-04-18 Praise for FOREX CONQUERED In this amazing book John covers it all From trading systems to money management to emotions he explains easily how to pull money consistently from the most complicated financial market in the world John packs more new innovative information into this book than I have ever seen in a trading book before Rob Booker independent currency trader John Person is one of the few rare talents that

are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much needed tools of forex trading. This clear and well organized publication is a major step forward in helping traders gain an edge. I would highly recommend *Forex Conquered* as a valuable handbook for both aspiring and experienced traders alike. Sandy Jadeja, Chief Market Analyst and Editor, London Stock Exchange, London, England.

Forex Conquered is a bold title but this book delivers the tools needed for successful forex trading. There is no fluff here; just the wisdom of a trading veteran that I have always respected and followed. Michael Kahn, Editor, *Quick Takes*, Pro market letter and Columnist, *Barron's Online*. This is a wonderful in depth view into the explanation of technical analysis and prudent money management guidelines in the forex market. Blake Morrow, President, 4X Made Easy.

Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read. Abe Cofnas, President, Learn4x.com. Note: CD, ROM, DVD and other supplementary materials are not included as part of eBook file.
