The Roller Coaster Decade Livia Moser, 2008 The Roller Coaster Decade is an

autobiography of 10 years of my life which begins when I was eighteen years old I like all other high school graduates had plans for my life but sometimes life just doesn't work out that way I was diagnosed with bipolar illness and put into a mental facility in Switzerland therefore having to postpone attending Hotel Management School for a year but I finally made it I did however suffer three more manias after that After each mania I had to start my life from scratch because manias have heavy consequences In the year 2000 I was told that my kidneys no longer functioned and was put on a dialysis machine After sixteen months I had the kidney transplant I was the by far the youngest This book is about the ups and downs in life what it takes when so many unexpected and tragic things happen in a short period of time Most of all it is not a book strictly about the above My Decade story is told honestly with humor and that the message is to be brave enough to speak about your darkest moments because once you do others open up to you and your own burdens disappear Suffering in silence only hurts you And finally it is about a gift called life that we all take for granted

Team, 2016-09-23 In our first book we shed some light on subjects that presently affect societies around the world such as politics education the economy art the role of women and so on We didn't talk about ourselves In this book we want to touch your heart and take you on our personal journeys our souls journeys as we reached a point in life when we questioned the purpose of our existence when we felt there had to be more than merely eating sleeping working raising a family and acquiring possessions Of course all of these are important but a part of us remained dissatisfied thirsty and ready to explore other realms of our being So we each embarked on a quest leading up the mountain of our soul and spirit Our paths towards the summit are all different yet we share an element we came to recognize as essential when climbing a mountain a well trained guide is life saving In our stories we each meet such a spiritual guide a master mountaineer able to show us the way toward the spiritual summits Omraam Mikhael Aivanhov Discover how his self mastery and the many methods he suggested influenced us Discover the direction we have taken as a result and how we keep climbing Join us in the awakenings to new heights of consciousness The spirit is above everything else and when you succeed in becoming one with it in identifying with it you receive strength peace of mind illumination Omraam Mikhael Aivanhov

Empires of the Imagination Alec

Worley, 2021-01-05 The warlocks and ghosts of fantasy film haunt our popular culture but the genre has too long been ignored by critics This comprehensive critical survey of fantasy cinema demonstrates that the fantasy genre amounts to more than escapism Through a meticulously researched analysis of more than a century of fantasy pictures from the seminal work of Georges Melies to Peter Jackson's recent tours of Middle earth the work identifies narrative strategies and their recurring components and studies patterns of challenge and return setting and character First addressing the difficult task of defining the genre the work examines fantasy as a cultural force in both film and literature and explores its relation to science fiction horror and fairy tales Fantasy's development is traced from the first days of film with emphasis on how the evolving genre

reflected such events as economic depression and war Also considered is fantasy s expression of politics as either the subject of satire or fuel for the fires of propaganda Discussion ventures into the subgenres from stories of invented lands inhabited by fantastic creatures to magical adventures set in the familiar world and addresses clashes between fantasy and faith such as the religious opposition to the Harry Potter phenomenon From the money making classics to little known arthouse films this richly illustrated work covers every aspect of fantasy film
