Welcome to Earth, Doctor S. Mario Cloutier, 2019-08-12 Dear washer dryer manufacturers Among the many cautionary statements placed on your products I believe you should add an additional one to prevent unintentional consequences of otherworldly proportions As fantastic as that may sound this very letter is in fact one of many unintentional consequences of your appliances having been used to wash plush toys I am unfortunately not able to elaborate any further on the details but I plead with you to consider adding the following statement on all your manufactured goods Caution Plush

toys should not be washed using this device Sincerely yours Doctor S Have you ever washed plush toys using your washer and dryer If so did you notice strange unexplainable things happening around your house soon afterward Perhaps all the chocolate and or baked goods vanished from your household Perhaps you got home from work to find everything a mess Perhaps your alarm clock ring tone changed by itself After having washed your plush toys did you ever get the feeling they were staring back at you If any of this sounds familiar then Sam and Nathan s adventures with their plush toy Doctor S may shed light on what may be happening at your house Warning You may want to hide your diamonds and your chocolate
