Could It Be Possible? Trevor Anton,2008-11-20 COULD IT BE POSSIBLE Could it be possible that there is a way to experience the Creator the Source of the Universe Have you ever wondered just why you are here What is the purpose of life Trevor asked himself the same questions many years ago and this book is the result of gaining some answers to this age old quest for inner knowledge It takes the reader on a journey from conception to enlightenment describing the spiritual experiences of two sixteenth century Christian saints St Teresa of Avila and St John of the Cross and two twentieth century Hindu saints Yogananda and Muktananda The author then turns to the Bible examining the four gospels with particular emphasis on the deeper and hidden message of Jesus Trevor also relates his own spiritual journey and how this has shaped his life The book concludes with the possible future for mankind **Think Big And Live To Make It Possible** Litan

Chandaroo,2025-06-24 Vienna Vittori is afloat on nothingness she doesn t bother with much and lets life be until it s her best

friend's wedding Now she's halfway across the world from her home on an island with her friends Carmy and Petal as a bridesmaid As she ponders her life surrounded by nothing but water the salt air feels heavy from the unexpected emergence of an old face that sets Vienna to confront the waves of new and long forgotten memories Coming face to face with untouched emotions she stands between being happy for the lives of her friends new beginnings and the stillness of her own Between dress fittings and late night conversations on the sand Vienna begins to unravel under the pressure of having to deal with a part of her life that she concluded abruptly She weaves in and out of nostalgia and malaise while watching her life go by from the sidelines Vienna wonders if staying still counts for something even when the waves don't wait to be seen

**Burning** Greg Hrbek,2015-09-29 Twenty year old Skyler saw the incident out her window Some sort of metallic object hovering over the Golden Gate Bridge just before it collapsed and a mushroom cloud lifted above the city Like everyone she ran but she couldn't outrun the radiation with her last thoughts being of her beloved baby brother Dorian safe in her distant family home Flash forward to a post incident America where the country has been broken up into territories and Muslims have been herded onto the old Indian reservations in the west even though no one has determined who set off the explosion that destroyed San Francisco Twelve year old Dorian dreams about killing Muslims and about his sister even though Dorian's parents insist Skyler never existed Are they still shell shocked trying to put the past behind them or is something more sinister going on Meanwhile across the street Dorian's neighbor adopts a Muslim orphan from the territories It will set off a series of increasingly terrifying incidents that will lead to either tragedy or redemption for Dorian as he struggles to prove that his sister existed and was killed by a terrorist attack Not on Fire but Burning is unlike anything you've read before not exactly a thriller not exactly sci fi not exactly speculative fiction but rather a brilliant and absorbing adventure into the dark heart of an America that seems ripped from the headlines But just as powerfully it presents a captivating hero A young boy driven by love to seek the truth even if it means his deepest beliefs are wrong *Parliamentary Debates* ,1890 **The**

Hunters in the Stream Riley Fitzhugh goes through officer training and is assigned to PC 475 a new anti U boat vessel stationed in Key West The 475 is nicknamed Nameless by her crew because patrol craft vessels were only given numbers Nameless cruises the Gulf of Mexico in search of U boats goes to the rescue of a sinking oil tanker stops in Havana for meetings with the Cuban Navy and learns of a possible secret German U boat fueling station in the wilds of eastern Cuba Nameless locates the base and destroys it with the ship s gunfire and a coordinated small arms attack led by Fitzhugh and his shore party Later another U boat is reported damaged and sinking The German survivors capture a Bahamian turtle boat murder the crew and head for Cuba thinking that the fuel dump is still in operation Fitzhugh and the Nameless pursue through the tangle of mangroves and Cuban keys find the Germans and finish them off in a shootout Along the way Fitzhugh meets Ernest Hemingway and toward the end tells him about the Nameless s adventures Hemingway thinks about adapting the story for his own Fitzhugh and Hemingway s wife writer Martha Gellhorn also meet and feel some mutual stirrings and give in to them Maybe I'll Be Cleverer Tomorrow Pamela Bradley,2016-05-12 The train rolls slowly into the platform and there he is the man who for over four decades I have thought of as tough and critical a man who could impale me with a few carefully chosen words As I alight and walk towards him I wonder what the hell the next few days will bring When Pamela Bradley stepped off the train in Murwillumbah to visit her father who at seventy eight had chosen to live a solitary life Up North far from his family she had no idea she was at the beginning of an intensely emotional journey Faced with his slow decline she set out to delve into his past to find those influences that might have shaped his character and helped to define her own discovering much along the way that came as a complete surprise In Maybe Ill Be Cleverer Tomorrow Bradley shares an honest and personal memoir told with insight humour and tenderness as she seamlessly moves between past and present Throughout the story she weaves some of the vital issues about loss ageing and death that affect everyone while the vignettes of a childhood and adolescence in the 1940s 50s and 60s offer glimpses into an Australia that has long since disappeared **Gethsemane My Father, If It Is Possible, May This Cup Be Taken from Me** Ziad Felter,2012-06-25

**Biography: Freedom and Destiny** Rudolf Steiner, 2013-04-03 The path of an individual human life our biography is something of a mystery Despite the abundance of published biographies and autobiographies of celebrities and historical figures the scientific study of human biography remains in its infancy with little understanding of the inherent laws in the path of an individual's life Yet as Rudolf Steiner shows here every biography regardless of the individual's fame perceived importance or outer success is ruled by archetypal influences patterns and laws This broad ranging anthology addresses some critical and as yet unanswered questions What

effects do education and in particular contrasting education methods have on later life How do the various periods of life relate to each other Do the effects of events on the individual become evident immediately or is their true impact delayed perhaps by decades To what extent can an individual shape the stages of his or her biography How much freedom of choice do we have and how much of life is predetermined Out of the higher knowledge Rudolf Steiner acquired from his spiritual research he described the human individuality as a being with a continuing existence before birth and beyond death This eternal being experiences many varied conditions and situations the effects of which are observable in our biography This book addresses these and other issues such as freedom and destiny the effects of heredity illness and the impact of education offering answers based on a profound knowledge of the human being
