Emergence of Korean English Jieun Kiaer, Hyejeong Ahn, 2023-11-24 Emergence of Korean English explores the dynamic nature of emerging Korean English and its impact on Korean society culture and identity This book challenges the negative stereotypes and stigmatization of Konglish and argues that it has been a great asset for Korea s fast economic development The fate of Korean English has been transformed in the time of the Korean wave as the K fandom actively engages with Korean English The book offers a comprehensive overview of Korea s encounter with the English language and provides an in depth analysis of linguistic characteristics pragmatic features and cross cultural and cross linguistic aspects of Korean English The authors examine the unique linguistic features of Korean English including phonological syntactic and lexical features and highlight the

sociocultural implications of these features for Korean society In addition the book discusses the role of Hallyu fandom languages in the emergence of Korean English and the growth of Korean pop culture worldwide It also provides insights into the English fever in South Korea and its impact on education society and culture This book is a valuable resource for scholars students and professionals who are interested in the emergence of Korean English and its social cultural and linguistic implications for Korea and the global community *The Societal Codification of Korean English* Alex Baratta,2021-11-04

From K pop to kimchi Korean culture is becoming increasingly popular on the world stage This cultural internationalisation is also mirrored linguistically in the emergence and development of Korean English Often referred to as Konglish this book describes how the two terms in fact refer to different things and explains how Koreans have made the English language their own Arguing that languages are no longer codified and legitimised by dictionaries and textbooks but by everyday usage and media Alex Baratta explores how to reconceptualise the idea of codification Providing illustrative examples of how Koreans have taken commonly used English expressions and adjusted them such as doing Dutch pay wearing a Burberry and using hand phones this book explores the implications and opportunities social codification presents to EFL students and teachers In so doing *The Societal Codification of Korean English* offers wider perspectives on English change across the world seeking to dispel the myth that English only belongs to native speakers **Korean English** Glenn Hadikin,2014-07-15

The English language is changing every day and it is us the individual speakers and writers that drive those changes in small ways by choosing to use certain strings of words over others This book discusses and describes some of the choices made by speakers from South Korea by examining the similarities and differences between two Korean communities one in England and one in South Korea The book has two overall aims Firstly it is intended to begin a discussion about phraseology and Lexical Priming and how these theoretical concepts relate and play out in the context of a New English Secondly it provides a model of how a language variety can be explored by detailed analysis of short strings It delves into a range of areas from World Englishes to phraseology and formulaic language and would be suitable for students teachers and researchers in all these areas *1000*

Korean-English Bilingualism in Early Childhood Sunny K. Park-Johnson,2024-03-12 This book gives an overview of the linguistic development of Korean English bilingual children living in the US It provides a detailed longitudinal account of English and Korean acquisition in early childhood offering a close examination of Korean American children s code switching and morphology and syntax development during a time when their language dominance is shifting rapidly The book sheds light on the broad and creative linguistic capabilities of bilingual children expands our understanding of heritage language acquisition and furthers bilingualism research on typologically distinct language pairings Researchers investigating heritage language development in early childhood will find the extensive longitudinal data a rich source of comparison and the book will be a useful resource for scholars and graduate students interested in sequential bilingualism second language acquisition and heritage speakers Attitudes to World Englishes Hyejeong Ahn,2017-03-27 This book critically examines South Korean English teachers awareness of and attitude towards eight varieties of English and how they respond to the proposal of a World Englishes approach in their teaching practice It showcases the deeply rooted favouritism towards American English and illustrates how relevant challenges arising from this attitude can be addressed to meet the changing needs of future participants in international contexts This book argues that disclosing and questioning the hidden discursive practices embedded in the English education policy in South Korea may be the first step in raising awareness of and in changing negative attitudes towards embracing diversified Englishes The findings are systemically discussed in relation to the implications that researching awareness and attitude has for pedagogical considerations and for teacher training This book aims to contribute to the field of WE where studies relating to the South Korean context are largely limited

Handbook for Asian Studies Specialists Noriko Asato,2013-10-08 An indispensable tool for librarians who do reference or collection management this work is a pioneering offering of expertly selected print and electronic reference tools for East Asian Studies Chinese Japanese and Korean *Handbook for Asian Studies Specialists A Guide to Research Materials and Collection Building Tools* is the first work to cover reference works for the main Asian area languages of China Japan and Korea Several leading Asian Studies librarians have contributed their many decades of experience to create a resource that gathers major reference titles both print and online that would be useful to today s Asian Studies librarian Organized by

language group it offers useful information on the many subscription based and open source electronic tools relevant to Asian Studies This book will serve as an essential resource for reference collections at academic libraries Previously published bibliographies on materials deal with China or Japan or Korea but none have coalesced information on all three countries into one work or are written in English And unlike the other resources available this work provides the insight needed for librarians to make informed collection management decisions and reference selections
