The Cicero Spy Affair Richard Wires,1999-09-30 The episode of the opportunistic valet of Britain s ambassador to neutral Turkey during World War II dubbed Cicero for the eloquence of the top secret material he appropriated from his employer Sir Hughe Knatchbull

Hugessen and sold to the Nazis is a staple of intelligence lore Yet this remarkable and sometimes comical story has often been recounted with little regard for the facts most prominently in the popular film Five Fingers Now historian and former intelligence officer Richard Wires presents the first full and objective account of the Cicero spy episode offering closure to past discrepancies and credible solutions to remaining mysteries Copiously documented The Cicero Spy Affair provides readers with the true chronology of events and places them in an international context It is a story set in the hotbed of intrigue that was wartime Turkey replete with a dramatic car chase a series of colorful mistresses ever loyal to their lover the spy and an old school British ambassador whose documents are photographed at night as he plays the piano in the drawing room and or slips into a sleeping pill induced slumber Despite the affair s amusing aspects it is also a sobering tale in which there are no winners and from which there are serious lessons to be learned Germany never made use of the highly sensitive British documents it obtained during this crucial four month period of the war because the handling of the information was caught up in a bitter and wasteful personal rivalry between Ribbentrop and Schellenberg It was sheer luck for the British that their war effort did not sustain any significant damage For while the book states definitively that security regarding the Allied invasion of Normandy was not breached in the Cicero affair Germany did gain a potential advantage concerning campaigns in the Aegean and the Balkans This embarrassed the British greatly especially since Cicero walked away a free man However the greedy valet the most highly paid spy in history at that time did not achieve his goals either he discovered some years later that the British banknotes he insisted on as payment were counterfeited by the Germans as part of a larger counterfeiting project Cicero died a desperate man deeply in debt a fitting anticlimax for an espionage episode resulting in neither bodily injury nor strategic impact but in humiliation on all sides Swastika over the Acropolis Craig

Stockings,Eleanor Hancock,2013-07-04 Swastika over the Acropolis is a new multi national account which provides a new and compelling interpretation of the Greek campaign of 1941 and its place in the history of World War II It overturns many previously accepted English language assumptions about the fighting in Greece in April 1941 including for example the impact usually ascribed to the Luftwaffe German armour and the conduct of the Greek Army Further Swastika over the Acropolis demonstrates that this last complete strategic victory by Nazi Germany in World War II is set against a British Dominion campaign mounted as a withdrawal not an attempt to save Greece from invasion and occupation At the same time on the German side the campaign revealed serious and systemic weaknesses in the planning and the conduct of large scale operations that would play a significant role in the regime s later defeats **Krieg Auf Dem Balkan 1940 - 1945** ,2012

Serbia under the Swastika Alexander Prusin,2017-06-06 The 1941 Axis invasion of Yugoslavia initially left the German occupiers with a pacified Serbian heartland willing to cooperate in return for relatively mild treatment Soon however the outbreak of resistance shattered Serbia s seeming tranquility turning the country into a battlefield and an area of bitter civil war Deftly merging political and social history Serbia under the Swastika looks at the interactions between Germany s

occupation policies the various forces of resistance and collaboration and the civilian population Alexander Prusin reveals a German occupying force at war with itself Pragmatists intent on maintaining a sedate Serbia increasingly gave way to Nazified agencies obsessed with implementing the expansionist racial vision of the Third Reich As Prusin shows the increasing reliance on terror catalyzed conflict between the nationalist Chetniks communist Partisans and the collaborationist government Prusin unwraps the winding system of expediency that at times led the factions to support one another against the Germans even as they fought a ferocious internecine civil war to determine the future of Yugoslavia Comprehensive and judicious Serbia under the Swastika is a rare English language foray into the still fraught history of Serbia in World War II

Violinist in Auschwitz Jacques Stroumsa, 2019-08-26 Jacques Stroumsa Preface to the English edition Professor Dr Erhard Roy Wiehn from the University of Konstanz and editor of an important collection of books about the Shoah has asked me to write a preface for the English edition of my book Violinist in Auschwitz The experience acquired in Germany during my lectures at Gymnasia high schools in Berlin and neighboring Potsdam in 1993 and 1994 gave me a number of important insights which I would like to share with the English speaking public The Nazi concentration camps were intended to completely destroy the human personality and to reduce it to a number tattooed on the skin like animals in a slaughterhouse The questions that people asked were for example having survived physically after being in Auschwitz and Mauthausen for two years having survived the terrible Death March in January 1945 how did you find the strength to be a human being again how did you adjust to living in a normal society again Above all where did you find the strength to come back to Germany the land where crime was so scientifically organized and day after day tell young Germans the details of your sufferings How could you tell them that the younger generation is not guilty that they and their parents who are now the same age as my children were not even born at the time when these events occurred The answers to these anguished questions were given to me by the children themselves they were deeply moved by my lectures One day in December 1994 I received an invitation from Micaela von Marcard head dramaturge of the Berlin State Opera to attend the Memorial Concert to be given in Berlin on January 28 1995 on the fiftieth anniversary of the liberation of Auschwitz Also Mrs von Marcard asked me to write some Memories of Auschwitz for Vivace the bulletin of the State Opera I used the occasion of my visit to Berlin to present several lectures at various Gymnasia in the vicinity and most important to once again meet a few of the girls who had written to me after my original lectures I am very grateful to Mr and Mrs Leonhard D nwald for organizing this reunion in their villa in Berlin I am also very grateful to four girls Juliana Tina Katrin and Kristin for coming so far to our meeting and for their most thoughtful contributions to the discussions of these very anguished questions My sincere appreciation to James S Brice an American student at the University of Konstanz for translation
