Kurdistan Region Under Siege:

Kurdistan Kari Bodnarchuk,2000 Presents background information on the Kurds and examines the history of their ethnic conflict with other peoples in the mountainous regions of southeastern Asia *Nationalism and Islamism in the Kurdistan Region of Iraq* Mohammad Salih Mustafa,2020-11-29 Exploring a new political phenomenon in the Middle East this book studies the reconciliation of nationalism and Islamism by Islamic political parties in the context of nation states Islamism in Kurdistan has become significantly framed by the politics of nationalism Although the concept of religious nationalism has been discussed substantially before this work highlights a new brand of religious nationalism that has emerged as a result of intertwining nationalism and Islamism The focus of this study is on the development of religious nationalism in the continuously tumultuous region of the Middle East The volume investigates whether Islamism in Kurdistan is limited by the politics of nationalism which is an accentuated example for the whole Middle East region By looking at the Kurdistan Islamic Union KIU the research studies Islamism in the Kurdistan Region to elaborate on this new type of politics This is essentially due to the absence of a politically recognised nation state which renders Kurds to be particularly susceptible to various manifestations of nationalism Offering an account on the spread of the Muslim Brotherhood in the Kurdistan Region this original research on Kurdish nationalism will be a key text for students and researchers interested in nationalism Islamism and Middle East politics **HC 564 - UK Government Policy on the Kurdistan Region of Iraq**

Great Britain. Parliament. House of Commons. Foreign Affairs Committee,2015 The Kurdistan Region of Iraq is a genuine if developing democracy It is also a haven of tolerance and stability in a critically unstable region where those values are needed more than ever It has huge strategic value to the UK as a bridge to other regional powers is a key bulwark against ISIL and has significant oil and gas potential But it is also vulnerable and needs the support of its friends It should respond positively to the invitation from the Kurdistan Regional Government KRG to be its partner of choice on trade education and cultural exchange as well as on defence and intelligence matters The Kurdistan Region has work to do on developing its democratic culture and its respect for human rights and UK support should go hand in hand with proof of progress in these areas The Committee commends the Region s defence force the Peshmerga for its defence of Kurdish territory against ISIL and its protection of vulnerable minorities It supports the UK Government s decision to offer the Peshmerga equipment and training Advice is also needed from the Kurdistan Region s experts on issues like counter terrorism and on the situation on the ground in Iraq and Syria More diplomats need to be working out of a proper office in Erbil instead of hotel rooms And this is not easily achieved as the FCO has suffered from cuts to its meagre budget at a time when more expertise and high level co operation is desperately needed **Kurds Under Threat** Deniz Gumustekin,2021-08-30 Previous researches examine how transnational ethnic ties impact the relationship between host states and diaspora and why states and ethnic minorities in the diaspora may occasionally support violent rebel organizations in the homeland However these previous

studies do not really consider the relationships among co ethnic organizations without a homeland government This book tackles the following important questions How and when do co ethnic Kurdish organizations provide open support for each other during conflict peace cycle events Moreover do external threats impact the relationship among co ethnic organizations The aim of this research is to identify the causal factors that influence the transnational networks between Kurdish organizations Research findings reveal that political rationality and external threats seem to be stronger predictors of political behavior than ethnic ties in the Kurdish case This study helps scholars and policy makers to evaluate the impact of transnational networks between co ethnic Kurdish organizations in cases of civil war which may play a crucial role in the escalation and de escalation of international conflicts In addition this research helps to understand the role of co ethnic organizations in building sustainable peace in areas of conflict

The Search for Weapons of Mass Destruction in Iraq Barbara Moe,2004-12-15 Discusses the first Gulf War the weapons inspections and the invasion of Iraq in March 2003 all in an effort to protect the region and the world from weapons of mass destruction

Targeting Terror Samuel M. Katz,2005-01-01 Looks at counterterrorist operations that are designed to target individuals and prevent planned terrorist attacks

The Kurdish Question Revisited Gareth Stansfield,Mohammed Shareef,2017-08-15 The Kurds once marginal in the study of the Middle East and secondary in its international relations have moved to centre stage in recent years The contributors to *The Kurdish Question Revisited* offer insights into how this once seemingly intractable immutable phenomenon is being transformed amid the new political realities of the Middle East

Turkey's New Foreign Policy Aaron Stein,2015-07-16 Turkey s Justice and Development Party AKP after coming to power in 2002 sought to play a larger diplomatic role in the Middle East The AKP adopted a proactive foreign policy to create strategic depth by expanding Turkey s zone of influence in the region drawing on the opportunities of geography economic power and imperial history to reconnect the country with its historical hinterland Yet despite early promise this policy came undone after the Arab upheavals of 2011 and has seen Turkey increasingly at odds with its neighbours and the West Turkey s New Foreign Policy outlines the key tenets of the AKP s policy of strategic depth in the Middle East and how this marks a departure from traditional Turkish foreign policy Particular

attention is focused on the Turkish reaction to the political changes that swept through the Arab world including the Syrian civil war and presented Turkey with its most significant foreign policy challenge to date Based on extensive primary research of Turkish language sources this monograph argues that political changes in the Middle East have precipitated a serious decline in Turkish regional influence reversing earlier gains in influence after the AKP came to power However despite these foreign policy defeats the AKP has shown little indication that it is willing to scale back its ambitions insisting that it stands on the right side of history drawing a clear distinction between Turkey and the West

Middle East Conflicts from Ancient Egypt to the 21st Century Spencer C. Tucker, 2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars

Nation Building in Kurdistan Mohammed Ihsan, 2016-06-17 The Kurdish people and the Kurdish Regional Government faced huge challenges rebuilding their nation and identity after the atrocities and human rights abuses committed by Saddam Hussein and his regime In 2005 a new Iraqi constitution recognized as genocide the persecution of Faylee Kurds the disappearance of 8 000 males belonging to the Barzanis and the chemical attacks of Anfal and Halabja paving the way to the investigations and claim by Kurdish people This book provides in depth analysis of the tensions caused by the Kurdish experience the claim for the independence of a united Kurdistan and the wider tendency towards political and social fragmentation in Iraqi society

Home and Sense of Belonging among Iraqi Kurds in the UK Ali Zalme, 2020-11-18 In *Home and Sense of Belonging among Iraqi Kurds in the UK* Ali Zalme explores how Iraqi Kurdish generations in the UK conceptualise home and belonging Zalme challenges the essentialist and nationalist approach that often dominates discussions of diasporic community research instead promoting perspectives from individuals experiences and their social practices *Home and Sense of Belonging* investigates the Iraqi Kurdish community using a bottom up approach analyzing the new generation of Kurdish immigrants in the UK as a new culture with complex practices and

rituals of their own Throughout the book Ali Zalmé focuses on lived experiences from Iraqi Kurdish diasporic communities in the United Kingdom and acknowledges the diversity of both gender and generational distinctions Using an autoethnographic approach and interviews with Iraqi Kurdish immigrants in the UK Zalmé questions the homogeneity of Kurdishness and examines its particularities in diaspora Nation and Class in the History of the Kurdish Movement Nicola Degli Esposti, 2022-10-11 This book covers over a century of history from the emergence of Kurdish nationalism in the interwar period to the 2010s when for the first time in modern history Kurdish forces controlled two autonomous political entities in Iraq and Syria as well as over a hundred municipalities in south eastern Turkey In these years of momentous advance for Kurdish forces across the region Kurdish politics remains deeply divided into competing movements pursuing irreconcilable projects for the future of the nation The author investigates the origins of the present divide in the history of Kurdish nationalism The book turns the historical sociology to study nationalism as embedded in social conflicts through a comparative analysis of the history of the Kurdish movement in Iraq and Turkey by reassessing the literature on Kurdish politics and filling its gaps with numerous interviews with witnesses and scholars *The Kurds and the Politics of Turkey* Deniz Çifçi, 2019-08-08 The Kurds constitute the largest stateless nation in the world Their position in Turkey attracts attention both within the country and internationally particularly focusing on the demand for Kurdish independence Yet since the 1990s new Kurdish parties have formed within Turkey who have a variety of ideologies and demands that go beyond and differ in opinion on the question of independence Much of the present literature on the topic looks at the Kurds of Turkey as a homogenous group with unified political demands which over simplifies their position within the political backdrop of Turkey This book seeks to provide nuance and depth to the current debate on Kurdish political agency and presence in Turkey Presently the Kurds political demands can be classified into four categories democratic autonomy their cultural rights to be granted federalism territorial autonomies and independence creation of a Kurdish nation state In a broad sense these models can also be ordered into two categories territorial political models federalism and independence and non territorial political models democratic autonomy and cultural rights Considering the diversity within the Kurdish community intertwinement of tribal ethnic and national identity and differences in their language religion and ideology there are several contributing factors for the emergence of the current varied political demands of Kurds By explaining variation among the Kurds political demands through close analysis of existing and emerging parties this study challenges a deterministic approach to the Kurds which currently dominates the discourse *Reconstructing Post-Saddam Iraq* Sultan Barakat, 2007-08-16 Previously published as a special issue of Third World Quarterly this volume seeks to analyze to what extent the controversial US policy of democratizing the Middle East with pre-emptive invasions was justified or effective Post 9/11 the US developed a policy of War on Terror taking the decision to democratize the Middle East with pre-emptive invasions in both Afghanistan and Iraq As Barakat puts it Iraq was deliberately deconstructed in order to be reconstructed in a new model Looking not

only at the evidence of democracy post invasion the author also considers the global regional and internal politics leading up to the decision to invade The effect is an insightful and vital volume that fulfils an urgent need and seeks to answer the questions most troubling the international community since the invasion of Iraq Were the invasion of Iraq and Afghanistan an exploitation of military supremacy to secure a favourable balance of power for the US Is it possible to build a stable democracy after a pre emptive invasion What is the current outlook for a stable democracy in Iraq Reconstructing Post Saddam Iraq is vital reading for all those interested in international politics and the future in Iraq Syria Samer N. Abboud,2015-11-12 Syria was once one of the Middle East's most stable states Today it is a country on its knees Almost 200 000 people are estimated to have died in its bloody internal conflict and as the violence intensifies Syria's future looks bleak In this timely book Samer Abboud provides an in depth analysis of Syria's descent into civil war He unravels the complex and multi layered causes of the current political and military stalemate from rebel fragmentation to the differing roles of international actors and the rise of competing centers of power throughout the country Rebel in fighting and the lack of a centralizing authority he contends have exacerbated Syria's fragmentation and fragility This in turn has aided the survival of the Assad regime contributed to the upsurge of sectarianism and led to a major humanitarian crisis as nine million Syrians have been forced to flee their homes A resolution to the Syrian conflict seems unlikely in the short term as the major actors remains committed to a military solution As this situation persists the continued fighting is reshaping Syria's borders and will have repercussions on the wider Middle East for decades to come

Mapping the Fault Lines in Turkey-US Relations Kilic Bugra Kanat,2024-04-18 For the last seventy years experts have tried to define the nature of Turkey's partnership with the US While Turkish US relations have always been susceptible to different crises they enjoyed a brief golden era in the 1950s This book argues that a false nostalgia about that period when the strategic interests of two countries fully converged has distorted analyses by scholars and policymakers ever since To provide a more accurate assessment this book look at the patterns of crises between the two countries throughout history and how these relate to the current points of tension in Turkish American relations today It coins a new conceptual framework to understand the Turkey US partnership the vulnerable partnership The book outlines the key causes of this vulnerability showing that for the last 70 years there have been recurring frictions and faultlines that have been repeated across different political periods These especially involve the US congress public opinion Russia and crises in the Middle East Based on journalistic archival and scholarly sources the topic of the book is at the intersection foreign policy studies Middle East politics the history of Turkish American relations and foreign policy making

From Jihad to Politics Jerome Drevon,2024-08-27 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations The Syrian regime unleashed unprecedented violence to suppress large scale non violent protests amid the Arab uprisings Hundreds of armed groups formed throughout the country

to defend the protesters and fight back. However, in contrast to other conflicts previously dominated by al Qaeda and Islamic State, the two largest Syrian Jihadi groups, Ahrar al Sham and then Jabhat al Nusra, rejected global jihad and began to cultivate new ties with the population, other armed opposition groups, and even foreign states. This strategic shift is a response to the Jihadi paradox: a realization that while Jihadis excel at leading insurgencies, they fail to achieve political victories. In *From Jihad to Politics*, Jerome Drevon offers an examination of the Syrian armed opposition, tracing the emergence of Jihadi groups in the conflict, their dominance, and their political transformation. Drawing upon field research and interviews with Syrian insurgents in northwestern Syria and Turkey, Drevon demonstrates how the context of a local conflict can shape armed groups' behavior in unexpected ways. Further, he marshals unique evidence from the Arab world's most intense conflict to explain why the trajectory of the transnational Jihadi movement has altered course in recent years.
