Venezuela's Movimiento Al Socialismo Steve Ellner, 1988 Teodoro Petkoff and the other members of the Movimiento al Socialismo MAS in Venezuela had aroused the ire of the orthodox communist leaders by claiming to be both authentic communists and true nationalists not bound by the dictates of either the Moscow or Maoist Beijing wings of the party To infuriate the traditionalists even further Petkoff and his associates succeeded in being more than isolated critics as MAS quickly eclipsed the traditional Venezuelan Communist Party and became that country s leading leftist group The author places MAS in its international national and historical contexts in order to determine the extent to which it is a unique communist party as it claims to be He traces the theory of national democratic revolution which MAS rejects back to Lenin and discusses the Latin American left s reevaluation of that thesis Ellner examines the guerrilla movement in Venezuela the student movement of the late 1960s and the emergence of the New Left in other countries especially noting their influence on the formation of MAS He also discusses the group s role in Venezuelan elections and it s relations with the other parties

Cuando el futuro parecía mejor Enrique Palazuelos, 2018-05-29 Nacidos para impulsar la emancipaci n de los trabajadores los partidos socialistas y comunistas enarbolaron los anhelos latentes en las sociedades europeas a favor de

convertir los bienes económicos en propiedad colectiva colocar el poder político en manos de los trabajadores y llevar a cabo la transformación del capitalismo Después a medida que comenzaron a ganar influencia social y a desarrollar fuerza política adoptaron posiciones reformistas y desempeñaron un papel decisivo en la consolidación de los derechos laborales sociales y democráticos Al final del trayecto cuando el capitalismo imperante desde las décadas finales del siglo XX atacó el contrato social alcanzado los partidos obreros carentes de discurso estratégico y de capacidad política para defender los intereses de los trabajadores han acabado por precipitarse en la inanidad Enrique Palazuelos sopesa magistralmente en Cuando el futuro pareciera mejor los factores tanto endógenos como exógenos que explican este ciclo vital Entre los primeros se analizan tanto las características de los proyectos de emancipación y de los discursos estratégicos como el desarrollo de las funciones políticas y la patológica tendencia al enfrentamiento entre fracciones Entre los factores exógenos se destacan los cambios de la estructura social la actuación inhibitoria de los poderes dominantes y la influencia de varios episodios contingentes de crucial importancia

El partido comunista en Chile Augusto Varas, Alfredo Riquelme, Marcelo Casals, Diversas miradas sobre el Partido Comunista de Chile permiten al lector formarse una visión plural y actualizada de uno de los principales actores políticos del siglo XX en el país A dos décadas del derrumbe del comunismo en la Unión Soviética y Europa del Este y a pesar de su exclusión sistemática del Congreso Nacional por un sistema electoral diseñado para tal efecto el PC sigue concitando la atención pública por su resiliencia y el papel jugado en el desenlace de las elecciones presidenciales de comienzos del siglo XXI La suscripción en 2009 del pacto electoral parlamentario entre la Concertación de Partidos por la Democracia y el Juntos Podemos abrió la posibilidad de terminar con la marginación parlamentaria de los comunistas y de ampliar la cooperación entre estos y la coalición gobernante La persistencia del comunismo chileno en la política nacional después de las profundas convulsiones internacionales la cuenta represión en

su contra y los radicales cambios en su línea política es lo que otorga actualidad a este volumen el que mediante el estudio multidimensional de su trayectoria por casi un siglo contribuye a comprender mejor su historia y su presente Un siglo de comunismo en España II, 2022-05-09 El 14 de noviembre de 1921 nació el Partido Comunista de España fruto de la fusión del Partido Comunista Español conocido como el de los cien niños y del Partido Comunista Obrero Español A lo largo del siglo de existencia que ahora cumple el comunismo español ha vivido etapas y situaciones muy diversas casi nunca fáciles Prácticamente la mitad de ese periodo se corresponde con años de represión y clandestinidad El nuevo partido sobrevivió a duras penas a una primera década de persecuciones aislamiento y estéril voluntarismo Maduró bajo la República prácticamente se refundió como gran partido nacional aferrado a las banderas del Frente Popular y llegó a ser la columna vertebral de la resistencia antifascista durante la guerra Derrochó un heroísmo sin horizontes políticos claros durante el episodio guerrillero y se convirtió en el partido del antifranquismo en la tenaz y dilatada lucha por el restablecimiento de la democracia Vivió entre la esperanza el desencanto y el desgarró interno la transición postfranquista Hubo de adaptarse a la crisis y desaparición del socialismo real en la Europa del Este y a los efectos corrosivos de la larga noche neoliberal manteniendo sus siglas e identidad pero implicándose a la vez en proyectos políticos más amplios y renovando partes sustanciales de su vieja cultura política Cometimos errores pero los cometimos luchando decía Marcos Ana de los comunistas un siglo de historia y de lucha que merece ser narrado y analizado *Mexico* Daniel Levy, 2019-03-06 In the four years since the first edition was published Mexico's political system exceptional among Latin American nations has been severely tested The administration has been struggling to cope with the effects of a depressed market for oil the demands of an increasingly vocal opposition and the foreign policy challenges posed by violence in Central America In this timely second edition of a work that has received favorable attention in the United States and in Mexico the authors extend their analysis of Mexico's current and future prospects to cover the dramatic developments of the past few years Throughout the authors have updated their discussion to assess the social and political impact of the latest elections the recent earthquakes and the continuing cycle of economic crisis recovery and renewed crisis They also pay special attention to Mexico's initiatives for peace in Central America and to recent shifts in Mexican U S relations Appropriate for courses in Mexican studies Latin American politics and Third World development this text also will be of value to anyone interested in Mexico's political and economic affairs **América Latina y tiempo presente. Historia y documentos** Pedro Martínez Lillo, 2016 El presente libro tiene como objetivo revisar los últimos setenta años de historia latinoamericana tomando como punto de inicio el marco internacional de la Guerra Fría En ese ámbito tiene la pretensión de ofrecer al lector una síntesis coherente de los principales procesos políticos económicos y sociales así como los que hacen referencia a la inserción de América Latina en el sistema internacional desde la post Segunda Guerra Mundial hasta la actual globalización También se analizan aspectos menos conocidos pero no por ello menos relevantes como los conflictos interregionales las iniciativas de integración económica e incluso la formación de foros de

cooperación continentales Desde el ámbito geopolítico el libro distingue con claridad el área centroamericana y caribeña de la región sudamericana las cuales si bien atraviesan varios procesos comunes tienen diferencias sustantivas desde el punto de vista estratégico respecto a los Estados Unidos por ejemplo En el cumplimiento de tales objetivos se presenta un corpus compuesto por cien documentos fundamentales para el estudio de la historia latinoamericana el primero de ellos correspondiente al año 1945 mientras que el último a 2014 Se pretende en cierta medida dejar que las fuentes hablen por sí solas lo cual también es una forma de recuperar la memoria de los principales actores de la historia de América Latina reciente En ese sentido este libro tiene la pretensión de responder a una demanda ciudadana de estudios del presente que sin prescindir del aspecto meramente académico cada día más acerca la historia a los ciudadanos comunes y corrientes **REOP**

European Integration and the Communist Dilemma Giorgos Charalambous, 2016-07-22 European Integration and the Communist Dilemma assesses the response of communist parties to European integration using three contrasting and comparatively significant case studies from Greece Cyprus and Italy These parties in common with other radical parties in Europe face a continuing strategic dilemma with regard to Europe through which larger questions about communist ideology and identity can be illuminated Exploring the tendency of communist parties to face a trade off between domestic legitimacy and electoral concerns and their nature as parties professing opposition to the systemic currents of capitalism and European integration the author provides a fascinating study of the nuances in deciding whether to adopt ideological consistency or undergo moderation Blending advances in party politics communist history and Europeanization research the book devises a framework that overcomes the deficiencies of uni dimensional approaches to the study of parties and Europe In this manner wider insights on the national party politics of European integration are drawn
