After Accountability Pinko Collective, 2025-01-28 An oral history and critical genealogy of accountability the complex abolitionist concept that pushes us to ask just what do we mean by community A concept just short of a program accountability has been taken up as a core principle within leftist organizing and activity over the past quarter century While it invokes a particular vocabulary and set of procedures it has also come to describe a more expansive if often vague approach to addressing harm

within movement work The term's sudden widespread adoption as abolitionist concepts began to circulate broadly in recent years cast light on certain shifts in its meaning renewing the urgency of understanding its relation to militant leftist history and practice After Accountability gathers interviews conducted by members of the Pinko collective with nine transformative justice practitioners socialist labor organizers incarcerated abolitionists and activists on the left and also includes framing essays by the Pinko collective in which its members situate and reflect on those illuminating conversations An investigation into the theoretical foundations and current practice of accountability this volume explores the term's potential and limits discovering in it traces of the past half century's struggles over the absence of community and the form revolutionary activity should take Contributors Kim Diehl Michelle Foy Peter Hardie Emi Kane and Hyejin Shim Esteban Kelly Pilar Maschi and Stevie Wilson and Pinko collective members Lou Cornum Max Fox M E O'Brien and Addison Vawters

Los Encuentros Julian Martinez Yordan, 2012-06 El contenido de este libro es extremadamente complicado pero f cil de entender Los temas est n divididos en quince encuentros conversacionales entre un profesor universitario retirado y un joven estudiante Ambos desarrollan una amistad extraordinaria y los temas tratados revelan que hay un misterio espiritual en un lugar no circunscrito y no antes explorado en nuestra vida Debemos entender que como resultado de nuestras experiencias adquiridas todos tenemos una forma de pensar de actuar y ver la vida Por esta raz n es posible que alguno de los temas tratados entre en conflicto con la manera de pensar que hasta ahora hayas tenido Pero al analizarlos y entenderlos estos se incorporan a nuestro conocimiento creando cambios de ideas y los conflictos intelectuales se desvanecen Entonces despertamos a un nuevo amanecer Seremos felices prospero tendremos abundancia buenas amistades salud y energ a para controlar el dolor suprimir enfermedades y todo aquello en la mayor a de las veces te maltrata y te abusa La decisi n de explorar esa nueva realidad constituye el primer paso hacia la iluminaci n Aumentaras tu conocimiento y cambiaras tu manera de pensar y ver la vida Porque cuando la mente conoce al cuerpo no le queda otra cosa que cambiar El camino resultara muy agradable y comprender s que lo importante no es llegar si no que vas de camino

Carceral Citizens Caroline M. Parker, 2025-02-10 A nuanced take on how carceral expansions are changing labor and social life In *Carceral Citizens* anthropologist Caroline M Parker offers an ethnographic portrait of therapeutic communities in Puerto Rico the oldest colony in the Americas As nonprofits nested within the carceral state therapeutic communities serve as reeducation and recovery centers for the mostly male drug offenders who serve out their sentences engaged in manual labor and prayer The most surprising aspect of these centers however is that their graduates often remain long after the completion of their term working as self appointed peer counselors in a mixture of volunteer and low wage positions Parker seeks to explain this dynamic by showing how in these therapeutic communities

criminalized men find new and meaningful ways of living in the shadow of the prison Through their participation in the day to day functioning of the centers they discover and cultivate alternative forms of belonging livelihood and citizenship despite living within the restrictions of the carceral state Situating her study against the backdrop of Puerto Rico s colonial history and with findings that extend across Latin America Parker challenges common assumptions about confinement labor and rehabilitation By delving into lives shaped by the convergence of imperialism the carceral state and self help she offers a fresh understanding of the transformations of labor and social life brought about by mass incarceration
