caracteriza la poesía de Miguel Hernández y que resulta en un originalísimo mestizaje retórico que entrelaza tradición y vanguardia. El desencaje entre retóricas diversas que tantas veces se da en un mismo poema resulta en una tensión fecunda para la sorpresa, elemento indispensable de la poesía como en su día lo se al Edgar Allan Poe y más tarde lo explicara Claudio Guillén. Sorpresas que subvierten cada etapa: la pastoril es culta, la culta es oral, la amorosa violenta, la bíblica se torna antibíblica, la petrarquista despierta, la sexualidad más encendida, la clásica alberga a la vanguardia. Es precisamente esta dimensión de la obra hernandiana tan oscilante dentro de su coherencia como irreductible al tópico lo que la engrandece convirtiendo a Miguel Hernández en un poeta plural. El libro asedia cada etapa de su obra a través de poemas emblemáticos a partir de un comentario textual minucioso que rinde culto a lo que Roland Barthes llamaba deliciosamente *le plaisir du texte*. Que no es ni puede ser otra cosa que la belleza. **Memoria y resistencia** Georges Tyras, 2007 *The Oxford Handbook of Jorge Luis Borges* Oxford Handbooks, 2024. The Oxford Handbook of Jorge Luis Borges contextualizes the Argentine writer Jorge Luis Borges's work for a new generation of twenty-first century readers and critics. Most known for his creative fictions that tackle literary questions of authorship as well as more philosophical notions such as multiverse theory, Borges has captivated scholars from a variety of disciplines since his emergence on the international scene. This volume shifts the emphasis to Borges's working life, his writing processes, his collaborations and networks, and the political and cultural background of his production. It also evaluates his impact on a variety of other fields ranging from political science and philosophy to media studies and mathematics. *El retrato de Dorian Gray* Oscar Wilde, 1998-11-05. Cuando en 1890 *EL Lippincott's Magazine* inició la publicación de la presente novela se desató sobre ella y sobre la cabeza del artista una de las más encendidas polémicas entabladas por la crítica inglesa de fin de siglo. Respondiendo a las acusaciones Wilde escribió orgullosamente: Cuando el público dice que una obra es ininteligible quiere decir que el artista ha dicho o hecho una cosa bella que es nueva; cuando dice que una obra es inmoral quiere decir que el artista ha dicho o hecho una cosa bella que es verdadera. Nueva, bella y verdadera son los tres adjetivos que a día de hoy y con plena actualidad siguen definiendo esta obra de arte. *Latin American Classical Composers* Martha Furman Schleifer, Gary Galván, 2016-01-28. Now in its third edition, *Latin American Classical Composers: A Biographical Dictionary* provides a singular English language resource for biographical information on hundreds of composers from Central and South America and the Hispanic Caribbean. Painstakingly gathered from a wide variety of sources, the information updates and expands previous editions and fills in the gaps left by the other major English language music dictionaries and encyclopedias. Entries provide biographical data comprising full names, birth and death dates, and locations, background, education, and training, as well as selective works lists. More than 2,300 composers. An index of composers by country and women composers of Latin America complement the volume. An essential part of any music library. *Latin American Classical Composers* is an invaluable reference for librarians, musicologists, ethnomusicologists, researchers, and music students.
