La Bible Ha Ros Et La Gendes De Lancien Testament:

Biblical Prophets in the Qur'an and Muslim Literature Roberto Tottoli, 2013-01-11 Part 1 is a comprehensive study of the Qur'anic data about each prophet with a full portrait of every figure and dealing also with all the major scholarly literature on the subject and with the Qur'anic concept of prophetology Part 2 is a history and study of the general Muslim literature dealing with the prophets *General Catalogue of Printed Books to 1955* British Museum. Department of Printed Books, 1967 **The British Library General Catalogue of Printed Books to 1975** British Library, 1979 **Heroines, Heroes and Deity** Dolores G. Kamrada, 2016-08-11 Kamrada's study analyses three narratives concerning the greatest heroic figures of the biblical tradition Jephthah's daughter Samson and Saul and includes a consideration of texts about King David All three characters are portrayed as the greatest and most typical and exemplary heroes of the heroic era All three heroes have an exceptionally close relationship with the deity all die a traditionally heroic tragic death Kamrada argues that within the Book of Judges and the biblical heroic tradition Jephthah's daughter and Samson represent the pinnacle of female and male heroism respectively and that they achieve super human status by offering their lives to the deity thus entering the sphere of holiness Saul's trajectory by contrast exemplifies downfall of a great hero in his final irreversible separation from God and it also signals the decline of the heroic era David however is shown as an astute hero who founds a lasting dynasty thus conclusively bringing the heroic era in the Deuteronomistic history to a close *General Catalogue of Printed Books* British Museum. Jones, 2009 Efforts at interpreting Joban poetry have often been divided between philological and literary critics This study brings these two critical modes together to offer an account of how Job 28 achieves meaning The heart of the study consists of two major sections The first is a reading of the poem with special attention to the conceptual background of its metaphors Rather than a poetic account of mining technology Job 28 is properly understood against the heroic deeds of ancient Mesopotamian kings described in Sumerian and Akkadian royal narratives especially the Gilgamesh epic The second major section is a thorough philological and textual commentary in which comparative philological and text critical methods are complemented by an aesthetic rationale for restoring the text of the poem as a work of art The study reveals a multileveled and image driven masterpiece whose complexity impacts how one reads Job 28 as poetry and theology **The Guide to Catholic Literature** Walter Romig, 1968 **L'Antiquité au cinéma** Hervé Dumont, 2009 Le corpus recense par ordre chronologique de tournage et par matière plus de 2 000 films dont l'action se situe entre la préhistoire et la fin de l'Empire romain Il présente pour chacun une brève synthèse les motivations des auteurs l'historique de production les lieux de tournage une analyse cinématographique sociologique politique et historique et la réception *Wounded in Spirit* David Bannon, 2018-10-30 This book summons an almost visceral response in its brilliant counterpoint
