Williams,2003-06 The only existing biography in English of this fascinating 19th century figure Choice says An often enjoyable wvll documented readable biographical book on L vi and his influenxe A significant book      **Faces of the Infinite** Stefan Sperl,Yorgos Dedes,2022-01-06 Neoplatonism forms part of the common heritage of the Christian Jewish and Muslim cultures of the greater Mediterranean and left its mark on the region s poets The verses composed from Late Antiquity to the modern period in the seven languages which were representative of the region confirm the cross cultural relevance of Neoplatonic thought      **Kabbalah and Modernity** ,2010-09-15 The persistence of kabbalistic groups in the twentieth century has largely been ignored or underestimated by scholars of religion Only recently have scholars began to turn their attention to the many facetted roles that kabbalistic doctrines and schools have played in nineteenth and twentieth century culture Often and necessarily this new interest and openness went along with a contextualization and re valuation of earlier scholarly approaches to kabbalah This volume brings together leading representatives of this ongoing debate in order to break new ground for a better understanding and conceptualization of the role of kabbalah in modern religious intellectual and political discourse      *Gender, Kabbalah and the Reformation: The Mystical Theology of Guillaume Postel (1510-1581)* Yvonne Petry,2004-04-01 This study examines the thought of Guillaume Postel 1510 1581 a French religious thinker who relied on Jewish Kabbalah and its mystical understanding of gender to argue that a female messiah had arrived who would heal the political and religious conflicts of sixteenth century Europe      *Reincarnation in America* Lee Irwin,2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across

multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

**Place and Displacement in the Narrative Worlds of Jorge Luis Borges and Julio Cortázar** Nataly Tcherepashenets, 2008 Place and Displacement in the Narrative Worlds of Jorge Luis Borges and Julio Cortázar engages the notions of place and displacement as heuristic devices for literary analysis of Borges's and Cortázar's narratives It maps out these authors' visions of place and displacement in some of their most famous texts locates the place of Borges's texts within Cortázar's fictional universe and delineates new routes in communication between different literary traditions and philosophical and anthropological discourses This book also suggests that the challenge of a strict opposition between place and displacement in Borges's and Cortázar's works is both representative and emblematic of a continuum of Latin American literature

[Encyclopedia of Renaissance Philosophy](#) Marco Sgarbi, 2022-10-27 Gives accurate and reliable summaries of the current state of research It includes entries on philosophers problems terms historical periods subjects and the cultural context of Renaissance Philosophy Furthermore it covers Latin Arabic Jewish Byzantine and vernacular philosophy and includes entries on the cross fertilization of these philosophical traditions A unique feature of this encyclopedia is that it does not aim to define what Renaissance philosophy is rather simply to cover the philosophy of the period between 1300 and 1650

**Heidegger and Kabbalah** Elliot R. Wolfson, 2019-10-01 While many scholars have noted Martin Heidegger's indebtedness to Christian mystical sources as well as his affinity with Taoism and Buddhism Elliot R. Wolfson expands connections between Heidegger's thought and kabbalistic material By arguing that the Jewish esoteric tradition impacted Heidegger Wolfson presents an alternative way of understanding the history of Western philosophy Wolfson's comparison between Heidegger and kabbalah sheds light on key concepts such as hermeneutics temporality language and being and nothingness while yielding surprising reflections on their common philosophical ground Given Heidegger's involvement with National Socialism and his use of antisemitic language these innovative readings are all the more remarkable for their juxtaposition of incongruent fields of

discourse Wolfson's entanglement with Heidegger and kabbalah not only enhances understandings of both but more profoundly serves as an ethical corrective to their respective ethnocentrism and essentialism Wolfson masterfully illustrates the redemptive capacity of thought to illuminate common ground in seemingly disparate philosophical traditions **The Esoteric Codex: Christian Kabbalah** Sarai Kasik, 2015-10-06 The Esoteric Codex Christian Kabbalah collects curated articles regarding Christian Kabbalah and Christian Kabbalists Giordano Bruno and the Kabbalah Karen Silvia DeLeón-Jones, 2004-01-01 Giordano Bruno 1548-1600 a defrocked Dominican monk was convicted of heresy by the Roman Catholic Inquisition and burned at the stake in Rome He had spent fifteen years wandering throughout Europe on the run from Counter Reformation intelligence and eight years in prison under interrogation The author of more than sixty works on mathematics science ethics philosophy metaphysics the art of memory and esoteric mysticism Bruno had a profound impact on Western thought Until now his involvement with Jewish mysticism has never been fully explored Karen Silvia de León Jones presents an engaging and illuminating discussion of his mystical understanding and use of Jewish and Christian Kabbalah theology and philosophy including the famous *Hermetica* and especially his exploration and use of magic to reveal the mysteries of the universe and the divine Kabbalah and Jewish Modernity Roni Weinstein, 2016-05-19 Roni Weinstein's sociological reading of the kabbalistic ideas of the early modern period suggests that they gained acceptance because they met the needs of contemporary Jewish society Although these ideas were presented as continuing a tradition their goal was reformation few aspects of Jewish life were not changed in consequence This broadly based and innovative study challenges accepted ideas on the origins of Jewish modernity and also shows how Counter Reformation Catholicism affected these developments Cabala of Pegasus Giordano Bruno, 2002-01-01 This 16th century work consists of vernacular dialogues that turn on the identification of the noble Pegasus the spirit of poetry and the humble ass the vehicle of divine revelation Bruno explores the nature of poetry divine authority secular learning and Pythagorean metempsychosis The Irish Ecclesiastical Record, 1929 The Universal Jewish Encyclopedia ... Isaac Landman, 1940 **Jewish Christians and Christian Jews** R.H. Popkin, G.M. Weiner, 2013-03-07 The appearance of religious toleration combined with the intensification of the search for theological truth led to a unique phenomenon in early modern Europe Jewish Christians and Christian Jews These essays will demonstrate that the cross fertilization of these two religions which for so long had a tradition of hostility towards each other not only affected developments within the two groups but in many ways foreshadowed the emergence of the Enlightenment and the evolution of modern religious freedom "The Words of a Wise Man's Mouth are Gracious" (Qoh 10,12) Mauro Perani, 2012-03-20 In this volume of collected papers acknowledged authorities in Jewish Studies mark the milestones in the development of the Jewish religion from ancient times up to the present They also take full account of the interactions between Judaism and its ancient and Christian environment The renowned Viennese scholar Gnter Stemberger is honoured with this festschrift on the occasion of his 65th birthday
