arrival the discovery of a dead passenger ripped to pieces and clutching a clump of blue fur seems to justify Captain Lutobo s fears The killings continue each as savage as the last though Seton and Hamilton insist that the great felines could never have escaped from their cages But the dark mystery only deepens when one of the imprisoned cats is murdered the manner of its death impossible to fathom and one terrible truth becomes frighteningly clear No one and no thing is safe any longer aboard the Valkyrie Thrilling surprising and marvelously inventive Katherine Kurtz s The Legacy of Lehr is an exciting science fiction adventure that displays a daringly different side of the acclaimed fantasist best known for her popular Deryni and Knights Templar fantasy series Big Thicket Legacy Campbell Loughmiller, Lynn Loughmiller, 2002 In Big Thicket Legacy Campbell and Lynn Loughmiller present the stories of people living in the Big Thicket of southeast Texas Many of the storytellers were close to one hundred years old when interviewed with some being the great grandchildren of the first settlers Here are tales about robbing a bee tree hunting wild boar plowing all day and dancing all night wading five miles to church through a cypress brake and making soap using hickory ashes Paul Mellon's Legacy John Baskett, Jules David Prown, Duncan Robinson, Brian Allen, William S. Englishman Roderic de Montwain in marriage Brianna however in love with another has run away And Cat bears a striking resemblance to Mackay s absent daughter It is unbelievable enough to find herself in medieval Scotland It is beyond comprehension to find herself abruptly married to a stranger A stranger moreover who unlocks a passion and sensuality within her Cat never suspected she harbored And Roderic who has vowed to never lose his heart finds himself falling for the mysterious flame haired bride he has taken to his bed A bride some say is mad and others claim is an imposter Strawson and his Philosophical Legacy Sybren Heyndels, Audun Bengtson, Benjamin De Mesel, 2023-11-14 This volume offers a collective study of the work of P F Strawson 1919 2006 and an exploration of its relevance for current philosophical debates It is the first book since Strawson's death to cover the full range of his philosophy with chapters by world leading experts about his lasting contributions to the philosophy of language metaphysics epistemology moral philosophy and philosophical methodology It aims to achieve a balance between exegesis of Strawson critical engagement and consideration of the reception and continuing value of his work It explores the intellectual relations between Strawson and some of his predecessors and contemporaries and it will be an indispensable source for scholars and students of twentieth century Laoshi's Legacy: Emergence from Shadow Jan Kauskas, 2018-05-12 A few philosophy and its influence in the twenty first years ago I sought to record a few memories and observations gleaned on the way from beginner to senior student The result was Laoshi Tai Chi Teachers and Pursuit of Principle a semi fictional memoir using the device of dialogue between student and teacher to examine the agony and elation of sincerely pursuing the art of taiji The thirty seven chapters of Laoshi shone light on the various aspects of taiji and martial arts which occupied my thinking as I progressed along the Way Laoshi which translates as teacher in Mandarin was the main character of the book and though not a real person represented the best aspects of the many martial artists whose skills dedication and wisdom inspired me in my attempts to match their example As a wise and compassionate though sometimes irritable teacher Laoshi guides his student the narrator through many disappointments and false dawns until the student arrives if not at mastery then the fertile ground where mastery grows The present volume Laoshi s Legacy takes up where the previous account left off the student moves beyond his pre occupation with his own progress to explore the terrain occupied by the teacher The Way of the teacher we discover not only offers insight and reward aplenty but is every bit as confounding and often more treacherous than the path of the student With the example of my own teachers once again embodied in the character of Laoshi Legacy describes the challenges encountered in progressing beyond the role of student to survey the art from the viewpoint of teacher As in the previous volume Laoshi the teacher continues as guide and mentor advising the novice instructor confronted with the reality of teaching taiji in a modern world Like its predecessor Legacy relies heavily on allegory mirroring the paradoxical nature of life where truth is often hidden in myth and deception disguises itself as truth A touch of poetic licence may stretch the truth a little to accommodate the narrative but Legacy is a realistic portrayal of dilemmas faced while pursuing the Way of the teacher READERS
