## **Legend Of Shame:**

**Legend of Shame** Ben Roche, 1979      **The Legend of Gold and Other Stories** Jun Ishikawa, 1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899-1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa's work defies easy categorization Banned in 1938 *Mars Song* has been called the finest example of anti-war fiction written during Japan's march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead *The allegorical Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi-surrealistic novella *The Raptor* plumbs the meanings and possibilities of peace in the post-Occupation era William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti-establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the modernism of his literary experimentation *The Legend of Gold* will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan      **Practising shame** Mary C. Flannery, 2019-11-01 *Practising shame* investigates how the literature of medieval England encouraged women to safeguard their honour by cultivating hypervigilance against the possibility of sexual shame A combination of inward reflection and outward comportment this practice of shamefastness was believed to reinforce women's chastity of mind and body and to communicate that chastity to others by means of conventional gestures The book uncovers the paradoxes and complications that emerged from these emotional practices as well as the ways in which they were satirised and reappropriated by male authors Working at the intersection of literary studies gender studies and the history of emotions it transforms our understanding of the ethical construction of femininity in the past and provides a new framework for thinking about honourable womanhood now and in the years to come      **Female Desire in Chaucer's Legend of Good Women and Middle English Romance** Lucy M. Allen-Goss, 2020 An examination of female same-sex desire in Chaucer and medieval

romance      **Shame and Guilt in Chaucer** Anne McTaggart,2012-09-14 Explores the representation of emotions as psychological concepts and cultural constructs in Geoffrey Chaucer's narrative poetry McTaggart argues that Chaucer's main works including *The Canterbury Tales* are united thematically in their positive view of guilt and in their anxiety about the desire for sacrifice and vengeance that shame can provoke

Scheff,2019-03-11 As violence erupts in endless cycles and old grievances reemerge throughout the world we are challenged to examine the underpinnings of protracted conflict In this bold new work Thomas Scheff argues that the roots of protracted conflict lie in unacknowledged feelings of shame and rage Scheff builds from the assumption that the social bond is a real and palpable phenomena and that in every type of human contact the bond is either built maintained repaired or damaged He then demonstrates how damaged bonds are the basic cause of conflict When one side or the other in a dispute is humiliated or threatened in such a way as to disturb fundamental bonds the feelings that follow are often not acknowledged Threats to the social bond give rise to violent emotions shame and rage Unless these feelings are resolved the stage is then set for cycles of insult humiliation and bloody revenge According to Scheff it is by recognizing the emotional source of conflict and repairing the broken social bond that both sides achieve cognitive and emotional understanding allowing them to trust and cooperate and perceive themselves as all in the same boat Thus secure social bonds ensure clear boundaries even during competition or conflict that help keep wars limited and make disagreements productive      **Baja Legends** Greg Niemann,2002 The author of Baja Fever shares his extensive knowledge of the peninsula its colorful past and booming present in this fascinating reference book History lore and amazing stories make it a must have for Bajaphiles as well as armchair travelers      **Journal of the Royal Historical and Archaeological Association of Ireland** Royal Society of Antiquaries of Ireland,1887 Index of archaeological papers published in 1891 under the direction of the Congress of Archaeological Societies in union with the Society of Antiquaries      The Journal of the Royal Historical and Archaeological Association of Ireland Royal Historical and Archaeological Association of Ireland,1889      **Myth and Legend of Ancient Israel** Angelo Solomon Rappoport,1928      *SBI PO Prelims Exam | Probationary Officer | 8 Full-length Mock Tests + 6 Sectional Tests (1000+ Solved Questions)* EduGorilla Prep Experts,2022-08-03 Best Selling Book in English Edition for SBI PO Prelims Exam with objective type questions as per the latest syllabus given by the SBI Compare your performance with other students using Smart Answer Sheets in EduGorilla s SBI PO Prelims Exam Practice Kit SBI PO Prelims Exam Preparation Kit comes with 14 Tests 8 Full length Mock Tests 6

The Environmental Unconscious Steven Swarbrick, 2023-03-28 Bringing psychoanalysis to bear on the diagnosis of ecological crisis Why has psychoanalysis long been kept at the margins of environmental criticism despite the many theories of eco Marxism queer ecology and eco deconstruction available today What is unique possibly even traumatic about eco psychoanalysis The Environmental Unconscious addresses these questions as it provides an innovative and theoretical account of environmental loss focused on the counterintuitive forms of enjoyment that early modern poetry and psychoanalysis jointly theorize Steven Swarbrick urges literary critics and environmental scholars fluent in the new materialism to rethink notions of entanglement animacy and consciousness raising He introduces concepts from psychoanalysis as keys to understanding the force of early modern ecopoetics Through close readings of Edmund Spenser Walter Raleigh Andrew Marvell and John Milton he reveals a world of matter that is not merely hyperconnected as in the new materialism but porous and off kilter And yet the loss these poets reveal is central to the enjoyment their works offer and that nature offers As insightful as it is engaging The Environmental Unconscious offers a provocative challenge to ecocriticism that under the current regime of fossil capitalism in which everything solid interconnects a new theory of disconnection is desperately needed Tracing the propulsive force of the environmental unconscious from the early modern period to Freudian and post Freudian theories of desire Swarbrick not only puts nature on the couch in this book but also renews the psychoanalytic toolkit in light of environmental collapse
