Legendary Australians:

More Australian legendary tales K. Langloh Parker, 2020-12-08 K Langloh Parker's *More Australian Legendary Tales* is a rich tapestry of Indigenous Australian storytelling capturing the oral traditions that have shaped Aboriginal culture. Through a series of engaging tales infused with vibrant characters and moral lessons, Parker showcases the intricate relationship between nature and the Aboriginal peoples, highlighting themes such as respect for the land and the significance of kinship. Her literary style weaves lyrical prose with rhythmic cadences, enchanting readers while honoring the oral roots of these narratives. This collection, published in the early 20th century, serves as a vital document of Australian folklore, bridging the gap between Indigenous stories and Western literary forms. K Langloh Parker was a pioneering figure in the preservation of Aboriginal folklore, influenced by her deep immersion in the cultures of Indigenous Australians during her life in New South Wales. Her experiences interacting with local Aboriginal communities provided her with unique insights into their rich traditions and worldviews, which undoubtedly inspired her commitment to documenting and sharing these legendary tales with a wider audience. By translating stories into written form, Parker sought to elevate these narratives beyond mere curiosity, advocating for their cultural importance. *More Australian Legendary Tales* is an essential read for anyone interested in the roots of Australian culture, folklore, or Indigenous studies. It invites readers to appreciate the depth and wisdom inherent in these stories and reinforces the importance of storytelling as a means of preserving heritage. Parker's work not only entertains but also enlightens, making it a cherished addition to any literary collection. *50 Greatest Australian Cricketers* Dan Liebke, 2020-10-27 Some are born great, some achieve greatness, and some have greatness thrust upon them by virtue of their skills with ball and bat. This book is about the latter. Australia's favourite sport has a proud history of turning nobodies into somebodies and ordinary men and women into heroes of international renown. From the black and white belligerence of Ian Chappell to the colourful celebrity of Shane Warne, the diplomacy of Adam Gilchrist to the ruthlessness of Meg Lanning, the pantheon of Australia's greatest cricketers is as mottled as the crowds that cheer them on. But who is the greatest of them all? In *The 50 Greatest Australian Cricketers*, sports journalist and comedy writer Dan Liebke relives the careers, characteristics, and enduring legacies of the finest Australian cricket players of the past 50 years. *AUSTRALIAN LEGENDARY TALES* Various, 2010 This first book by K Langloh Parker is still one of the best available collections of Australian Aboriginal folklore. It was written for a popular audience, but the stories are retold with integrity and not filtered, as was the case with similar books from this period. That said, the style of this book reflects Victorian sentimentality and an occasional tinge of racism that was apparent in those times. However, this volume does contain 31 uniquely Australian tales, like *The Galah* and *Oolah*, *The Lizard Bahloo*, *The Moon and the Daens*, *The Origin of the Narran Lake Gooloo*, *The Magpie*, and *The Wahroogah*, and many more tales with distinctly Aboriginal titles. The texts, with their sentient animals and mythic transformations, have a somnambulist and chaotic narrative that mark them as authentic dreamtime lore. The mere fact that

she cared to write down these stories places her far ahead of her contemporaries who at the time barely regarded native Australians as human. However, children will find here the *Jungle Book of Australia* but there is no Mowgli set apart as a man. For man, bird and beast are all blended in the Aboriginal psyche. All are of one kindred, all shade into each other, all obey the Bush Law. Unlike any European Märchen, these stories do not have the dramatic turns of Western folk lore. There are no distinctions of wealth and rank, no Cinderella nor a Puss in Boots. The struggle for food and water is the perpetual theme, and no wonder for the narrators dwell in a dry and thirsty land. Parker has some odd connections with modern popular culture. She was rescued from drowning by an aborigine at an early age. This incident was portrayed in the film *Picnic at Hanging Rock*. The song *They Call the Wind Mariah* was based on a story from this book, and the pop singer Mariah Carey was reputedly named after this song. 33% of the net profit from this book will be donated to schools, charities, and special causes. Australia's Greatest Inventions Lynda De Lacey, 2010-07-30. Australia's Greatest Inventions. From boomerangs to the Hills Hoist, by Lynda de Lacey. Australia has a reputation for innovation and inventiveness that famous tie it up with fence wire, attitude towards getting things done is one of our best known national characteristics. Popular opinion tells us that a knack for adaptation, for jerry rigging, and so-called bush improvisation is one of the qualities that marks us out as Australian. If you had to play spot the Australian among other nationalities, you'd choose the ones with the duct tape and pliers in their hands. But ask your average Aussie to reel off a list of uniquely Australian inventions at a pub trivia night, and most won't get much further than the stump jump plough, the Hills Hoist, Speedos, and the Pavlova. Suddenly you may find yourself wondering if we're all that inventive as a culture after all. These examples certainly don't seem to build a terribly convincing case. This book proves that for a 200-year-old culture with a relatively small population, Australians have a much richer inventive history than we give ourselves credit for. Once we've seen that this reputation for inventiveness is justified, the next question becomes: is there something in our cultural wiring, something about being Australian that makes us more inventive than other people?

It considers the influences of industrial, political and social disruptions on these representations as well as their contributions to those disruptions. Science, Sexuality, and Race in the United States and Australia, 1780s-1890s Gregory D. Smithers, 2013-02-01 This book combines transnational history with the comparative analysis of racial formation and reproductive sexuality in the settler colonial spaces of the United States and British Australia. Specifically, the book places whiteness and the changing definition of what it meant to be white in nineteenth-century America and Australia at the center of our historical understanding of racial and sexual identities. In both the United States and Australia, whiteness was defined in opposition to the imagined cultural and biological inferiority of the Indian, Negro, and Aboriginal savage. Moreover, Euro-Americans and Euro-Australians shared a common belief that whiteness was synonymous with the extension of settler colonial civilization. Despite these two very different understandings of whiteness, emerged in the nineteenth century. The book therefore asks why these different racial understandings of whiteness and the quest to create culturally and racially homogeneous settler civilizations developed in the United States and Australia.

Shooting Blanks at the Anzac Legend Dr Donna Coates, 2023-11-01 War is traditionally considered a male experience. By extension, the genre of war literature is a male-dominated field, and the tale of the battlefield remains the privileged and only canonised war story. In Australia, although women have written extensively about their wartime experiences, their voices have been distinctively silenced. *Shooting Blanks at the Anzac Legend* calls for a re-definition of war literature to include the numerous voices of women writers and

further recommends a re reading of Australian national literatures with women s war writing foregrounded to break the hold of a male dominated literary tradition and pass on a vital but unexplored women s tradition Shooting Blanks at the Anzac Legend examines the rich body of World Wars I and II and Vietnam War literature by Australian women providing the critical attention and treatment that they deserve Donna Coates records the reaction of Australian women writers to these conflicts illuminating the complex role of gender in the interpretation of war and in the cultural history of twentieth century Australia By visiting an astonishing number of unfamiliar non canonical texts Shooting Blanks at the Anzac Legend profoundly alters our understanding of how Australian women writers have interpreted war especially in a nation where the experience of colonising a frontier has spawned enduring myths of identity and statehood [What Katie Did](#) Jane Singleton,2020-05-04 Katie Langloh Parker was a white woman who notated the Aboriginal language Euahlayi and collected the legends from the Noongahburrahs in the latter decades of the nineteenth century But her publication of the legends is controversial There have been both critical and supportive critiques of her work but little on the woman herself who accomplished something extraordinary as a nineteenth century squatter s wife in the outback *Library of Congress Subject Headings* Library of Congress.
