Vepar's Infernal Legions Sean McNulty,2023-07-11 Do not call up that which you cannot put down I wish my dad had taken this advice when calling Duke Vepar from the depths of Hell Father s arrogance unleashed the Duke and his festering legions like a plague upon this earth It seems the sins of the father really do transfer to the son With a combination of ancient knowledge and practical skill I took it upon myself to clean up my father s own mess Vepar s Infernal Legions The Complete Compendium and How to Smite Them All by Sean G McNulty is a first person account of a young man s journey across land and sea to confront Vepar a water demon unleashed from Hell The start of every chapter begins as an encyclopedia entry written by the protagonist GT who details each monster he met along the way After outlining objective details about each monster GT goes on to describe his own personal encounters with all 29 of Vepar s legions In each encounter GT must fight using both the knowledge he s studied in demonology as well as practical experiences he s had working with his hands This book is part of the author s Infernal Legions series Excerpt from Vepar s Infernal Legions The Complete Compendium and How to Smite Them All by Sean G McNulty Like Belial Lupuls Caecilian Tartarus are vulnerable to conventional weapons It can flatten itself to absorb blows from blunt striking implements but it will be torn apart by bullets or knives The fiend seems to be stealthier than the Hell Hound however The worm is dark in appearance smaller in size and as noted above it is able to squeeze through holes as small as the diameter of a dime Having said all that an alert and armed person can dispatch this demon with relative ease provided he avoids direct contact to his flesh The demon is prone to extreme heat which can also be used to burn out Vepar s infection before it grows to maturity It does not appear to be affected by sunlight The demon does not appear to have any significant reaction to pure metals like silver It will shy away from salt recoiling as though experiencing pain However salt will not kill the fiend At very early stages it can be neutralized by clinical antiseptics **The Galaxy** ,1909 The Complete Book of Devils and Demons Leonard R. N. Ashley,2011-09-01 From demons to fallen angels folk monsters to possession and exorcism Satanic pacts to black masses humans have tried to define and combat evil throughout the centuries Worried about evil influences in your own life or just curious to learn more The Complete Book of Devils and Demons is your guide to the history of otherworldly evils among men and the practices surrounding their elimination or worship Read within to learn about zombies and ritual magic the princes of Hell which demons are to be courted for power or feared for the diseases they carry and so much more The Complete Book of Devils and Demons is a complete history of the dark side Revelations of the Fallen D.E. Phoenix,2012-10-31 Revelation of the fall The Blasphemy of Astrial Belthromoto The name of the book is called Revelation of the Fallen The Blasphemy of Astrial Belthromoto The story begins at the end of creation the end of our lives in this universe and the destruction of them by a being called Eversor

The main character Astrial is a fallen angel telling the story from his perspective beyond the creation of this universe and into a reality where the a Creator of all Creator resides He was the angel of intelligence and the most high scribe before he fell himself He takes you through his torment by Evil and how he is forced to chose between these world that he doesn't really belong to He shares insight into how evil was born and most importantly how everything we think we know about good and evil is really motivated by agendas He introduces you to the four Eternals that have a lot to with how this story plays out He then gives you insight into the war in heaven the fall of the angels and how a small decision by a being led to this obsession with man He gives you the history of the earth and the makers of mankind and their civilizations that still exist today He leads you out of the garden of Eden and shows you the very rocky relationship between Adam and eve Astrial finally leads you into the final wars of mankind when there was ordered a mass exodus from this planet leaving us totally alone

The War of Angels Darren Dowler,2007-02-06 A story of adventure friendship love betrayal and war The WAR OF ANGELS takes us into a magical existence where heaven hell and earth become one canvas for this epic story Archangels led by Michael and Sataniel Satan collide once more with the fury of the heavens with man and earth trapped between them and their armies their futures hanging on the outcome of the battle Three SETI scientists capture a satellite photo of the arrival of a mysterious being that has the power to alter mans future and change the course of the world On a remote Italian mountainside the ancient secret order of monks known as the Montiarans encounter a visitor The Archangel Michael whose presence could mean peace for the world or the end of days Michael while searching for his enemies unknowingly risks all when he falls in love with a human woman Charlie Lowering his defenses and assuming temporary human form to be with her he is mortally wounded trapping him in his human state Leading his army now will surely mean his death But the warrior summons his remaining strength and courage and charges onto the battlefield Earth Millions upon millions of Angels clash destroying everything in their paths The world explodes into mayhem as the stage is set for the largest battle the earth has ever seen and whose outcome will herald a new era for man Will the days to come be the foretold thousand years of peace Or is it the dawn of the rule of the beast When the end is near the world will take sides Which side will you choose And then night came upon the earth and the sun never again touched the face of man www.DarrenDowler.com www.RockandRolltheMovie.com www.myspace.com/DarrenDowlerMusic www.myspace.com/TheWarOfAngels
