Leicestershire Domesdays Phillimore:

Bromley Ian Bromley, 2006-11-13 Far more than just a family history this book draws on a range of reference works to take us to next level in genealogical research methods The author questions and challenges conventional genealogical research beliefs He applies a style of interpretation to some of the known historical events in history in relation to that of his own family

Domesday Now David Roffe, K. S. B. Keats-Rohan, 2016 Essays into numerous aspects of the Domesday Book shedding fresh light on its mysteries Compiled from the records of a survey of the kingdom of England commissioned by William the Conqueror in 1085 Domesday Book is a key source for the history of England However there has never been a critical edition of the text and so despite over 200 years of intense academic study its evidence has rarely been exploited to the full The essays in this volume seek to realize the potential of Domesday Book by focussing on the manuscript itself There are analyses of abbreviations letter forms and language re assessments of key sources the role of tenants in chief in producing them and the nature of the Norman settlement that their forms illuminate a re evaluation of the data and its referents and finally fresh examinations of the afterlife of the Domesday text and how it was subsequently perceived In identifying new categories of evidence and revisiting old ones these studies point to a better understanding of the text There are surprising insights into its sources and developing programme and intriguingly a system of encoding hitherto unsuspected In its turn the import of its data becomes clearer thereby shedding new light on Anglo Norman society and governance It is in these terms that this volume offers a departure in Domesday studies and looks forward to the resolution of long standing problems that have hitherto bedevilled the interpretation of an iconic text David Roffe and K S B Keats Rohan are leading Domesday scholars who have published widely on Domesday Book and related matters Contributors Howard B Clarke Sally Harvey K S B Keats Rohan Andrew Lowerre John Palmer David Roffe Ian Taylor Pamela Taylor Frank Thorn Ann Williams

Domesday Names K. S. B. Keats-Rohan, David E. Thornton, 1997 First ever full index to people and place names in Domesday in their original forms Presented here is the first complete all Latin index to the Domesday Book comprising two Indices Personarum and one Index Locorum The main Index Personarum contains all references to people named individuals title holders and institutions collections of persons functioning as individual landholders in the Domesday text individuals are listed alphabetically under the initial letter of their forename while institutions are entered under the place where they are located The second shorter Index Personarum lists all people alphabetically under their surname In both indexes the exact Latin forms given in Domesday Book and all variant spellings have been retained The Index Locorum lists all place names in Domesday except where linked to an institution the names of administrative units have been incorporated alphabetically into this index with the appropriate term added after the name Cross references to other counties have also been included Again the Latin form in the Domesday text is given exactly References are to the 1783 Farley and more recent Phillimore editions Dr K S B KEATS ROHAN is Director of the Linacre Unit for Prosopographical Research DAVID THORNTON is Assistant

The Story of England Michael Wood,2012-05-29 In The Story of England Michael Wood tells the extraordinary story of one English community over fifteen centuries from the moment that the Roman Emperor Honorius sent his famous letter in 410 advising the English to look to their own defences to the village as it is today The village of Kibworth in Leicestershire lies at the very centre of England It has a church some pubs the Grand Union Canal a First World War Memorial and many centuries of recorded history In the thirteenth century the village was bought by William de Merton who later founded Merton College Oxford with the result that documents covering 750 years of village history are lodged at the college Building on this unique archive and enlisting the help of the current inhabitants of Kibworth with a village wide archeological dig with the first complete DNA profile of an English village and with use of local materials like family memorabilia the story of Kibworth is the story of England itself a Who Do You Think You Are for the entire nation Better than any historian for decades in In Search of England Wood brings home not just the ways in which buildings landscapes and written texts may be read but the sensual beauty of encounters with them TLS Michael Wood was born and educated in Manchester He was an open scholar in Modern History at Oriel College Oxford where he held a Bishop Fraser scholarship in Medieval History as a postgraduate He has made a number of internationally successful tv series including In the Footsteps of Alexander the Great and four of his books have been UK non fiction number one bestsellers His highly acclaimed book of essays on early English history In Search of England was published by Penguin in 1999 Domesday Book ,1979 **Alluvial Archaeology in**

Transactions of the Leicestershire Archaeological Society ,1914 **Town Records** John West,1983 *The Archaeological Journal* ,1991 *Domesday* Sally Harvey (Historian),2014 Domesday Book of Judgement provides a unique study of the extraordinary eleventh century survey the Domesday Book Sally Harvey depicts the Domesday Book as the written evidence of a potentially insecure conquest successfully transforming itself by a combination of administrative insight

and military might into a permanent establishment William I used the Domesday Inquiry to contain the new establishment and consolidate their landholding revolution within a strict fiscal and tenurial framework with checks and balances to prevent the king's followers from taking more powers and assets than they had been allocated In this way the survey served as a conciliatory gesture between the conquerors and the conquered as William I came to realize that faced with the threat to his rule from the Danes he needed England's native populations more than they needed him Yes the overlying theme of the Domesday Book is Judgment every class of society had reason to regard the Survey's methodical and often pitiless proceedings as both a literal and a metaphorical day of account In this volume Sally Harvey considers the Anglo Saxon background and the architects of the Survey the bishops royal clerks sheriffs jurors and landholders who contributed to Domesday's content and scope She also discusses at length the core information in the Survey coinage revenues from landholding fiscal concessions and taxation as well as some central tenurial issues She draws the conclusion that the record whilst consolidating William's position as king of the English also laid the foundations for the twelfth century treasury and exchequer The volume newly argues that the Domesday survey also became an inquest into individual sheriffs and officials thereby laying a foundation for reinterpreting the size of towns in England
