earliest art from hundreds of thousands of years ago to the contemporary art scene including street art and advertising Janik cogently argues that the human capacity for art which we share with our most ancient ancestors and cousins is rooted in our common neurophysiology The ways in which our brains allow us to see is a common heritage that shapes the creative process what changes according to time and place are the cultural contexts in which art is produced and consumed The book argues for an innovative understanding of art through the interplay between the way the human brain works and the culturally specific creation and interpretation of meaning making an important contribution to the debate on art archaeology *Leiko Ikemura : Being (Exhibition : April* Leiko Ikemura, Gallery HAM Nagoya, **New York Magazine** ,1997-06-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Leiko Ikemura, "Yet there is light on the horizon" : [Melbourne International Biennial 1999 / Collaborating Country Projects: Japanese Pavilion. 11.05.-05.06.1999]** Itaru Hirano,1999 Leiko Ikemura - Poetics of form Julia Dellith,2016 A selection of paintings and sculptures by this accomplished and well established artist with a special focus on work that addresses aspects of the natural world landscape and the female figures and animal creatures that inhabit it Through her singular visual language Ikemura s work describes conditions of loneliness longing and existential searching Lone doll like female figures recline dreaming with closed eyes while a sculptural figure covers her face with her hands a gesture of both grief and transcendence of earthly reality Other figures sit pensively seeming to morph into features of the landscape that they inhabit becoming indivisible from the natural world Oval ceramics in the form of human faces displayed low on the ground feature holes for the mouth alluding to breathing and thereby existence Body Manoeuvres Nikola Dietrich,1997 Acht zeitgenössische Künstlerinnen schufen Werke für Body Manoeuvres die elfte Ausgabe von KunstSkulptur kuratiert von Nikola Dietrich Sie alle verhandeln aktuell relevante Themen immer im Licht der Frage was es bedeutet Mensch zu sein Der Skulpturenpark Kunst zeigt seit über 25 Jahren Skulpturen zeitgenössischer Künstlerinnen Alle zwei Jahre wird eine Kuratorin eingeladen im Rahmen der Ausstellungsreihe KunstSkulptur aktuelle Fragestellungen und Entwicklungen der zeitgenössischen Skulptur zu verhandeln Global relevante Themen wie Künstliche Intelligenz Klimawandel die Herausforderungen vor die sich demokratische Institutionen zunehmend gestellt sehen oder das Aufkommen neuer Konzepte begegnen uns in diesen Werken die eigens für die elfte Ausgabe von KunstSkulptur entstanden sind Sie reflektieren was es bedeutet Mensch zu sein und wie die Bedingungen eines Künstlers im Kontext des menschlichen Kapitals aussehen könnten **Contemporary Painting in Germany** Beate Stärk,1994 At the end of the 1970s and the beginning of the 1980s German art more specifically West German painting achieved a spectacular and surprising presence on the national and international art market These artists

were often referred to as Neo expressionists or New Wilds Many of the painters who became internationally acknowledged during this time are represented in this book The works of artists who did not follow this particular path are also discussed Since the Berlin Wall came down on 9 November 1989 the art scene in Germany has been stimulated also by a large number of artists who have been living and working in the former German Democratic Republic
