Leisure Environment:

Leisure and the Politics of the Environment Louise Mansfield, Belinda Wheaton, 2023-04-14 Within leisure studies there is a growing awareness and intensifying conscience about the potential environmental threat posed by the continued and unmanaged economic growth and development of sport tourism and leisure This collection brings together explicit discussions from a range of fields including environmental geography consumer research sociology and politics of the increasing relevance and complexities of environmental politics in leisure studies It provides a snapshot into the wide ranging debates on the politics of the environment and leisure sport tourism and serves as a starting point for further dialogue between leisure studies scholars and those in other disciplines where many of environmental debates have been advanced The volume will be of great value to scholars and practitioners in the areas of leisure studies conservation and local politics This book was published as a special issue of Leisure Studies

Leisure and Tourism Peter Hayward, 2000 By working through this text readers will cover the full range of topics needed for the GNVQ The book gives the readers an opportunity to learn to work with others as a member of a group and to take responsibility for their own learning

Behavior and Environment T. Garling, R.G. Golledge, 1993-01-28 Active researchers in the areas of geography and psychology have contributed to this book Both fields are capable of increasing our scientific knowledge of how human behavior is interfaced with the molar physical environment Such knowledge is essential for the solution of many of today's most urgent environmental problems Failure to constrain use of scarce resources pollution due to human activities creation of technological hazards and deteriorating urban quality due to vandalism and crime are all well known examples The influence of psychology in geographical research has long been appreciated but it is only recently that psychologists have recognized they have something to learn from geography In identifying the importance of two way interdisciplinary communication a psychologist and a geographer have been invited to each write a chapter in this book on a designated topic so that close comparisons can be drawn as to how the two disciplines approach the same difficulties Since the disciplines are to some extent complementary it is hoped that this close collaboration will have synergistic effects on the attempts of both to find solutions to environmental problems through an increased understanding of the many behavior environment interfaces

Encyclopedia of Leisure and Outdoor Recreation John Jenkins, John Pigram, 2004-08-02 Edited by leading authorities this key reference reflects the multidisciplinary nature of its subject It is an essential resource for teaching an invaluable companion to independent study and a solid starting point for wider subject exploration Towards Healthy Settlements Tianyao Zhang, 2024-04-30 This book aims to formulate recommendations for achieving a healthy neighborhood living environment for the middle income people in China's suburbs In China the expeditious urbanization triggers the prosperous commodity housing development which further grows with the spatial restructuring and socioeconomic transition Residential suburbanization is generated accompanied with the emergence of new middle class and the change of lifestyle However the

health effects of suburbanization in China are overlooked This book investigates the health performance of suburban residents and the effects of suburban living on residents health This book also examines the resident environment transaction modes to unfold the underlying mechanism of suburban living affecting residents health Suburban residents had to passively adapt to their residential environment which is the obstacle for achieving a health promoting environment The institutional dynamics determining the health performance of suburban living environment were addressed with the roles of governments developers planners housing managers residents committee and ordinary residents in commodity housing development The book found no institutional support for the creation of health promoting environments especially with default of governments and excessive dependence on developers for public service facilities and the absence of civil society Thus the book proposes that institutional innovations are necessary in term of embedding the health dimension in all sectors of the society enlisting collaboration between public and private sectors and between health and non health sectors and thus cultivating the optimization of residents environment transactions to create health promoting environments

Outdoor Recreation Management John Jenkins, John Pigram, 2007-05-07. It is now widely recognized that recreation is as important as work. This revealing book analyzes leisure and outdoor recreation in terms of both their management and their wider importance to society. Specifically, it clarifies the link between leisure, recreation, tourism and resource management, reviews contemporary outdoor recreation management and concepts, critically examines approaches to outdoor recreation planning and management in diverse recreational settings, considers the future of outdoor recreation and the potential influences of economic, social, political and technological developments. Wide ranging and topical, it considers such issues as motivation and choice provision for people with special needs, the impact of outdoor recreation on the environment and outdoor recreation in both urban and rural contexts. This comprehensively revised second edition has many sections rewritten and expanded to reflect contemporary development in leisure and outdoor recreation management in countries such as Australia, Canada, the UK, the US and New Zealand. With an extensive bibliography of more than 500 references and including further reading sections and review questions, it is an essential student purchase and one of the most comprehensive and international accounts of outdoor recreation management available.
