Heavy Gear The War Goes On:

Inside Television's First War Ron Steinman, 2002 Steinman describes his experiences as head of the NBC news bureau in Saigon from 1966 to 1968 and he writes of how the war changed the news coverage of battle to a home audience

Competing Voices from World War II in Europe Harold J. Goldberg, 2010-03-23 Obviously there are many books written about World War II but very few of them present competing voices Written for college bound high school students first and second year undergraduates and general readers of military history *Competing Voices from World War II in Europe* highlights the different perspectives and views of all belligerents in the military arena as well as describing the impact of the war on daily life The book begins in 1939 with the invasion of Poland and ends in 1945 with Germany's surrender However an introductory chapter puts the war in perspective by examining key events preceding the invasion of Poland and a concluding chapter looks at the controversy surrounding the Nuremberg Trials after the end of hostilities Though well known the main events of the war often remain controversial and minor events are still relatively unexplored Though it is often assumed that Allied victory was inevitable and that all the Allies worked together in a seamless fashion this book provides evidence that contradicts these basic concepts Presented with directly reported sources together with all the contextual information readers will be able to develop their own opinions about events such as the Munich Conference the defeat of France the debate over a second front the D Day events of 1944 the development of Soviet American relations throughout the war and the origins of the Cold War

Here is Your War Ernie Pyle, 2004-01-01 A wonderful and enduring tribute to American troops in the Second World War *Here Is Your War* is Ernie Pyle's story of the soldiers first campaign against the enemy in North Africa With unequalled humanity and insight Pyle tells how people from a cross section of America ranches inner cities small mountain farms and college towns learned to fight a war The Allied campaign and ultimate victory in North Africa was built on blood brave deeds sacrifice and needless loss exotic vistas endurance homesickness and an unmistakable American sense of humor It's all here the suspenseful landing at Oran the risks taken daily by fighter and bomber pilots grim unrelenting combat in the desert and mountains of Tunisia a ferocious tank battle that ended in defeat for the inexperienced Americans and the final victory at Tunis Pyle's keen observations relate the full story of ordinary G I's caught up in extraordinary times

A War of Patrols William Johnston, 2011-11-01 In June 1950 North Korea invaded South Korea Responding to a United Nations call Canada deployed an 8000 man brigade to the peninsula to fight as part of an American led UN force This comprehensive account of the Canadian campaign in Korea provides the first detailed study of the training leadership operations and tactics of the brigade under each of its three wartime commanders as well as its relationship with American and Commonwealth allies This impeccably researched analytical history also examines the various units from the Special Force to the army's regular battalions that replaced them

World War Z Max Brooks, 2006 An account of the decade long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of

survivors who describe in their own words the epic human battle for survival *Hard Times, Good People* Sid Spurgeon, 2024-09-19 There is one question that victims of the Great Depression knew not to ask what did I do to deserve this The answer was the same for nearly everyone it was your turn Homer and Ella Dickinson suffered the worst of times lost jobs and lost homes as life and tragedies caved in on them They were forced to relocate six times while Homer looked for permanent employment When all that was going on they had kids to care for and sadly two children to bury and mourn As the Depression loosened its grip Homer found steady work for the railroad in Pendleton Oregon The family started again with their two remaining sons George and Gibb then terrible luck World War II The oldest son George went to war in the summer of 1943 and trained as a paratrooper for the 82nd Airborne On the night of June 5 or very early morning on June 6 he parachuted into Nazi occupied France during the D Day invasion George would be part of a very large task force of courageous young American men who fought their way into Germany George survived and returned to Pendleton and soon married his high school sweetheart an intelligent young woman from the Umatilla Indian Reservation Of course there were comments complaints and whispered insults about the mixed race marriage of George Dickinson and Sulema Lopez Both families were very supportive of the marriage and headed off many rude and unwanted objections that were aimed at George and Sulema That support eased much of the tension that may have arisen and the couple led very fulfilling adult lives that were blessed by twins The person most responsible for the family's strength and cohesion during the hardest times was Ella who had enough love and compassion for anyone who entered her circle Her motto God loves you so do I was introduced to her by her father a Baptist pastor She lived it and took care of her little corner of the world right up to the time of her death *Hard Times Good People* is about those who step up and take on life's most demanding challenges and setbacks To get through those times took nothing short of everyday heroes **Fundamentals of Fire Fighter Skills** Jones & Bartlett Publishers, 2004 Share fire fighter stories of dreams realized bravery tested and lives saved **My Father's War** Carolyn Ross Johnston, 2012-08-03 The author draws on her father's account of the war and her extensive interviews with other veterans of the 92nd Division to describe the experiences of a naive southern white officer and his segregated unit on an intimate level During the war the protocol that required the assignment of southern white officers to command black units both in Europe and in the Pacific theater was often problematic but Johnston seemed more successful than most earning the trust and respect of his men at the same time that he learned to trust and respect them Gene Johnston and the African American soldiers were transformed by the war and upon their return helped transform the nation The 92nd Division of the Fifth Army was the only African American infantry division to see combat in Europe during 1944 and 1945 suffering more than 3 200 casualties Members of this unit known as Buffalo Soldiers endured racial violence on the home front and experienced racism abroad Engaged in combat for nine months they were under the command of southern white infantry officers like their captain Eugene E Johnston **Daily Report, Foreign Radio Broadcasts** United States.
