Helen Keller What Was It Like:

The Story of My Life Helen Keller, 2015-10-28 At the tender age of nineteen months Helen Keller contracted a disease that severely impaired her hearing and sight After seeking help from several people she was finally directed to the Perkins Institute for the Blind where she met Anne Sullivan a woman who would change her life Anne s unorthodox teaching methods and her steadfast determination to reach out to other people helped Helen learn to speak and read and write Braille Eventually she became an inspirational speaker an advocate for those physically challenged a socialist pacifist and suffragist This memoir written while Helen was a student at Radcliffe College she went on to become the first blind person to receive a Bachelor of Arts degree is an inspirational and moving account of a girl who triumphs over odds that might seem impossible to most with the help and support of her teacher Anne Sullivan **Helen Keller** Dorothy Herrmann, 1999-12-15 Draws on the archives of Helen Keller s estate and the unpublished memoirs of Keller s teacher Annie Sullivan to trace Keller s transformation from a furious girl to a world renowned figure **Helen Keller** Dorothy Herrmann, 1998 Helen Keller couldn t hear couldn t see and at first couldn t speak Three decades after her death in 1968 she has become a symbol of the indomitable human spirit and she remains a legendary figure With her zest for life and learning and her strength and courage she was able to transcend her severe disabilities In a society fearful of limitation and mortality she is an enduring icon a woman who by her inspiring example made disability seem less horrifying William Gibson s play *The Miracle Worker* which portrayed Helen Keller s childhood relationship with her teacher Annie Sullivan was so compelling that most people are only familiar with this early part of Helen s life But the real Helen Keller did grow up and her adult life was more problematic than her inspiring childhood The existence she shared with the complicated half blind Annie Sullivan was turbulent with its intrigues doomed marriages and love affairs and battles against physical and mental infirmity as well as the constant struggles to earn a living Dorothy Herrmann s biography of Helen Keller takes us through Helen s long eventful life a life that would have crushed a woman less stoic and adaptable and less protected She was either venerated as a saint or damned as a fraud And one of the most persistent controversies surrounding her had to do with her relationship to the fiercely devoted Annie through whom she largely expressed herself Dorothy Herrmann explores these questions Was Annie Sullivan a miracle worker or a domineering emotionally troubled woman who shrewdly realized that making a deaf blind girl of average intelligence appear extraordinary was her ticket to fame and fortune Was she merely an instrument through which Helen s brilliance could manifest itself Or was Annie herself the genius the exceptionally gifted and sensitive one Herrmann describes the nature of Helen s strange sensorily deprived world Was it a black and silent tomb And she shows how Helen was so cheerful about her disabilities often appearing in public as the soul of radiance and altruism Was it Helen s real self that emerged at age seven when she was transformed by language from a savage animal like creature into a human being Or was it a false persona manufactured by the driven Annie Sullivan Dorothy Herrmann tells why despite her romantic

involvements Helen was never permitted to marry She shows us the woman who to communicate with the outside world relied totally on those who knew the manual finger language For almost her entire life these people some of whom were jealous or dogmatic were the key to Helen s world Reading Dorothy Herrmann s engrossing book we come to know the real Helen Keller a complex and enigmatic person beautiful intelligent high strung and passionate a woman who might have lived the life of a spoiled willful and highly sexed Southern belle had her disabilities not forced her into a radically different existence

Helen could read entire books In May 1888 Helen went north to visit Boston with her mother and teacher She spent some time studying at the Perkins Institute for the Blind and quickly befriended the other blind girls who were her age They spent a vacation at Brewster in Cape Cod where Helen experienced the ocean for the first time Following this they spent nearly every winter up north Once she had learned to read Helen was determined next to learn how to speak Her teacher and many others believed it would be impossible for her to ever speak normally but she resolved to reach that point Miss Sullivan took her to the Horace Mann School in 1890 to begin learning with Miss Sarah Fuller and Helen learned by feeling the position of Miss Fuller s lips and tongue when she spoke The moment she spoke her first words It is warm was a powerful memory for her she was thrilled that she might be able to speak to her family and friends at last The winter of 1892 was a troubling time for Helen Seemingly inspired by the beautiful fall foliage around her she wrote a story called The Frost King and sent it up to her teacher at the Perkins Institute as a gift It soon came out that Helen s story was quite like another in a published book called The Frost Fairies Helen had been read the original story as a child and the words had remained so ingrained in her mind that she d unwittingly plagiarized them when she wrote her own story This tainted Helen s relationship with her Perkins Institute teacher Mr Anagnos and made her distrust her own mind and the originality of her thoughts for a long time In 1894 Helen attended the Wright Humanson School for the Deaf in New York City and began studying formal subjects like history Latin French German and arithmetic In 1896 she began her studies at the Cambridge School for Young Ladies in Massachusetts which would prepare her to eventually attend Radcliffe College the women s college affiliated with Harvard University This was her first time attending school with girls who could see or hear rather than other students who were also deaf or blind
