

Hell And Paradise The Norfolk Bounty Pitcairn Saga

Kalissa Alexeyeff, John Taylor

Hell And Paradise The Norfolk Bounty Pitcairn Saga:

Hell and Paradise Peter Clarke, 1986 **Pitkern-Norfolk** Peter Mühlhäusler, 2020-10-12 This book tells the story of the language of the Bounty mutineers and their Polynesian consorts that developed on remote Pitcairn Island in the late 18th century. Most of their descendants subsequently relocated to Norfolk Island. It is an in-depth study of the complex linguistic, ecological, and sociohistorical forces that have been involved in the formation and subsequent development of this unique endangered language on both islands.

Pitcairn Island Trevor Lummis, 2017-07-05 Pitcairn Island was a tiny uninhabited Eden when in January 1790 Fletcher Christian and eight sailors together with six Polynesian men, twelve Tahitian women, and one baby landed from HMS Bounty. There they burned their boat, thus eliminating any chance of a voluntary return to the known world. Their disappearance was to remain a mystery for twenty years. This book discusses the purposes of the Bounty voyage, the mutiny, and its consequences, but goes further than any previous publications to relate the gripping drama of subsequent events on Pitcairn of the fifteen men who landed on the island; only one was alive when they were discovered; twelve had been brutally murdered by their companions, and one had committed suicide. The role of the women in shaping events on the island and their input into the unique identity of the community is fully considered for the first time. Their support for the men as rival groups, Tahitians or Europeans, or their concern for individuals largely decided which men lived and died, while the women themselves committed some of the murders. Conflicts over property, race, and gender brought this group close to total destruction. But out of the clashes of cultures and individual wills between European mutineers and Pacific islanders came, in a brief space of time, the new community of Pitcairn Islanders, a thriving society based on progressive laws relating to sexual equality and the environment, with significant resonances for the reader some two centuries later.

Historical Dictionary of Polynesia Robert D. Craig, 2010-12-18 The term Polynesia refers to a cultural and geographical area in the Pacific Ocean bound by what is commonly referred to as the Polynesian Triangle, which consists of Hawaii in the north, New Zealand in the southwest, and Easter Island in the southeast. Thousands of islands are scattered throughout this area, most of which are currently included in one of the modern island states of American Samoa, Cook Islands, French Polynesia, Hawaii, New Zealand, Samoa, Tonga, Tokelau, Tuvalu, and Wallis and Futuna. The third edition of the *Historical Dictionary of Polynesia* greatly expands on the previous editions through a chronology, an introductory essay, an expansive bibliography, and over 400 cross-referenced dictionary entries on significant persons, events, places, organizations, and other aspects of Polynesian history from the earliest times to the present. Appendixes of the major islands and atolls within Polynesia, the rulers and administrators of the 13 major island states, and basic demographic information of those states are also included.

Bounty Chords Philip Hayward, 2006 Traces the role of song and dance in the societies of Pitcairn and Norfolk Islands.

Touring Pacific Cultures Kalissa Alexeyeff, John Taylor, 2016-12-15 Tourism is vital to the economies of most Pacific nations, and as such is an important site for the meaningful production of shared and disputed

cultural values and practices This is especially the case when tourism intersects with other important arenas for cultural production both directly and indirectly Touring Pacific Cultures captures the central importance of tourism to the visual material and performed cultures of the Pacific region In this volume we propose to explore new directions in understanding how culture is defined produced experienced and sustained through tourism related practices across that region We ask how is cultural value ownership performance and commodification negotiated and experienced in actual lived practice as it moves with people across the Pacific This collection is a welcome addition to tourism studies or perhaps we should say post or para tourism The essays bring out many facets and experiences too quickly bundled under a single label and focused exclusively on destinations visited by outsiders Tourism we see here actively involves many different populations societies and economies a range of local global regional engagements that can be both destructive and creative Western outsiders aren't the only ones on the move Unequal power neo colonial exploitation and capitalist commodification are very much part of the picture But so are desire adventure pleasure cultural reinvention and economic development The effect overall is an attitude of alert critical ambivalence with respect to a proliferating historical phenomenon A bumpy and rewarding ride James Clifford Professor Emeritus University of California Santa Cruz

Paradise Past Robert W. Kirk, 2012-11-08 In the 400 years from Magellan's entrance into Pacific waters to 1920 the lives of the people of the South Pacific were utterly transformed Exotic diseases from Europe and America particularly the worldwide influenza pandemic were deadly for islanders Ardent missionaries changed the belief systems and lives of nearly all Polynesians Aborigines and those Papuans and Melanesians living in areas accessible to westerners By 1920 every island and atoll in the South Seas had been claimed as a colony or protectorate of a power such as Britain France or the United States Factors aiding this imperial sweep included European outposts such as Sydney advances in maritime technology the work of missionaries a desire to profit from the area's relatively sparse resources and international rivalry that led to the scramble for colonies The coming of westerners as this book points out was not entirely negative as head hunting cannibalism chronic warfare human sacrifice and other practices were diminished but whole cultures were irreversibly changed or even eradicated

Pitcairn Island, the Bounty Mutineers, and Their Descendants Robert W. Kirk, 2008 The infamous Bounty mutiny of 1790 culminated in nine mutineers taking up residence on the small Pitcairn Island in the South Pacific Rivalry over Polynesian women soon led to homicidal strife and by 1808 when American sealing vessel Topaz stopped at the island John Adams was the only mutineer alive He however headed what was soon discovered to be a utopianlike Christian society Beginning with a background look at the circumstances surrounding the mutiny this volume contains a detailed history of the Pitcairn islanders from the original settlement through the opening years of the 21st century The island's isolation is contrasted with the international attention garnered from its captivating history making the society a one of a kind historical conundrum Unlike previous volumes this history takes a look at the Pitcairn Island of the 20th and 21st centuries examining such subjects as the effect of

the World War II and the 2004 sexual abuse trial and conviction of six Pitcairners Helpful maps and photographs enhance the reader's experience

Historical Dictionary of Polynesia Robert D. Craig, 2002 Alphabetically arranged entries ranging in length from a paragraph to several pages describe the important people food native animals politics history and culture of Polynesia which is made up of more than a dozen countries including American Samoa French Polynesia Hawaii New Zealand and Tonga The book includes a four page list of acronyms an extensive chronology and appendices with the names of Polynesian islands and lists of political rulers of the various states through history Author Craig emeritus history Alaska Pacific U has created several other dictionaries on Oceania Polynesian mythology and Hawaii Annotation copyrighted by Book News Inc Portland OR

Jimmy Buffett Steve Eng, 1997-10-15 The unique charisma of Jimmy Buffett has entranced his millions of fans for nearly three decades Just what has made this man so beloved and so fanatically revered In this lively in depth portrait of the talented savvy character named Jimmy Buffett Steve Eng reveals the singer the writer the maestro and the raconteur supreme of photos
