The Civil War: Red River to Appomattox. 1st ed. 1974 Shelby Foote, 1958 A narrative history of the battles, characters, and situations during the last years of the Civil War.

Brothers and Sisters Alan Paul, 2023-07-25 THE INSTANT NEW YORK TIMES BESTSELLER New York Times bestselling author Alan Paul's in-depth narrative look at the Allman Brothers' most successful album and a portrait of an era in rock and roll and American history. The Allman Brothers Band's *Brothers and Sisters* was not only the band's bestselling album at over seven million copies sold, but it was also a powerfully influential release, both musically and culturally, one whose influence continues to be profoundly felt. Celebrating the album's fiftieth anniversary, *Brothers and Sisters* the book delves into the making of the album while also presenting a broader cultural history of the era based on first-person interviews, historical documents, and in-depth research. *Brothers and Sisters* traces the making of the template-shaping record alongside the stories of how the Allman Brothers came to the rescue of a flailing Jimmy Carter presidential campaign and helped get the former governor of Georgia elected president; how Gregg Allman's marriage to Cher was an early harbinger of an emerging celebrity media culture; and how the band's success led to internal fissures. The book also examines the Allman Brothers' relationship with the Grateful Dead, including the most in-depth reporting ever on the Summer Jam at Watkins Glen, the largest rock festival ever, and describes how they inspired bands like Lynyrd Skynyrd, helping create the southern rock genre. With exclusive access to hundreds of hours of never-before-heard interviews with every major player, including Dickey Betts and Gregg Allman, conducted by Allman Brothers Band archivist, photographer, and Tour Mystic Kirk West, *Brothers and Sisters* is an honest assessment of the band's career history and highs and lows.

Richard Matheson's Monsters June M. Pulliam, Anthony J. Fonseca, 2016-02-02 Richard Matheson was one of the leading writers of science fiction, fantasy, and horror in the twentieth century. Other thought-provoking novels, including *Hell House* (1971), *Bid Time Return* (1975), and *What Dreams May Come* (1978), as well as short stories and screenplays, convey the ambiguous status of masculinity, how men should behave vis-à-vis women, and what role they should occupy in the family.
