The Golden Fleece Tom Carhart, 2017-09 In the fall of 1965 West Point cadet Tom Carhart and five of his classmates from the U S Military Academy pulled off a feat of extraordinary ingenuity precision and raw guts the theft of the billy goat mascot from their rival the U S Naval Academy at Annapolis just before the biggest football game of the year The U

S forces in Vietnam were then at two hundred thousand and growing with casualties spiking and the men in West Point's class of 1966 were well aware that they would serve and quite possibly die in that far off war But West Point's motto Duty Honor Country affirms that its graduates will always obey the decisions of our elected government and the men of 66 were dutiful of the 579 who graduated 30 died in Vietnam and roughly five times that number were wounded Since this would be the men's last Army Navy football game as cadets they wanted to go out with a bang not a whimper Carhart tells the incredible true story of how in stealing that Navy goat the cadets unknowingly reenacted the story of Jason and the Golden Fleece from Greek mythology The caper is interwoven with an insider's narrative about the private lives of six West Point cadets in the early 1960s who against all odds hurled their last hurrah of triumph to America before flying off to fight its wretched war in Vietnam For more information about The Golden Fleece visit carhartthegoldenfleece.com

A Sunny Place for Shady People Ryan Murdock, 2024-04-23 The car bomb assassination of Maltese investigative journalist Daphne Caruana Galizia in 2017 shocked the European Union and put the world's spotlight on an island so small that few knew it was an independent country and even fewer could find it on the map But Caruana Galizia's death didn't come as a surprise to those who lived there Ryan Murdock had visions of living a slow paced island life on the Mediterranean while writing about his experiences so in 2011 he moved from Canada to Malta To the casual visitor Malta is a sleepy place with sun soaked shorelines and ancient fortified harbors Murdock imagined it to be an archipelago island of warm weather gorgeous views busy cafes and grilled fish dinners On the surface it was The six years Murdock spent in Malta revealed an insular culture whose fundamental baseline is amoral familism a worldview in which any action taken to benefit one's family or oneself is justifiable regardless of whether it is legal or ethical In such a place murder may or may not be wrong depending on what one thinks of another's politics This pervasive perspective created a culture of corruption that rose all the way to the top of the island nation The office of the prime minister was implicated in Caruana Galizia's murder and the investigation continues to reveal a government mired in money laundering human trafficking fuel smuggling and the sale of EU passports to Russian and Middle Eastern oligarchs Interspersed with personal narrative Murdock delves into Malta's unique geopolitical cultural ethnic and religious history one that transformed it from a hub of prehistoric rule into a modern society where a powerful cabal of political and business leaders nearly got away with murder

this book is ostensibly about the five leaders ultimately their performance provides a lens for the whole of the topic of leadership past and especially present While leaders seem to have the liberty to behave as they like their freedom is bound by organizational objectives organizational cultures that may be difficult to change and the diverse natures of their workforce Leadership behavior shaped by the spirit of the times evolves it is about the inextricable relationships the inseparability among leaders followers and situations within organizations and societies as they respond to the inevitable urgencies for change The leaders in this book operated in environments over which they often had little control a store of contextual factors substantially influence and restrain a leader s freedom of action Our school days history classes often paint leaders as two dimensional cardboard cutouts This book explores the crucial impact of context and just how effectively the leaders in this book led at severe intense transformative desperate moments in our history it attempts to put weight and texture on the cardboard cutouts To do so this book humbly puts forward a leadership context framework to define the contextual factors that determine a leader s prerogatives It is about leading snowflakes Because no two organizations and their contexts like snowflakes are ever alike leaders must consistently adapt to new and constantly evolving internal and external circumstances This book suggests that there is a holistic unity to leadership and that the four leadership qualities of status esteem technical competence and organizational leadership skills always present in some measure help leaders motivate followers The proper mix of these four qualities may depend on the nature of the followers and the situations faced The newly elected Lincoln arrived in the nation s capital with low status and esteem but his savvy technical competence and strong organizational leadership skills brought success Robert E Lee possessed high esteem status and technical competence at Gettysburg his inability to exercise sound organizational leadership skills led to his organization s failure *The Patton Papers* Martin Blumenson,2009-07-21 One of World War II s most brilliant and controversial generals George S Patton 1885 1945 fought in North Africa and Sicily as commander of the Third Army spearheaded the Allies spectacular 1944 1945 sweep through France Belgium and Germany Martin Blumenson is the only historian to enjoy unlimited access to the vast Patton papers his many books include *Masters of the Art of Command* available from Da Capo Press and *Patton The Man Behind the Legend*
