## **Hellānikos Thukydides And The Era Of Kimon:**

**Hellānikos, Thukydides and the Era of Kimon** Johan Henrik Schreiner, 1997 This study examines how in the dispute between Thukydides and Hellānikos scholars have long taken it for granted that the preserved historian was right and the lost one mistaken despite the fact that the Battle of Oinoe for example does not fit into the chronology of Thukydides By restoring the dates recorded by Hellānikos Schreiner asserts that a reliable chronology can be established The first historian to record the period from the Persian Wars to 431 BC was Hellānikos the author of the lost History of Athens from its mythical origins through the fifth century BC He reported there was one war between Athens and Sparta from 431 to 421 and another from 412 to 404 and that the first was caused by contemporary events of the 430s Thukydides writing a monograph on a war he sought to establish as the most disastrous to date criticised Hellānikos as chronologically inaccurate and lacking an appreciation of the impact of a stronger Athens Thukydides asserted that there was only one war beginning in 431 and ending in 404 caused by the growth of Athens following the Persian Wars and the fear that growth inspired in Sparta The book in reviving the text of Hellānikos should encourage scholars of antiquity and military history to re evaluate their interpretations of the era

**Sparta's First Attic War** Paul Anthony Rahe, 2019-08-06 A provocative intriguing and cogently argued exploration of the collapse of the Spartan Athenian alliance David Stuttard Classics for All During the Persian Wars Sparta and Athens worked in tandem to defeat what was in terms of relative resources and power the greatest empire in human history For the decade and a half that followed they continued their collaboration until a rift opened and an intense strategic rivalry began In a continuation of his series on ancient Sparta noted historian Paul Rahe examines the grounds for their alliance the reasons for its eventual collapse and the first stage in an enduring conflict that would wreak havoc on Greece for six decades Throughout Rahe argues that the alliance between Sparta and Athens and their eventual

rivalry were extensions of their domestic policy and that the grand strategy each articulated in the wake of the Persian Wars and the conflict that arose in due course grew out of the opposed material interests and moral imperatives inherent in their different regimes Praise for the series Persuasive New York Times Book Review Rahe has an excellent eye for military logistics Wall Street Journal

*A Tall Order. Writing the Social History of the Ancient World* Jean-Jacques Aubert,Zsuzsanna Várhelyi,2012-06-28 This volume commemorates the 65th birthday of William Vernon Harris on September 13 2003 when a group of his former students agreed to honor him with a collection of essays that would represent the wide variety of interests and influences of our advisor and friend The fifteen papers in fact range chronologically from the first Olympics to late antiquity and discuss various questions of imperialism law economy and religion in the ancient Mediterranean world The essays share a social historical perspective from which they challenge as many commonly accepted notions in ancient history The contributors acknowledge their intellectual debt to the formative scholarly acumen of William V Harris which adds up to the tall order of engaging with his work

Pindar and the Cult of Heroes Bruno Currie,2010-04-29 Pindar and the Cult of Heroes combines a study of Greek culture and religion hero cult with a literary critical study of Pindar s epinician poetry It looks at hero cult generally but focuses especially on heroization in the 5th century BC There are individual chapters on the heroization of war dead of athletes and on the religious treatment of the living in the 5th century Hero cult Bruno Currie argues could be anticipated in different ways in a person s lifetime Epinician poetry too should be interpreted in the light of this cultural context fundamentally this genre explores the patron s religious status The book features extensive studies of Pindar s Pythians 2 3 5 Isthmian 7 and Nemean 7

*The Discovery of Freedom in Ancient Greece* Kurt Raaflaub,2004-02 Although there is constant conflict over its meanings and limits political freedom itself is considered a fundamental and universal value throughout the modern world For most of human history however this was not the case In this book Kurt Raaflaub asks the essential question when why and under what circumstances did the concept of freedom originate To find out Raaflaub analyses ancient Greek texts from Homer to Thucydides in their social and political contexts Archaic Greece he concludes had little use for the idea of political freedom the concept arose instead during the great confrontation between Greeks and Persians in the early fifth century BCE Raaflaub then examines the relationship of freedom with other concepts such as equality citizenship and law and pursues subsequent uses of the idea often paradoxically as a tool of domination propaganda and ideology Raaflaub s book thus illuminates both the history of ancient Greek society and the evolution of one of humankind s most important values and will be of great interest to anyone who wants to understand the conceptual fabric that still shapes our world views

**Lords of the Sea** John R. Hale,2009-05-14 The epic true story of Themistocles and the Battle of Salamis and a rousing history of the world s first dominant navy and the towering empire it built The Athenian Navy was one of the finest fighting forces in the history of the world It engineered a civilization empowered the world s first democracy and led a band of ordinary citizens on a voyage of discovery that altered the course of history With Lords of the

Sea renowned archaeologist John R Hale presents for the first time the definitive history of the epic battles the fearsome ships and the men from extraordinary leaders to seductive rogues that established Athens's supremacy With a scholar's insight and a storyteller's flair Hale takes us on an unforgettable voyage with these heroes their turbulent careers and far flung expeditions bringing back to light a forgotten maritime empire and its majestic legacy Diodorus Siculus, Books 11-12.37.1, 2010-01-01 2007 A Choice Magazine Outstanding Academic Book Sicilian historian Diodorus Siculus ca 100 30 BCE is our only surviving source for a continuous narrative of Greek history from Xerxes invasion to the Wars of the Successors following the death of Alexander the Great Yet this important historian has been consistently denigrated as a mere copyist who slavishly reproduced the works of earlier historians without understanding what he was writing By contrast in this iconoclastic work Peter Green builds a convincing case for Diodorus merits as a historian Through a fresh English translation of a key portion of his multi volume history the so called Bibliothēke or Library and a commentary and notes that refute earlier assessments of Diodorus Green offers a fairer better balanced estimate of this much maligned historian The portion of Diodorus history translated here covers the period 480 431 BCE from the Persian invasion of Greece to the outbreak of the Peloponnesian War This half century known as the Pentekontaetia was the Golden Age of Periclean Athens a time of unprecedented achievement in drama architecture philosophy historiography and the visual arts Green's accompanying notes and commentary revisit longstanding debates about historical inconsistencies in Diodorus work and offer thought provoking new interpretations and conclusions In his masterful introductory essay Green demolishes the traditional view of Diodorus and argues for a thorough critical reappraisal of this synthesizing historian who attempted nothing less than a universal history that begins with the gods of mythology and continues down to the eve of Julius Caesar's Gallic campaigns **1998** Massimo Mastrogregori, 2013-05-08 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors *States of Memory* David C. Yates, 2019-05-29 The Persian War was one of the most significant events in ancient history It halted Persia's westward expansion inspired the Golden Age of Greece and propelled Athens to the heights of power From the end of the war almost to the end of antiquity the Greeks and later the Romans recalled the battles and heroes of this war with unabated zeal The resulting monuments and narratives have long been used to reconstruct the history of the war itself but they have only recently begun to be used to explore how the conflict was remembered over time *States of Memory* focuses on the initial recollection of the war in the classical period down to the Lamian War 480 322 BCE Drawing together recent work on memory theory and a wide range of ancient evidence Yates argues that the Greek memory of the war was deeply divided

from the outset Despite the panhellenic scope of the conflict the Greeks very rarely recalled the war as Greeks Instead they presented themselves as members of their respective city states What emerged was a tangled web of idiosyncratic stories about the Persian War that competed with each other fiercely throughout the classical period It was not until Philip of Macedonia and Alexander the Great dealt a devastating blow to the very notion of the independent city state at the battle of Chaeronea that anything like a unified memory of the Persian War came to dominate the tradition *Thukydides über die Vergangenheit* Antonis Tsakmakis,1995 **Encyclopedia of the Ancient Greek World** David Sacks,Oswyn Murray,Lisa R. Brody,2014-05-14 Discusses the people places and events found in over 2 000 years of Greek civilization *Connecting a City to the Sea* David Conwell,2008-01-31 The Long Walls joining Athens with its harbors are universally recognized as symbols of naval imperialism and the lynchpin of a radical departure from traditional Greek military strategy during the later fifth century B C Nevertheless many important questions about the structures remain disputed or simply neglected As the first comprehensive history of the Long Walls the present study dates each construction phase examines the function of the structures from beginning to end and chronicles their fluctuating viability The analysis is driven by the proposition that the Athenians would not have relied on the walls to the sea when their navy did not control the sea lanes effectively This full consideration of the Long Walls development and strategic prominence over time will enable accurate assessment of their position in Greek military and political history from classical through early Hellenistic times **Thukydides** Holger Sonnabend,2021-09-30 Studenten der Geschichte am Anfang ihres Studiums der griechischen Sprache und Geschichte werden den gr ten Nutzen aus dieser Einf hrung ziehen k nnen Antonis Tsakmakis Gnomon 81 2009 Mit einem einzigen dazu noch unvollendet gebliebenen Werk hat der Athener Thukydides ca 460 396 v Chr historiographische Ma st be gesetzt Seine Darstellung des Peloponnesischen Krieges zwischen den griechischen Gro m chten Athen und Sparta gilt als Klassiker der wissenschaftlichen Geschichtsschreibung In bewusster Konzentration auf die politischen und milit rischen Ereignisse machte er sich auf die Suche nach Gesetzm igkeiten im Ablauf der Geschichte mit dem erkl rten Ziel der Nachwelt einen Besitz f r immer zu verschaffen Das vorliegende Buch bietet eine komprimierte Pr sentation und Analyse von Leben Werk und Wirkung des ber hmten Historikers Besondere Beachtung findet dabei die eingehende Interpretation einzelner Passagen die geeignet sind wesentliche Aspekte im historisch politischen Denken des Thukydides beispielhaft zu dokumentieren Holger Sonnabend lehrt Alte Geschichte an der Universit t Stuttgart In a single unfinished work the Athenian Thucydides ca 460 396 B C set standards for the writing of history His account of the Peloponnesian war between the Greek powers of Athens and Sparta is considered a classic of scholarly historiography Concentrating deliberately on political and military events he set out to find laws governing the course of history with the stated intention of creating a possession for ever for posterity This book offers a condensed presentation and analysis of the famous historian s life work and influence Particular attention is given to the detailed interpretation of individual passages which exemplify important aspects of Thucydides historical and political

thought Holger Sonnabend teaches Ancient History at the University of Stuttgart Sonnabend's aim in writing this book is to introduce Thucydides to undergraduate and graduate students of history He succeeds admirably and one can only regret the lack of a similar introduction to Thucydides in English Sonnabend's book is economical yet thorough and well informed Both in terms of his example as an interpreter and in terms of the information he chooses to impart Sonnabend provides the most useful introduction to the great historian available Edith Foster Bryn Mawr Classical Review 27 05 2005 Journal of Ancient Civilizations ,1997 The Journal of Hellenic Studies ,1999 Vols 1 8 1880 87 plates published separately and numbered I LXXXIII **The Classical Review** ,1999 Great Lives from History: Aaron-Lysippus ,2004 Great Lives from History The Ancient World is the first title in a multivolume series covering the lives of important personages from the ancient world through the twenty first century This series revises the 11 volume Dictionary of World Biography The Ancient World adds 66 new entries covering a wider geographical area and including more women Asians and Africans updated bibliographies a new page design and a maps section It includes 326 essays No other comparably priced title covers the same breadth of content geography gender area of achievement with extended essays The librarian approved article format runs 3 6 pages which is much more in depth than an encyclopedia entry but more accessible than a full length scholarly treatment Each article begins with ready reference listings Name by which the person is best known to English readers Birth and death dates and places Identifier stating the person's nationality and life role Areas of achievement list Statement summarizing the person's contribution Articles are then divided into four parts Early Life facts about the person's upbringing and the environment in which he or she was reared as well as the pronunciation of his or her name if unusual Life's Work the heart of the article consists of a straightforward account of the period during which the person's most significant achievements were made Significance overview of the person's place in history Further Reading annotated descriptive bibliography a starting point for further research In addition each essay is cross referenced to other essays within the volume as well as to relevant essays in the companion set Great Events from History The Ancient World **Classical Views** ,1993

## **Hellanikos Thukydides And The Era Of Kimon Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Hellanikos Thukydides And The Era Of Kimon has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Hellanikos Thukydides And The Era Of Kimon has opened up a world of possibilities. Downloading Hellanikos Thukydides And The Era Of Kimon provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Hellanikos Thukydides And The Era Of Kimon has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Hellanikos Thukydides And The Era Of Kimon. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Hellanikos Thukydides And The Era Of Kimon. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Hellanikos Thukydides And The Era Of Kimon, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Hellanikos Thukydides And The Era Of Kimon has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to

engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
