Hello Exile:

Hopecasting Mark Oestreicher, 2015-02-23 Mark Oestreicher shares the story of his trip into the desert literally and figuratively after a disruptive life event From there he helps us understand the elusive nature of hope where it comes from how we come upon it how we lose sight of it how we come back to it and how we hang on to it against all hope Trying Again to Stop Time Jalal Barzanji, 2015-04-15 It s a losing battle my words have no chance against time Sometimes unable to catch up with imagination I leave the battle candle in hand in complete darkness from Trying Again to Stop Time Jalal Barzanji chronicles the path of exile and estrangement from his beloved native Kurdistan to his chosen home in Canada His poems speak of the tension that exists between the place of one s birth and an adoptive land of that delicate dance that happens in the face of censorship and oppression In defiance of Saddam Hussein s call for sycophantic political verse he turns to the natural world to reference a mournful state of loss longing alienation and melancholy Barzanji s poetry is infused with the richness of the Middle East but underlying it all is a close affinity to Western Modernists In those moments where language and culture collide and co operate Barzanji carves out a strong voice of opposition to political oppression Readers will return to his work again and again just as viewers return to a favourite painting Like contemporary poets Taslima Nasrin Adonis Yehuda Amichai and Shuntaro Tanikawa Barzanji s is a voice in which the native willingly mutates into the global Sabah A Salih Translator **The Language of Tears** David Runcorn, 2018-07-30 Tears are a common experience we rarely discuss and then only in relation to pain and loss David Runcorn draws upon a long Christian tradition of seeing tears as a gift to explore their deeper meaning and purpose their place in human life and their significance for prayer and spirituality In the early centuries of the church tears were regarded as an extension of baptism or a gift of the Spirit They were integral to prayer and a vital part of human integration and maturing Jesus said that those who mourn were blessed The Language of Tears explores how tears are a natural and important way of processing loss uncertainty and anxiety drawing upon theology scripture psychology and biology This accessible and sensitive guide is for all engaged in spiritual direction counselling or pastoral care **Exile's Throne** Rhonda Mason, 2018-08-28 One seat on the intergalactic Sakien Empire s supreme ruling body the Council of Seven remains unfilled that of the Empress Apparent The seat isn t won by votes or marriage It s won in a tournament of ritualized combat in the ancient tradition Now that tournament the Empress Game has been called and the women of the empire will stop at nothing to secure political domination for their homeworlds Kayla Reunimon a supreme fighter is called to battle it out in the arena The battle for political power isn t contained by the tournament s ring however The empire s elite gather to forge strengthen or betray alliances in a dance that will determine the fate of the empire for a generation With the empire wracked by a rising nanovirus plague and stretched thin by an ill advised planet wide occupation of Ordoch in enemy territory everything rests on the woman who rises to the top *Naples 1343* Amedeo Feniello, 2024-11-26 A fresh perspective on the early mafia as a means of resistance against invasion this gripping history

illustrates the previously unknown extent of these families power in the 14th century 1343 there is famine in Naples After nightfall a Genoese ship loaded with wheat is attacked by members of two local clans who brutally kill several sailors and their captain The attackers returned to the city greeted by the cheers of their countrymen and the blind eye of the authorities The Republic of Genoa presented the Kingdom of Naples with a formal protest against the incident But in a historical document of great importance today King Charles I of Anjou admitted he did not control his own city that the true rulers of Naples were the family The purpose of this book is not to retrace the birth of the Camorra through the traditional roads of ethnology anthropology sociology or even folklore for the umpteenth time Amedeo Feniello takes a new route through a number of previously unstudied elements and makes a unique observation that these families of Naples were in power at the time of the birth of the Angevin Kingdom of Naples one of the first European nation states They would have been leaders of the new state actively participating in the business of the royal family and serving as a new class of directors officers and bureaucrats
