The Priest Is Not His Own Fulton J. Sheen, 2022-03-23 Most books on the priesthood may be grouped into three categories theological pastoral and sociological The theological treatises emphasize the priest as the minister and ambassador of Christ the pastoral writings are concerned with the priest in the pulpit the priest in the confessional the priest at prayer etc The sociological writings which are the latest type refrain almost entirely from the spiritual and are concerned with the statistical study of the reaction of the faithful the unbelievers and the general public to the priest Is there room for another category Such a possibility presented itself in writing our Life of Christ In that book we tried to show that unlike anyone else Our Lord came on earth not to live but to die Death for our Redemption was the goal of His sojourn here the gold that He was seeking Every parable every incident in His life even the call of the Apostles the temptation the Transfiguration the long conversation with the woman at the well was focused upon that salutary death He was therefore not primarily a teacher but a Savior The dark days in which that Life of Christ was written were hours when ink and gall did mix to reveal the mystery of the Crucifix More and more that vision of Christ as Savior began to illumine the priesthood and out of it came the thoughts in this book To save anyone from reading it through we here state briefly the thesis We who have received the Sacrament of Orders call ourselves priests The author

does not recall any priest ever having said I was ordained a victim nor did he ever say I am studying to be a victim That seemed almost alien to being a priest The seminary always told us to be good priests never were we told to be willing victims And yet was not Christ the Priest a Victim Did He not come to die He did not offer a lamb a bullock or doves He never offered anything except Himself He gave Himself up on our behalf a sacrifice breathing out fragrance as He offered it to God Ephesians 5 2 Pagan priests Old Testament priests medicine men all offered a sacrifice apart from themselves But not Our Lord He was Sacerdos Victima This being so just as we miss much in the life of Christ by not showing that the shadow of the Cross cast itself even over the crib and the carpenter shop as well as over His public life so we have a mutilated concept of our priesthood if we envisage it apart from making ourselves victims in the prolongation of His Incarnation There is nothing else in this book but that idea And if the reader would like to hear that chord struck a hundred times he may now proceed

Liturgy and Hymns for the use of the Protestant Church of the United Brethren, or Unitas Fratrum. A new and revised edition ,1854 **Words I Love to Recite** Charles Santiago,2024-02-15 The experience of the afterlife is normally considered to take place after death Death is seen as a wall of partition between those living and those departed Dead and gone are words often used to describe the departed The writer of these poems was at his wife s bedside when she took her last breath Anyone observing the horror and desperation the author expressed at that moment would have concluded that he truly believed his wife was dead and gone In fact he did believe she was dead and gone A grief counselor suggested to the new widower that he keep a journal of his experience He started keeping a journal which from the start was a dialogue between him and his departed wife The prose dialogue soon became peppered with poems The widower began to notice that there were sometimes correlations between what was written in the poems and his daily experience The poems and his daily experience became for the new widower proof enough that the afterlife can be experienced this side of the grave
