How Maui Found His Father and the Magic Jawbone Peter Gossage, 2005 **Rethinking Oral History and Tradition** Nepia Mahuika, 2019 For many indigenous peoples oral history is a living intergenerational phenomenon that is crucial to the transmission of our languages cultural knowledge politics and identities Indigenous oral histories are not merely traditions myths chants or superstitions but are valid historical accounts passed on vocally in various forms forums and practices Rethinking Oral History and Tradition An Indigenous Perspective provides a specific native and tribal account of the meaning form politics and practice of oral history It is a rethinking and critique of the popular and powerful ideas that now populate and define the fields of oral history and tradition which have in the process displaced indigenous perspectives This book drawing on indigenous voices explores the overlaps and differences between the studies of oral history and oral tradition and urges scholars in both disciplines to revisit the way their fields think about orality oral history methods transmission narrative power ethics oral history theories and politics Indigenous knowledge and experience holds important contributions that have the potential to expand and develop robust academic thinking in the study of both oral history and tradition *Rethinking Oral History and Tradition* Nepia Mahuika, 2019-10-09 Indigenous peoples have our own ways of defining oral history For many oral sources are shaped and disseminated in multiple forms that are more culturally textured than just standard interview recordings For others indigenous oral histories are not merely fanciful or puerile myths or traditions but are viable and valid historical accounts that are crucial to native identities and the relationships between individual and collective narratives This book challenges popular definitions of oral history that have displaced and confined indigenous oral accounts as merely oral tradition It stands alongside other marginalized community voices that highlight the importance of feminist Black and gay oral history perspectives and is the first text dedicated to a specific indigenous articulation of the field Drawing on a Maori indigenous case study set in Aotearoa New Zealand this book advocates a rethinking of the discipline encouraging a broader conception of the way we do oral history how we might define its form and how its politics might move beyond a subsuming democratization to include nuanced decolonial possibilities *How Maui Found His Mother* Peter Gossage, 2005-06 Maui's mother is relinquish her baby to the sea thinking he has died As a young man he seeks her out and is reunited with her The Magic Jaw Bone Hartwell James, 1906 Encyclopedia of Ancient Deities Charles Russell Coulter, Patricia Turner, 2021-12-06 Throughout history humans have pondered the question of their existence In nearly every society part of the answer has included some form of god or goddess For the Mayans one such deity was Ajtzak who tried to create humans from wood for the Yorubas of Africa Shango controlled the thunder and lightning The Chinese of the Shang dynasty era worshipped Shang Ti Evil deities were also part of the answer as in the case of the Kuvera the Hindu chief of evil in the Vedic period and Tu the Persian or Islamic demon of fatal accidents All of the known ancient gods many heretofore obscure or known only from mythological literature are included in this exhaustive reference work The

focus is on their origins histories and functions The people who believed in each deity are identified along with alternate names or spellings both old and modern The descriptions that follow are of the functions origins and physical nature of the deities Extensive cross references are provided for alternate spellings and names The Fixed and the Fickle Hans Mol,2006-01-01 This volume describes the effect of religion on the identity of the native Maoris and Pakehas white settlers in New Zealand The description is woven around the idea that the fixed identity is constantly unglued by the fickle change The Maori charismatic movements are seen as attempts to absorb the devastating effects of Pakeha incursion into a viable system of meaning Yet the white white settlers too had to tame the discontinuities with the past and the ravages of cultural change Religion is seen to be at the forefront of the struggle to defend and reinforce the boundaries around the variety of identities In presenting his thesis the author has brought together a wide range of information other anthropological and sociological studies historical accounts official statements and religious census data The volume will be of interest to students of sociology anthropology and religion Sea Songs James W.
