*School, Society, and State* Tracy L. Steffes,2011-04-01 Democracy has to be born anew every generation and education is its midwife wrote John Dewey in his classic work *The School and Society* In *School Society and State* Tracy Steffes places that idea at the center of her exploration of the connections between public school reform in the early twentieth century and American political development from 1890 to 1940 American public schooling Steffes shows was not merely another reform project of the Progressive Era but a central one She addresses why Americans invested in public education and explains how an array of reformers subtly transformed schooling into a tool of social governance to address the consequences of industrialization and urbanization By extending the reach of schools broadening their mandate and expanding their authority over the well being of children the state assumed a defining role in the education and in the lives of American families In *School Society and State* Steffes returns the state to the study of the history of education and brings the schools back into our discussion of state power during a pivotal moment in American political development      [Virginia Journal of Education](#) ,1913      *The Journal of Education* Thomas Williams Bicknell,Albert Edward Winship,Anson Wood Belding,1913      *The Publishers Weekly* ,1913      *The Teacher's Journal* Arras Jones,1912      **The Teacher's Journal** ,1912      **New-England Journal of Education** ,1913      **The Dial** ,1913      **Primary Plans** ,1912      *Educational Times and Journal of the College of Preceptors* ,1913      **Educational Times** ,1912      [Education Outlook](#) ,1913      *The Educational Times, and Journal of the College of Preceptors* ,1913      **Western Journal of Education** ,1913      **Sierra Educational News** ,1913      *Normal Instructor* ,1912      **Bibliography of School Surveys and of References on School Surveys** Henry Lester Smith,Edgar Alvin O'Dell,1931
