the author had an introductory question When I first conceived the plan of writing this book I guessed though I did not know how much effort it would cost to carry it out and what demands it would put on a potential reader And I doubted not rhetorically but very honestly and sincerely whether such labour on the part of the author and the reader was justified I was not so much troubled by the idea of writing another book on psychology in addition to the many books which have appeared during the last ten years as by the idea of writing a book on psychology Writing a book for publication is a social act Is one justified in demanding co operation of society for such an enterprise What good can society or a small fraction of it at best derive from it I tried to give an answer to this question and when now after having completed the book I return to this first chapter I find that the answer which then gave me sufficient courage to start on my long journey has stayed with me to the end I believed I had found a reason why a book on psychology might do some good That was back in 1935 and the subject was psychology Human mind has been wondering much before that and it continues to wonder as much as it ever did if not more Here the author is not that certain that Wondering Man Money Go l d would do some social good he sincerely hopes it would in the maddening global affairs of 2006 by taking a stock of our individual lives and that of human civilization About the Author Born in India the Author has helped multinationals and large Indian firms realize their dreams in his small capacity for twelve long years The writer is presently pursuing his PHD from Indian Institute of Technology IIT Kharagpur He understands yet challenges globalization He lives on the leading edge but that same edge is bleeding the soul out of mankind This book is from one of us who s seen life from close in its scarcity and in its abundance and enjoyed every moment of it in meaningful lasting joys and in silent cries in moments of planned slaughtering of mankind
