Before long, Chris, America, and Ben are outmaneuvered, outnumbered, and outgunned, drawn into a nearly twenty year vendetta that began with a murdered Texas Ranger on a dusty highway outside of Sweetwater and that can only end with fire, blood, and bullets in Murree's own sun scorched streets. **Race the Rising Sun** Chiao-Min Hsieh, Jean Kan Hsieh, 2009-05-16. This book is about Zhejiang University, one of the oldest and most prestigious universities in China, which was forced to evacuate from the Hangzhou when the Japanese arrived in 1937 and began torturing civilians, raping women, bombing towns, burning farms, and destroying factories, homes, schools, and libraries. The faculty staff and students fled to a succession of towns where they sought refuge from the war and set up temporary classrooms to continue with their educational mission. This exodus lasted eight years and spanned over a thousand miles. They faced constant fear and worry due to malnutrition, disease, abject poverty, and enemy air strikes. But with the resilience and spirit of its faculty and students, the University survived to help revitalize a devastated nation. **Black Sun Rising** Don Mann, Jeff Emde, 2023-08-22. A new ultra elite force developed over the last two decades and now ready to deploy has entered the scene of worldwide clandestine military operations. The Praetorians. The Praetorians is made up of the best of the best WORLDWIDE and hand selected to make up the most elite special operations unit in history. Armed with incredible, beyond cutting edge technological equipment and weapons, the Praetorians is prepared to face the worst threats known to mankind. Operating out of a secret underground base in Cyprus, the men and women of this unit train relentlessly to be ready. In book one of this new series, we will explore the origins of the Praetorians as well as introduce their first major enemy, the terrorist group known as the Black Sun. The Black Sun organization is primarily made up of those former ISIS and Al Qaeda members who thought their previous groups were too soft; these men represent the most barbaric of any previous known terrorist group. Imagine having Attila the Hun meshed with a violent religious ideology but also now add advanced technological weapons to the mix. Extremely dangerous doesn't even begin to do justice to the term. **The Sun We Share** Kristine Larsen, 2024-11-13.
