The Art of Selling the Art of Healing Alex Lubarsky,2015-03-04 The most important ingredient in the art of healing is the art of selling I say that with all the respect in the world for every other part of this vast system of care that has grown into a sprawling and complex three trillion dollar metropolis For the last sixty or so years the providers of care have depended on third party entities to handle the part of selling for them From insurance companies who sold millions of people on the importance of paying monthly premiums for health care insurance to the government that did the same thing under

the more intimidating compulsory taxation Today we have come to a fork in the road where as the system implodes those who control the flow of monetary resources are filling their own bank accounts leaving the people who are busy providing care on that field of battle with all supply lines cut off Many healers are therefore forced to shed all the entities that have forced themselves between the doctor and her patient Exploring their original entrepreneurial roots allowing the patient to bypass all middlemen and pay the doctor for care directly The trouble comes in when the healing professional steps out of a world where all the marketing was handled for them and the only thing they needed to know was how to submit a bill to a third party payer for reimbursement So when embarking on this new journey of building a concierge pay for service practice many are derailed by the Flat Earth Fallacy that is a perception of things as they seem but are in reality very different This book then is to share some field tested experiences that will in all probability save the health care entrepreneur some pain and expense while providing a perspective on the driving elements of success in the art of selling the art of healing **50**

today's sales experts with an elegant and very effective simplicity. Studies have shown that the selling techniques of the last two decades have had very little impact on most of the sales population less than 75 percent of all salespeople to be exact. Why? Because of the complexity learning curve and difficulty in applying the concepts in these systems. In response to the urgent need for a flexible innovative process that will enable people to grasp the essential skills necessary to close a sale in any situation, *Baseline Selling* reemphasizes the fundamentals of selling in a fresh memorable way that modern sales professionals can relate to and utilize and above all one that complements and enriches advanced sales methodologies. Salespeople who read this book and put its wisdom to work will succeed at acquiring more opportunities as they learn to get appointments more easily. They will excel at creating opportunities with prospects who are not interested. They'll sell at higher margins by using the Rule of Ratios. Their closing percentages will improve dramatically as they implement the simple Inoffensive Close. Salespeople struggling to differentiate themselves will love *Commodity Busters* and every salesperson will be able to shorten their sell cycle by *Taking a Lead*. Quite simply, *Baseline Selling* introduces a way for salespeople to visualize and touch all the sales bases without over complicating the process. **We Are a Family 3** Bob Traley, 2011-11-15. The *We Are a Family* series IS NOT about any rich or famous people. It IS a factual account of how ONE FAMILY is living out the Christian life of the Creator's processes of JUSTIFICATION, SANTIFICATION and eventual GLORIFICATION. His desire and love for us along with His gift of FREE WILL causes each of us to live a life on Earth of ups and downs daily, weekly, monthly and yearly. Each of these experiences allow us to either grow closer to Him through PRAISE and THANKSGIVING or farther from Him by SELF GLORIFICATION of our successes and BLAME of Him for our tribulations. Part 1 covers the years 1873-1975, Part 2 covers 1976-1982, Part 3 covers 1983-1988. It is hoped that the book will inspire the reader to record a similar collection of successes and failures of their own family members as a LEGACY for future generations. Bob began his Tour of Earth in Kingston, NY in 1932. After High School, the U.S. Navy provided him with both educational and experiential knowledge. His adult life with various Fortune 500 corporations provided extensive worldwide travel. At the time of Part 3 publication, he and his wife are residing on Hutchinson Island, FL while the children and grandchildren are pursuing their Tour across the U.S.A. How to Have Confidence and Power in Dealing with People Leslie T. Giblin, 1985-11-01. Taking a brass tacks approach to communication, *How to Have Confidence and Power in Dealing With People* explains how to interact with others as they really are, not as you would like them to be. The goal is to get what you want from them successfully, be it cooperation, goodwill, love or security. Les Giblin, a recognized expert in the field of human relations, has devised a method for dealing with people that can be used when relating with anyone: parents, teachers, bosses, employees, friends, acquaintances, even strangers. Giblin shows step by step how to get what you want at any time and in ways that leave you feeling good about yourself. Moreover, the people who have given you what you want wind up feeling good about themselves too. The result? Nobody gets shortchanged. It's a win-win situation. Each chapter includes a handy summary.
