How Many Times Can You Say Goodbye:

Convergence S.A. Seal, 2011-10-20 Tomas Companion is a smart guy with a mediocre life. He has had numerous opportunities to improve his station but they just have not panned out. His fate takes a tumble for the worse when a series of fateful encounters leaves him at the gate of involuntary retirement and sorely short of income. And then providence chooses an out of the world future for this Midwestern working class nobody. Author S A Seal applies realistic and existing technology to a story that takes the reader from the frozen snow banks of Minneapolis Minnesota to the icy half pipe snowboard courses of Valles Marineras Mars. But the story doesn't end there. In the process of enjoying low gravity hang time Companion is introduced to a reality that will change the way humankind works, plays, fights and prays. It is only a matter of time before this work of fiction becomes reality.

The Letters Project Eleanor Reissa, 2022-01-18 In 1986 when her mother died at the age of sixty four Eleanor Reissa went through all of her belongings. In the back of her mother's lingerie drawer she found an old leather purse. Inside that purse was a large wad of folded papers. They were letters. Fifty six of them. In German. Written in 1949. Letters from her father to her mother when they were courting. Just four years earlier he had fought to stay alive in Auschwitz and on the Death March while she had spent the war years suffering in Uzbekistan. Thirty years later Eleanor, a theatre artist who has been on the forefront of keeping Yiddish alive, finally had the letters translated. The particulars of those letters send her off on an unimaginable adventure into the past, forever changing her and anyone who reads this book. The Holocaust Eleanor Reissa writes in this unforgettable and courageous book is attached to me like my skin and I would be formless without it. A very personal story that is also a fundamental one of a woman trying to make sense of her life and family and of the shadows that go back before she was born. There is plenty of feeling and sentiment but it never feels sentimental. Her inimitable wit leavens the sadder scenes. This journey of discovery is riveting, told with tender insight at times heartbreaking and at times heartwarming, just like the Yiddish songs that have delighted Ms Reissa's audiences. Joseph Berger is a New York Times reporter and author of *Displaced Persons: Growing Up American After the Holocaust*. Among the great number of personal takes on the Holocaust Eleanor Reissa's book really stands out both for its intelligence and courage and for the unique way she braids the intergenerational stories together. In this brutal, poignant and searingly honest book Reissa simultaneously pieces together the unfathomable story of her Holocaust survivor father, reckons with the guilt she came to feel as his uncomprehending American daughter, and manages somehow to find insight and purpose in the ashes. This extraordinary account of two parallel journeys will stick with anyone privileged enough to read it. David Margolick, a former reporter for The New York Times.
