Research Report ,1992 **The Population of Modern China** Dudley L. Poston Jr., David Yaukey, 2013-11-11 Student interested in world populations and demography inevitably need to know China As the most populous country of the world China occupies a unique position in the world population system How its population is shaped by the intricate interplays among factors such as its political ideology and institutions economic reality government policies sociocultural traditions and ethnic divergence represents at once a fascinating and challenging arena for investigation and analysis Yet for much of the 20th century while population studies have developed into a mature science precise information and sophisticated analysis about the Chinese population had largely remained either lacking or inaccessible first because of the absence of systematic databases due to almost uninterrupted strife and wars and later because the society was closed to the outside observers for about three decades since 1949 Since the end of the Cultural Revolution things have dramatically changed China has embarked on an ambitious reform program where modernization became the utmost goal of societal mobilization China could no longer afford to rely on imprecise census or survey information for population related studies and policy planning nor to remaining closed to the outside world Both the gathering of more precise information and access to such information have dramatically increased in the 1980s Systematic observations analyses and reporting about the Chinese population have surfaced in the population literature around the globe

Latino Empowerment Roberto E. Villarreal, Norma G. Hernandez, Howard Neighbor, 1988-11-17 This exemplary contribution to the literature on ethnic studies examines the issues surrounding Mexican American political empowerment in the United States The chapters originally contributions to a symposium at the University of Texas in El Paso are uniformly engaging rigorous in their analysis and richly suggestive in their conclusions This exceptionally fine collection discusses the political history of Mexican Americans the role of their interest groups educational models local bureaucracies and electoral strategies Noteworthy are the barriers to Chicano authority found in Los Angeles and Texas Strongly recommended Library Journal This timely book is among the first to be published that directly addresses the political empowerment of Hispanics The contributors concern themselves not only with the progress and problems of political empowerment but also with the prospects of future empowerment the political strategies and agendas for the next decade Conducted by a group of scholars well known for their research on Chicano politics the studies suggest that while substantial progress has been made in opening political doors to Mexican Americans most of their political potential has yet to be realized The volume begins with an overview of the history of Mexican American political empowerment from 1850 to the present Institutional procedural and ideological barriers to success in American politics for Mexican Americans are reviewed An examination of two major politics

for paradigms for educational achievement reflect different views on educational success and failure The bureaucracy of local government and its sensitivity in increasing political representation in Los Angeles the development of political organization and leadership and future legal issues are covered In the conclusion the various perspectives of the contributors are synthesized to point the way to the next level of Mexican American empowerment and ultimately to a general theory of political integration Annotated Bibliography of Canadian Demography ,1983 **The Germanic Mosaic** Carol A. Blackshire-Belay,1993-12-07 This is a comprehensive and up to date critical examination of cultural diversity in Germanic speaking societies It goes beyond ethnic religious and gender stereotypes to show minority groups as active participants in German history rather than as passive victims This collection of critical and theoretical essays seeks to interpret the current philosophical aesthetic and literary thinking about diversity in literature and language The book is divided into four parts literary analyses of works produced by members of minority populations linguistic discussions and case studies of minority groups structures and strategies of discourse and prejudice and studies of remedies for problems of racism and discrimination Some of the most significant writers and thinkers in the field have contributed making this volume of critical concern to scholars and students of German modern languages and comparative studies **Ethnic and Racial Minorities in Advanced Industrial Democracies** Anthony M. Messina,1992-04-20 This collection of essays breaks new ground in the comparative study of ethnic and racial minorities by showing that there is a common ground shared by those in advanced industrial democracies that differentiates them from Third World and communist countries The study offers a unique synthesis of diverse views by those who have focused on long established or ethnoregional minorities and those who have studied recent immigrant populations The analysis of ethnic tolerance political factors and conflict resolution considers why ethnic and racial conflict and disadvantage endure pointing to ways that societies are organized economically and politically and linked into the international political economy Students and experts in comparative and minority politics ethnic and Black studies and sociology will benefit from the observations and conclusions about the operations of economic and political markets and how they heighten ethnic and racial inequality The general introduction and conclusion offer theoretical overviews and point to social science paradigms concerning the role of ethnic and racial minorities in the advanced industrial democracies Noted contributors examine immigration policy and ethnic tolerance minorities politics and the state political consciousness organization and participation and conflict resolution and public policy A lengthy reference list is given This volume will be of great interest to interdisciplinary audiences in political science sociology social problems and ethnic and black studies **Amerasia Journal** ,1988 **Explorations in Sights and Sounds** ,1993 **Sociological Abstracts** ,1989
