History of Modern Korea Michael J. Seth, 2016-03-03 Now in a fully revised and updated edition this comprehensive and balanced history of modern Korea explores the social economic and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century Placing this formerly insular society in a global context Michael J Seth describes how this ancient culturally and ethnically homogeneous society first fell victim to Japanese imperialist expansionism and then was arbitrarily divided in half after World War II Seth traces the postwar paths of the two Koreas with different political and social systems and different geopolitical orientations as they evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture By contrast North Korea became one of the world's most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population Considering the radically different and historically unprecedented trajectories of the two Koreas Seth assesses the insights they offer for understanding not only modern Korea but the broader perspective of world history All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and cogent book **The**

War for Korea, 1950-1951 Allan R. Millett, 2021-09-07 In *The War for Korea 1945-1950 A House Burning* one of our most distinguished military historians argued that the conflict on the Korean peninsula in the middle of the twentieth century was first and foremost a war between Koreans that began in 1948 In the second volume of a monumental trilogy Allan R Millett now shifts his focus to the twelve month period from North Korea's invasion of South Korea on June 25 1950 through the end of June 1951 the most active phase of the internationalized Korean War Moving deftly between the battlefield and the halls of power Millett weaves together military operations and tactics without losing sight of Cold War geopolitics strategy and civil military relations Filled with new insights on the conflict his book is the first to give combined arms its due looking at the contributions and challenges of integrating naval and air power with the ground forces of United Nations Command and showing the importance of Korean support services He also provides the most complete and sympathetic account of the role of South Korea's armed forces drawing heavily on ROK and Korea Military Advisory Group sources Millett integrates non American perspectives into the narrative especially those of Mao Zedong Chinese military commander Peng Dehuai Josef Stalin Kim Il sung and Syngman Rhee And he portrays Walton Walker and Matthew Ridgway as the heroes of Korea both of

whom had a more profound understanding of the situation than Douglas MacArthur whose greatest flaw was not his politics but his strategic and operational incompetence Researched in South Korean Chinese and Soviet as well as American and UN sources Millett has exploited previously ignored or neglected oral history collections including interviews with American and South Korean officers and has made extensive use of reports based on interrogations of North Korean and Chinese POWs The end result is masterful work that provides both a gripping narrative and a greater understanding of this key conflict in international and American history *A History of the World from the 20th to the 21st Century* John Ashley Soames Grenville, 2005 Provides a comprehensive survey of the key events and personalities of this period Background Notes, South Korea, 1998 Koreans in Japan Sonia Ryang, 2013-10-08 Koreans in Japan are a barely known minority not only in the West but also within Japan itself This pioneering study analyzes these relations in the context of the particular conditions and constraints that Koreans face in Japanese society The contributors cover a wide range of topics including the legal and social status of Koreans in Japan the history of Korean colonial displacement and postcolonial division during the Cold War ethnic education women's self expression These studies serve to reveal the highly resilient and diverse reality of this minority group whilst simultaneously highlighting the fact that despite recent improvement legal social and economic constraints continue to exist in their lives

From Deterrence to Engagement Terence Roehrig, 2006-01-01 From Deterrence to Engagement provides a comprehensive examination of the U S South Korea defense relationship from 1945 to the present Using deterrence theory as its framework this work explores the evolving nature of U S interests in a region that became a focal point only after the North Korean invasion in 1950 Author Terence Roehrig addresses the changing nature of the threats to U S interests in Korea especially North Korea's buildup and its efforts to acquire nuclear weapons and examines specific measures utilized by the United States to implement its deterrence policy While U S policy regarding Korea has changed over the years this timely and important work argues that although the U S commitment to protect its ally has been credible and effective the same cannot be said for its attempts to prevent North Korean nuclear proliferation From Deterrence to Engagement is certain to find an audience amongst scholars of defense policy national security and Korean security relations

Ryan Klejment-Lavin, 2024-08-23 The purpose of this study was to describe how the North Korean refugee understanding of evil can shape missionary practice in the Korean Peninsula The central research question guiding this study was How do North Korean Christian refugees describe evil based on their lived experiences Twelve North Korean Christian refugees were interviewed The findings indicated that North Korean Christian refugees understand evil as the oppression of the vulnerable primarily due to human activities and as exemplified through governmental actions human trafficking and sexual violence This study also discussed how North Korean refugees understand evil in light of theology specifically teleology and theodicy and explores how their understanding resonates with historic Christian beliefs in Korea Analysis of the interviews provided practical implications for Christian ministry and theodicy as well as the sensitization of practitioners who work with North Korean refugees specifically to encourage practitioners to subvert the oppressive narratives that North Koreans are responsible for the evil that befalls them and to be aware that refugees may have been traumatized by their own compatriots

Park Chung Hee and Modern Korea Carter J. Eckert, 2016-11-07 This first volume in a two part study examines the origins of South Korean authoritarianism as personified by the militant political leader For South Koreans the twenty years from the early 1960s to late 1970s were the best and worst of times a period of unprecedented economic growth and of political oppression that deepened as prosperity spread In this masterly account Carter J Eckert finds the roots of South Korea s dramatic socioeconomic transformation in the country s long history of militarization a history personified in South Korea s paramount leader Park Chung Hee In *Park Chung Hee and Modern Korea* Eckert reveals how the foundations of Park s leadership were established during the period of Japanese occupation As a cadet in the Manchurian Military Academy Park

and his fellow officers absorbed the Imperial Japanese Army's ethos of victory at all costs and absolute obedience to authority. When Park seized power in 1961 he applied this ethos to the project of Korean modernization. Korean society under Park exuded a distinctively martial character. Eckert shows its hallmarks included the belief that the army should intervene in politics in times of crisis; that a central authority should manage the country's economic system; and that the state should maintain a strong disciplinary presence in society, reserving the right to use violence to maintain order. A milestone in the literature of modern East Asia. Bruce Cumings, author of *Korea's Place in the Sun*. [The Wilsonian Moment](#) Erez Manela, 2007-07-23 This book tells the neglected story of non-Western peoples at the time of the Paris Peace Conference of 1919, showing how Woodrow Wilson's rhetoric of self-determination helped ignite the upheavals that erupted in the spring of 1919 in four disparate non-Western societies: Egypt, India, China, and Korea. [Understanding Korean Christianity](#) K. Kale Yu, 2019-10-14 The cultural landscape plays a momentous role in the transmission of Christianity. Consequently, the global expansion of the church has led to the increasing diversification of world Christianity. As a result, scholars are turning more and more to native cultures as the point of focus. This study examines how this new discourse evolved, as well as presenting a missional methodology based on the study of the native landscapes of Korea. Kale Yu argues that the process of formulating and communicating Christianity was less consistent than is usually supposed. By immersing the reader in the thought and lived experience of various Korean contexts, Professor Yu recreates the diversity of cultural landscapes experienced by Korean Christians of different periods in history. The result is a new interpretation of cross-cultural missional interactions.
