Krishna Menon:

V.K. Krishna Menon Janaki Ram,1997 This Is A Very Personal Portrait Of One Of The Most Controversial Figures In Indian Politics V K Krishna Menon India and the China Crisis Steven A. Hoffmann,2024-07-26 The earliest accounts of the Sino Indian boundary dispute cast India as the victim of Chinese betrayal and expansionism but a more favorable image of China vis a vis India has appeared since the 1970s Since then China has been portrayed as the victim of India s self righteous intransigence with the 1962 India China war occurring because China was provoked into practicing a justifiable form of realpolitik These two seemingly irreconcilable academic schools of thought still exist In this case study of India s decision making between the years of 1959 and 1963 the critical first years of its border conflict with China Steven A Hoffmann takes an important step in reconciling the conflicting views of the crisis and of the ascribed reasons for the war that ensued in 1962 Drawing on interviews with Indian officials military officers and political leaders and on memoirs and other sources gathered during concentrated research in India England and North America between 1983 and 1986 the author provides previously unknown material on the perceptions and realities of Indian decision making A model for international crisis behavior as proposed by Michael Brecher is used to help establish a balanced treatment of information and offer insights into such questions as why India and China both failed to understand one another s frontier psychologies and strategies and why the Nehru government did not succeed in managing the conflict This richly detailed and carefully researched approach is invaluable in this time when India and China are once again exploring ways to establish a solid relationship This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **V.K. defuse conspiracies that were jeopardizing India's national interests In 1948 M K K Nayar joined the IAS and was involved prominently in India's national development notably in building the Bhilai Steel Plant and fertilizer plants that also seeded several other industries in the Cochin Industrial Belt and by propagating modern agriculture throughout South India His friendship and intimacy with national leaders like Pandit Jawaharlal Nehru illustrious civil servants like V P Menon industrialists like J R D Tata and innumerable opinion leaders all over India gave him a ringside view of and insider information on some of the most important and interesting episodes of Indian history until mid 1970s Destiny took him to Kerala in 1959 to head India's pioneer fertilizer company The Fertilisers And Chemicals Travancore Ltd FACT which he developed into a multifaceted organization that grew over twenty fold during the decade of his tenure in it This period that ended in 1971 also found him raising Kathakali one of the most stylized forms of mime dance drama from a destitute existence on the fringes of Kerala's social milieu to the forefront of international recognition Success in everything he did even outside of his vocation from resolving political imbroglios to promoting art and literature took him to the forefront of life in Kerala and the national capital Jealousies it aroused resulted in court cases being instituted against him on frivolous charges and they took 12 years for him to be fully exonerated In that time India lost the services of one of its ablest go getters during what should have been his peak years Between June 1986 until his premature passing away in September 1987 he penned a series of articles about his life and times It was serialized under the title of Aarodum Paribhavamilla the Oru Kalaghattathinte Katha in the popular Malayalam weekly Kala Kaumudi It was later published as a book which became a big hit with Malayali readers and is printed and published even now M K K Nayar emphasizes that this was not an autobiography but an attempt to share without bitterness or ill will some of his experiences and the joy pain and terrible sadness they brought him The renowned historian author and academician M G S Narayan says that M K K Nayar's memoirs did not get the due recognition it deserved and acknowledges it as a historical chronicle of pre and post independent India The book has been translated into English by Gopakumar M Nair who was an executive of FACT during a part of M K K Nayar's tenure there Though Gopakumar is a popular amateur writer from his college days in IIT Madras this translation named The Story of an Era Told Without Ill will is his first book

Power and Diplomacy Zorawar Daulet Singh,2018-11-28 The notion that a monolithic idea of nonalignment shaped India's foreign policy since its inception is a popular view In Power and Diplomacy Zorawar Daulet Singh challenges conventional wisdom by unveiling another layer of

India's strategic culture In a richly detailed narrative using new archival material the author not only reconstructs the worldviews and strategies that underlay geopolitics during the Jawaharlal Nehru and Indira Gandhi years he also illuminates the significant transformation in Indian statecraft as policymakers redefined some of their fundamental precepts on India's role in the subcontinent and beyond His contention is that those exertions of Indian policymakers are equally apposite and relevant today Whether it is about crafting a sustainable set of equations with competing great powers formulating an intelligent Pakistan policy managing India's ties with its smaller neighbours dealing with China's rise and Sino American tensions or developing a sustainable Indian role in Asia Power and Diplomacy strikes at the heart of contemporary debates on India's unfolding foreign policies

The Unfought War of 1962 Raghav Sharan Sharma, 2017-12-06 China's territorial disputes with India have been a matter of debate since 1950s While China has amicably resolved boundary disputes with twelve out of its fourteen neighbouring countries it is yet to resolve its boundary disputes with India and Bhutan as also its maritime disputes in the South China Sea and East China Sea This volume looks at the complex dynamics of India China boundary disputes which remains unresolved It is still the biggest challenge to the relations between the two countries From the Indian perspective securing Arunachal and the Indus Watershed is highly important From the Chinese point of view Karakoram and Xinjiang Tibet road must be respected Secondary issues have always occupied a central and pivotal focus in the relations between India and China This work also shows how British efforts to secure a defined and natural boundary began immediately after the creation of Jammu and Kashmir in 1846 after Amritsar treaty In the eastern sector such an effort began only in the first decade of twentieth century Relevant documents have been presented which examines the role of bureaucrats diplomats generals and surveyors It examines the treaties conventions correspondence as well as internal debates between changing British officials and their conflicting British policies Nehru refused Chou En Lai in 1960 which in turn led to the unilateralism in Chinese attitude after 1962 The volume breaks new ground by evaluating the differing policies and explains how a secured boundary can ultimately be agreed upon Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

From Bharata to India M. K. Agarwal, 2012-06 Continuing the narrative from Volume One of From Bharata to India this second volume spans the years from the Muslim conquests down to the present era The Volume begins by contrasting the stifling theocracy of the Abrahamic religions Judaism and Christianity and of Islam to the pristine ideation of compassion love and universal wellbeing inherent in the Vedic world The forced conversion of pagan peoples and their places of worship was consequently institutionalized by intolerance savagery barbarism cruelty and unparalleled brutality This cultural and religious Invasion shook the very foundations of the Vedic patrimony as the native Hindus adapted Alien lifestyles where Vedic values were repackaged as European and or Islamic Consequently the modern Indians began to despise what had once been their own legacy the Cradle of civilization and embraced imported modes of behavior The transformed native polity supported by

foreign vested interests exploited their own country even more than the alien invaders As the Western world frees itself from the shackles of Middle Age conformism and depravity this second volume concludes that the eternal values of Vedic Bharata are to inspire the nascent Civilization of tomorrow Eastern introspection will replace then the Western tradition of a wholly other divinity

[Crosswinds](#) Vijay Gokhale, 2024-02-03. The establishment of a communist regime in China upended Western plans for the post-WWII Asian order. As the United States of America and Great Britain grappled with the implications of this new China in terms of their strategic and economic interests in the western Pacific, significant divergences also emerged. A newly independent India, seeking to define its place and role in the region under conditions of Cold War, was hoping to enlist China as a partner. This book, based on archival material, outlines India's efforts to craft a foreign policy in the context of the Anglo-American competition in the Far East. The roles played by the towering personalities of that era—Jawaharlal Nehru, Zhou Enlai, Harry S. Truman, Dwight D. Eisenhower, John Foster Dulles, Winston Churchill, Anthony Eden, and Krishna Menon—and the personal chemistry between them are woven into the narrative to paint a picture of the nuts and bolts of Indian diplomacy during the early years of the nation.
