V. Williams,2004-01-01 One of the most extraordinary lives ever imagined was actually lived over most of last century by Jiddu Krishnamurti a poor dreamy south Indian boy who was adopted by the by the english aristocracy and became the darling of california spiritual seeker The enigma of his life is explore and exposed from the death of his mother when he was young to the adulation he received as a guru figure from abject poverty to luxuries comfort from cultish repression to absolute freedom      *Contemplative Literature* Louis Komjathy,2015-08-31 An anthology of primary texts on meditation and contemplative prayer from a wide range of religious traditions This is the first theoretically informed and historically accurate comparative anthology of primary texts on meditation and contemplative prayer Written by international experts on the respective texts and corresponding traditions Contemplative Literature provides introductions to and primary sources on contemplative practice from various religious traditions The contributors explore classical Daoist apophatic meditation Quaker silent prayer Jewish Kabbalah Southern Buddhist meditation Sufi contemplation Eastern Orthodox prayer Pure Land Buddhist visualization Hindu classical Yoga Dominican Catholic prayer Daoist internal alchemy and modern therapeutic meditation Each introduction to a contemplative text discusses its historical context the associated religious tradition and literature the method of contemplative practice and the text s legacy and influence Volume editor Louis Komjathy opens the work with a thoughtful consideration of interpretive issues in the emerging interdisciplinary field of contemplative studies Readers will gain not only a nuanced understanding of important works of contemplative literature but also resources for understanding contemplative practice and contemplative experience from a comparative and cross cultural perspective We

have not seen anything this bold and this global since Friedrich Heiler wrote his classic study on the typology of prayer over eighty years ago Komjathy and his essayists have vastly expanded the scope depth and sophistication of this project here In the process they have struggled with all of the critical questions around religious pluralism tradition and religious authority and have emboldened the comparative project itself Contemplation and comparison it turns out go very well together Jeffrey J Kripal author of *Comparing Religions Coming to Terms Teachers and scholars undergraduate and graduate students and general readers interested in contemplative practice will cherish a book like this I m happy that Louis Komjathy has done this great work It will undoubtedly be hailed as a milestone* Ruben L F Habito author of *Healing Breath Zen for Christians and Buddhists in a Wounded World* *At the Feet of the Master and Towards Discipleship* Krishnamurti Alcyone,2014-08-22 Krishnamurti records his teachings as he received them from his spiritual teacher during sleep They address their young student s problems of daily living and set forth a simple guide to right behavior the prerequisite for spiritual progress Now almost a century later this classical jewel of esoteric wisdom still shines a strong pure light on how to begin the spiritual path

*The Unconditioned Mind* David Edmund Moody,2013-01-07 Like an iridescent diamond is how David Moody describes revered philosopher Jiddu Krishnamurti in this intimate portrait of him at the Oak Grove School in California Krishnamurti once groomed by Theosophists to become the next World Teacher founded the school in 1975 and personally oversaw it for the last decade of his life Moody Oak Grove s first teacher and later director recounts their close work together and explains Krishnamurti s ideas with splendid clarity He also recounts how those ideas sparked competition among the staff producing a complex force field that challenged Moody to the utmost The resulting drama and Krishnamurti s involvement in it forms the core of this rare behind the scenes view ***The Gospel of John in the Light of Indian Mysticism*** Ravi

Ravindra,2004-08-16 Explores St John s Gospel from an Eastern perspective to reveal the interconnectedness of all faiths and the need for interfaith dialogue Takes readers beyond academic and historical analyses by exploring the mystical foundation of the Gospel Includes the full text of the Gospel of John interwoven with passage by passage interpretations The Gospel of John is different from the other canonical gospels in its overall point of view concerning Jesus Christ and his mission on earth It is much more cosmological in scale and mystical in nature and has long been considered more esoteric The Gospel of John in the Light of Indian Mysticism presents an unusual and rewarding exploration of this Christian text from a Hindu perspective as Ravi Ravindra takes us into the heart of St John s words eloquently and convincingly revealing the interconnectedness of all faiths and the growing need in today s world for interfaith dialogue For those concerned with the emergence of a universal spirituality Ravindra provides a source of light a translucent pool of wisdom that offers from its depths an immense and lasting spiritual vision *Spiritual Information* Charles L. Harper,2005-06 *Spiritual Information* is a collection of one hundred essays that explore a portion of the vast interdisciplinary approaches to the study of science and religion Individually and together the essays show how the study of ourselves our planet and the universe helps us

understand our place as spiritual beings within God's universe. The book is a tribute to Sir John Templeton and his pioneering commitment toward new research that results in one hundredfold more spiritual information than humankind has ever possessed before. It begins with essays that reflect on Sir John's principal domains of interest and expertise: free enterprise, based finance, and accelerating spiritual progress. Themes of the sections are Science, Religion, Dialogue, Cosmology, Physics, and Astronomy; Mathematics, Musicology, and Speculation; Biological Evolution, the Human Being, Social Evolution, the Human Mind, and Heart, Religion, and Health; The Nature of the Divine, Theology, and Philosophy; Faith, Traditions, Sir John's leadership has enabled us to edge ever closer to the frontier where knowledge meets wisdom at the threshold of ultimate reality, notes the editor in the preface to this volume. As *Spiritual Information* presents an overview of how far we have come in the science and religion dialogue, it also opens windows to the vast possibilities for additional research and further advances in spiritual information.

**Science, Consciousness and Ultimate Reality** David Lorimer, 2016-11-30. This interdisciplinary volume arises out of a series of university events arranged by the Scientific and Medical Network between November 2001 and July 2003. The Science, Consciousness, and Ultimate Reality project was set up with the support of the John Templeton Foundation in order to examine critical issues at the interface between science, religion, and the relatively new field of consciousness studies. The results give a variety of fascinating perspectives on this emerging area. David Lorimer has brought together an impressive list of contributors representing the diverse fields of physics, neuroscience, psychology, theology, and moral philosophy: Denis Alexander, Bernard Carr, Chris Clarke, Guy Claxton, Peter Fenwick, David Fontana, John Habgood, Mary Midgley, Ravi Ravindra, Alan Torrance, and Keith Ward.

**The Pilgrim Soul** Ravi Ravindra, 2014-09-23. Wandering one gathers honey, observes the Aitareya Brahmana. In this spirit, Ravi Ravindra, renowned for his integration of physics and comparative religions, explores the heart of Buddhism, Christianity, and Hinduism to define a universal spiritual path that transcends any tradition. People with a pilgrim soul, he says, are open to a freedom from all that is known. They seek to practice mindfulness in each moment so that washing the dishes or emptying the garbage becomes a sacred act; they seek to enter the dimension of eternity, realizing that the eternal is always present right here, right now. Wisdom is the ability to act freshly in time while being anchored in eternity, says Ravindra. This deceptively simple small volume contains a wealth of wisdom for living that way.

**Sir John Templeton** Robert Herrmann, 2013-11-04. The biography of the Wizard of Wall Street, who has dedicated his life to advancing the scientific study of spiritual realities, has been revised and updated. Sir John Templeton was an inspiring and motivational force both through his personal example and through the foundation that bears his name and is dedicated to his mission. This volume reviews the life of this man of vision from his childhood in rural Tennessee to his education at Yale and Oxford, to his legendary years on Wall Street, the birth of his children, and the development and growth of humility, theology, science. Interwoven with the stories and facts are the roots of his faith and the values that he credits for his financial success and are the catalyst for his lifelong mission. Sir John's biography updates the

growth of the many and varied programs of the John Templeton Foundation that support this mission It also introduces some of the scientists theologians philosophers writers and fellow investors who now serve as staff and advisors to the John Templeton Foundation striving toward Sir John s goal of one hundred fold more spiritual information gained through the application of scientific methodology and analysis      **Science and the Sacred** Ravi Ravindra,2014-06-25 Einstein said the best scientists have always approached science as a sacred activity that could yield the secrets of the Old One Ravi Ravindra points out This eloquent book at once affirms scientific exploration and addresses the failure of science to deal with the inner life We all want to know why things happen and how we can control certain outcomes but we also rightly wonder about meaning and purpose Does the earth need people What about me personally What is my place Why am I here Coming from the East this Western physicist offers a rare hybrid view on such topics as Perception in yoga and physics The moral responsibility of scientific power Science as a spiritual path Healing the soul truth love and God Each of us is an artist of our own life Ravindra says Starting from the raw material of our self we sculpt something which corresponds to our aspirations our understanding our skill and sensitivity This work of transformation is an imperative of our human existence      **The**
