Monks of Kublai Khan, Emperor of China Rabban Sawma, 2014-03-19 Towards the end of the thirteenth century, the Nestorian monk Rabban Sawma, together with his disciple Mark, set out from Khanbaliq (Beijing), the capital city of Kublai Khan's Mongol Empire, on a pilgrimage to Jerusalem. Travelling through northern China and Central Asia, they arrived at Maragha, the capital city of the Ilkhanate that was Mongol-ruled Persia. Military unrest prevented them from ever reaching Jerusalem, but they did reach Baghdad, where Rabban Sawma spent many years. Summoned by Arghun Khan, the Ilkhan ruler and grand nephew of Kublai Khan, Sawma was made Ilkhanid ambassador and sent to Europe, first travelling to Constantinople to meet the Byzantine emperor and then to meet the kings of France and England, as well as Pope Nicholas IV. Sawma's disciple Mark became the Nestorian Catholicos. Sawma's account of his travels provides unique information on the Ilkhans of Persia and their dealings with the Mongol Christians, as well as the events that led to the downfall of the Nestorian Church in China, and further offers a unique picture of Medieval Europe through Asian eyes. Translated by Sir E. A. Wallis Budge, who also included a substantial introduction, the work is now rare. This edition contains a new introduction by Professor David Morgan, the leading scholar of the Mongol period. *War* DK Publishing, 2009-10-01 War has been central to the rise and fall of civilizations since the dawn of time. The history of warfare first emerges from legend in Mesopotamia, the cradle of civilization, around 3,000 years before the birth of Christ. The first armies that we know about fought in Sumeria, Ancient Egypt, and Syria. From these first battles fought with spears or axes on horseback or on foot, War traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics and technology. The story of the development from these primitive battles to the global conflicts of the 20th century and the modern War on Terror is the story of humanity itself, reflecting the same political, cultural, and technological forces that have defined human history. From longbows to laser-guided missiles, from chariots to jet aircraft, and from Samurai warriors to SAS soldiers, War provides the definitive visual chronicle of this intense, brutal, and often heroic tale. War combines a coherent and compelling spread by spread historical
