

Kukai's Principle Of Attaining Buddhahood

Joseph Mitsuo Kitagawa

Kukai's Principle Of Attaining Buddhahood:

The Bodymind Experience in Japanese Buddhism David Edward Shaner, 1985-08-01 In a pioneering study David Shaner uses the resources of phenomenology to penetrate Buddhist philosophy in terms of Kukai and Dogen. In addition to this original and rigorous methodology his work offers insights into some fundamental difficulties intrinsic to comparative studies. The problem of the relation between body and mind is a prime example. Shaner's observations shed a brilliant light on these traditional antinomies as they may be resolved or more accurately dissolved when seen in their appropriate contexts. In addressing these issues the study also contributes to the understanding of common features that underlie the various doctrines of Japanese Buddhism. This work will appeal to both East and West phenomenologists, philosophers interested in the mind-body problem, scholars of comparative philosophy and students of Japanese philosophy and religion.

A Cultural History of Japanese Buddhism William E. Deal, Brian Ruppert, 2015-03-31 A Cultural History of Japanese Buddhism offers a comprehensive nuanced and chronological account of the evolution of Buddhist religion in Japan from the sixth century to the present day. Traces each period of Japanese history to reveal the complex and often controversial histories of Japanese Buddhists and their unfolding narratives. Examines relevant social, political and transcultural contexts and places an emphasis on Japanese Buddhist discourses and material culture. Addresses the increasing competition between Buddhist Shinto and Neo-Confucian world views through to the mid nineteenth century. Informed by the most recent research including the latest Japanese and Western scholarship. Illustrates the richness and complexity of Japanese Buddhism as a lived religion offering readers a glimpse into the development of this complex and often misunderstood tradition.

Nature in Asian Traditions of Thought J. Baird Callicott, Roger T. Ames, 1989-04-21 Here Western environmental philosophers and some of our most distinguished representatives of Asian and comparative philosophy critically consider what Asia has to offer. The first section provides an ecological world view as a basis for comparison. Subsequent sections include chapters by leading contemporary scholars in Chinese, Japanese, Indian and Buddhist thought that explore the Western perception of Asian traditions, the perception that Asian philosophy is a rich conceptual resource for contemporary environmental thinkers.

Engaging Japanese Philosophy Thomas P. Kasulis, 2017-12-31 Philosophy challenges our assumptions, especially when it comes to us from another culture. In exploring Japanese philosophy a dependable guide is essential. The present volume, written by a renowned authority on the subject, offers readers a historical survey of Japanese thought that is both comprehensive and comprehensible. Adhering to the Japanese philosophical tradition of highlighting engagement over detachment, Thomas Kasulis invites us to think with as well as about the Japanese masters by offering ample examples, innovative analogies, thought experiments and jargon-free explanations. He assumes little previous knowledge and addresses themes: aesthetics, ethics, the samurai code, politics, among others, not in a vacuum but within the conditions of Japan's cultural and intellectual history. For readers new to Japanese studies, he provides a simplified guide to pronouncing Japanese and a separate

discussion of the language and how its syntax orthography and linguistic layers can serve the philosophical purposes of a skilled writer and subtle thinker For those familiar with the Japanese cultural tradition but less so with philosophy Kasulis clarifies philosophical expressions and problems Western as well as Japanese as they arise Half of the book s chapters are devoted to seven major thinkers who collectively represent the full range of Japan s historical epochs and philosophical traditions K kai Shinran D gen Ogy Sorai Motoori Norinaga Nishida Kitar and Watsuji Tetsur Nuanced details and analyses enable an engaged understanding of Japanese Buddhism Confucianism Shint and modern academic philosophy Other chapters supply social and cultural background including brief discussions of nearly a hundred other philosophical writers For additional information cross references to material in the companion volume Japanese Philosophy A Sourcebook are included In his closing chapter Kasulis reflects on lessons from Japanese philosophy that enhance our understanding of philosophy itself He reminds us that philosophy in its original sense means loving wisdom not studying ideas In that regard a renewed appreciation of engaged knowing can play a critical role in the revitalization of philosophy in the West as well as the East

Religious Reflections on the Human Body Jane Marie Law,1995-02-22 It provides imaginative and thought provoking coverage of the ways in which religious thought and practice construct understandings of the human body Journal of Asian Studies Drawing on a remarkably diverse set of studies discussing the major Western religious traditions including Islam and East and South Asian traditions the book challenges easy theorization of the body in religion an excellent source book for college level comparative religion courses Bruce Mannheim University of Michigan an important study that should be of considerable interest to the general student of the history and phenomenology of religions Muslim World Book Review The first cross cultural and interdisciplinary survey on the relationship between religious practice and ideology and the human body *Teach Us to Pray* D. A. Carson,2002-09-16 In almost 500 years of evangelical praying there has never been a book like this Teach Us to Pray is in effect four books in one It begins with a detailed analysis of the biblical theology of prayer surveying each part of the Scriptures in turn Next comes an investigation of prayer and spirituality within Hinduism Buddhism Islam historic Christianity Puritanism and a different Christian contemporary tradition Roman Catholicism In addition expert commentators offer Lessons in Prayer from the Worldwide Church featuring Korea China Latin America and Africa Finally a group of Christian leaders write about prayer in their individual experience adding a personal dimension to this comprehensive book This is a full library on the subject of prayer conserving the best insights of the past and breaking new ground with penetrating original thinking **An Annotated Translation of the Tattvasamgraha (part 1)** ,1987

The Chinese Dark Poet: Huang Xiang and His Colorful World Zhengming Fu (Sweden), Huang Xiang the protagonist of this book was born on 26th December 1941 in Guidong county Hunan province of central China After the Communists came to power in 1949 he was imprisoned six times and severely persecuted for his free spirited writing and his campaigns for human rights For more than thirty years this self educated poet and writer wrote secretly against the bondage

of totalitarian ideology to safe guard the freedom of speech According to the author of the book Huang is a great dark poet who has expressed the painful memories fears and struggles that haunted his life creating wonderful poetic beauty in the darkness His poetic creation is a miracle in the history of Chinese contemporary literature We may say that Huang s identity as an unknown dark poet is conditioned by his personal emotional and tragic experiences of struggles while facing historical events such as the Cultural Revolution from 1966 to 1976 the April 5th Movement in 1976 the Democracy Wall Movement in 1978 and the Pro Democracy Movement in 1989 in China *Kukai the Universal* Ryōtarō Shiba,2003 Kukai the Universal is an extensively researched biography chronicling the life of Kukai the visionary Japanese monk of the ninth century whose profound influence touched every aspect of Japan s civilization Kukai was born in 774 into a declining aristocratic family whose design was for him to become a statesman However he soon became disillusioned with the ways of politics and took a new path in life pursuing his Buddhist studies and practicing meditation while roaming the country as an itinerant hermit At the age of 30 Kukai sailed to China to become a student monk under the tutelage of Huiguo the patriarch of esoteric Buddhism Returning to Japan in 806 as a master of esoteric Buddhist teachings Kukai initiated the building of a monastic center on Mt Koya for the practice of Buddhism This and the founding and systemization of the Shingon doctrine were Kukai s major concerns for the remainder of his life In 823 the Emperor Saga presented him with Toji the most important temple in Kyoto which became the headquarters for the Shingon sect Kukai is known as the father of Japanese culture he invented the kana syllabary the basis of Japanese written language forms was the originator of the pilgrimage circuit of 88 temples in Shikoku a builder of lakes a poet calligrapher sculptor and the lexicographer who compiled the oldest extant dictionary He was also founder of the oldest school in Japan Kukai is undoubtedly the greatest figure in Japan s history creating the very fundamentals of its national culture For this he was honored as a saint under the name of Kobo Daishi Book jacket **Kukai** Kūkai,1972 Kukai more commonly known by the honorific Kobo Daishi was one of the great characters in the development of Japanese culture He was active in literature engineering calligraphy and architecture and is represented in this work in terms of his major effort the introduction of esoteric Buddhism from China which resulted in the formation of the Shingon sect still active in Japan Eight of his works are presented here The Oxford Handbook of Japanese Philosophy Bret W. Davis,2020 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online **On Understanding Japanese Religion** Joseph Mitsuo Kitagawa,1987-10-21 Joseph Kitagawa one of the founders of the field of history of religions and an eminent scholar of the religions of Japan published his classic book Religion in Japanese History in 1966 Since then he has written a number of extremely influential essays that illustrate approaches to the study of Japanese

religious phenomena To date these essays have remained scattered in various scholarly journals This book makes available nineteen of these articles important contributions to our understanding of Japan s intricate combination of indigenous Shinto Confucianism Taoism the Yin Yang School Buddhism and folk religion In sections on prehistory the historic development of Japanese religion the Shinto tradition the Buddhist tradition and the modern phase of the Japanese religious tradition the author develops a number of valuable methodological approaches The volume also includes an appendix on Buddhism in America Asserting that the study of Japanese religion is more than an umbrella term covering investigations of separate traditions Professor Kitagawa approaches the subject from an interdisciplinary standpoint Skillfully combining political cultural and social history he depicts a Japan that seems a microcosm of the religious experience of humankind **Icons**

and Iconoclasm in Japanese Buddhism Pamela Winfield,2013-03-07 Pamela D Winfield offers a fascinating juxtaposition and comparison of the thoughts of two pre modern Japanese Buddhist masters Kukai 774 835 and Dogen 1200 1253 on the role of imagery in the enlightenment experience **Sources of Japanese Tradition** Ryūsaku Tsunoda,William Theodore De Bary,Donald Keene,1964 Volume 1 addresses the development through the eighteenth century of Shinto Buddhism and Confucianism

Original Enlightenment and the Transformation of Medieval Japanese Buddhism Jacqueline I. Stone,2003-05-31 Original enlightenment thought hongaku shiso dominated Buddhist intellectual circles throughout Japan s medieval period Enlightenment this discourse claims is neither a goal to be achieved nor a potential to be realized but the true status of all things Every animate and inanimate object manifests the primordially enlightened Buddha just as it is Seen in its true aspect every activity of daily life eating sleeping even one s deluded thinking is the Buddha s conduct Emerging from within the powerful Tendai School ideas of original enlightenment were appropriated by a number of Buddhist traditions and influenced nascent theories about the kami local deities as well as medieval aesthetics and the literary and performing arts Scholars and commentators have long recognized the historical importance of original enlightenment thought but differ heatedly over how it is to be understood Some tout it as the pinnacle of the Buddhist philosophy of absolute non dualism Others claim to find in it the paradigmatic expression of a timeless Japanese spirituality According to other readings it represents a dangerous anti nomianism that undermined observance of moral precepts precipitated a decline in Buddhist scholarship and denied the need for religious discipline Still others denounce it as an authoritarian ideology that by sacralizing the given order has in effect legitimized hierarchy and discriminative social practices Often the acceptance or rejection of original enlightenment thought is seen as the fault line along which traditional Buddhist institutions are to be differentiated from the new Buddhist movements Zen Pure Land and Nichiren that arose during Japan s medieval period Jacqueline Stone s groundbreaking study moves beyond the treatment of the original enlightenment doctrine as abstract philosophy to explore its historical dimension Drawing on a wealth of medieval primary sources and modern Japanese scholarship it places this discourse in its ritual institutional and social contexts illuminating its importance to the

maintenance of traditions of lineage and the secret transmission of knowledge that characterized several medieval Japanese elite culture. It sheds new light on interpretive strategies employed in pre-modern Japanese Buddhist texts, an area that hitherto has received a little attention. Through these and other lines of investigation, Stone problematizes entrenched notions of corruption in the medieval Buddhist establishment. Using the examples of Tendai and Nichiren Buddhism and their interactions throughout the medieval period, she calls into question both overly facile distinctions between old and new Buddhism and the long-standing scholarly assumptions that have perpetuated them. This study marks a significant contribution to ongoing debates over definitions of Buddhism in the Kamakura era (1185-1333), long regarded as a formative period in Japanese religion and culture. Stone argues that original enlightenment thought represents a substantial rethinking of Buddhist enlightenment that cuts across the distinction between old and new institutions and was particularly characteristic of the medieval period.

[The Writings of Nichiren Daishonin, vol. 2](#) Soka Gakkai, 2024-08-01. An authoritative translation of 234 of Nichiren's writings presented in chronological order. The collection includes Nichiren's five major works as well as other treatises setting forth his doctrine, writings remonstrating with government officials, and letters offering advice, encouragement, or consolation to believers. The translations are based on those of Burton Watson, formerly of Columbia University and an award-winning translator of Chinese and Japanese literature. Edited by the Soka Gakkai's Goshō

Translation Committee, these are the translations used by English-speaking Soka Gakkai members the world over. **The Wisdom of the Lotus Sutra** Tony See, 2023-06-01. The Lotus Sutra is one of the most important sutras in Mahayana Buddhism. Translated by Kumrajiva in the 5th century, its teachings have inspired many Buddhist scholars such as Chih-i and Saichō from the Tiantai/Tendai tradition, Dōgen from the Zen tradition, and Nichiren, the 13th-century Kamakura founder and reformer. There is a relative lack of scholarly works that are devoted to an examination of how its philosophical ideas were received and developed throughout history. This book remedies that lack by tracing the origin and development of Lotus Sutra thought and interprets the text from the perspective of the doctrine of Buddha-nature in Mahayana Buddhism. **The Pacific World**

, 1994. **Encyclopedia of Monasticism** William M. Johnston, 2013-12-04. The two-volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places, surveys of countries and localities, and topical essays covering a wide range of issues, e.g., art, behavior, economics, liturgy, politics, theology, and scholarship. Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life. Recent upheavals in certain countries are highlighted: Korea, Russia, Sri Lanka, etc. Topical essays subtitled "Christian Perspectives" and "Buddhist Perspectives" explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism. Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life, art, and architecture.
