*Kwakiutl Art* Audrey Hawthorn, 1979. *A Bibliography of Canadian Folklore in English* Edith Fowke, Carole Henderson-Carpenter, 1982-12-15. This book is the only comprehensive bibliography of Canadian folklore in English. The 3877 different items are arranged by genres: folktales, folk music and dance, folk speech and naming, superstitions, popular beliefs, folk medicine and the supernatural, folk life and customs, folk art and material culture, and within genres by ethnic groups: Anglophone and Celtic, Francophone, Indian and Inuit, and other cultural groups. The items include reference books, periodicals, articles, records, films, biographies of scholars and informants, and graduate theses. Each item is annotated through a coding that indicates whether it is academic or popular, its importance to the scholar, and whether it is suitable for young people. The introduction includes a brief survey of Canadian folklore studies, putting this work into academic and social perspective. The book covers all the important items and most minor items dealing with Canadian folklore published in English up to the end of 1979. It is concerned with legitimate Canadian folklore, whether transplanted from other countries and preserved here or created here to reflect the culture of this country. It distinguishes between authentic folklore presented as collected and popular treatments in which the material has been rewritten by the authors. Intended primarily for scholars of folklore internationally as well as Canadian, the book will also be of use to scholars in anthropology, cultural geography, oral history, and other branches of Canadian culture studies, as well as to librarians, teachers, and the general public.

*Isamu Noguchi: A Modernism* Amy Lyford, 2013-06-08. In a study that combines archival research, a firm grounding in the historical context, biographical analysis, and sustained attention to specific works of art, Amy Lyford provides an account of Isamu Noguchi's work between 1930 and 1950 and situates him among other artists who found it necessary to negotiate the issues of race and national identity. In particular, Lyford explores Noguchi's sense of his art as a form of social activism and a

means of struggling against stereotypes of race ethnicity and national identity Ultimately the aesthetics and rhetoric of American modernism in this period both energized Noguchi s artistic production and constrained his public reputation
