En Espanol Estella Gahala,McDougal-Littell Publishing Staff,2003-12-18 *La Clase Mágica* Olga A. Vasquez,2013-10-11 La Clase Mágica Imagining Optimal Possibilities in a Bilingual Community of Learners vividly captures the social and intellectual developments and the promises of an ongoing after school project called La Clase Mágica It is a blow by blow description of the early transformations of a project that began as an educational activity and slowly but deliberately turned into a social action project whose aim was to serve those with low economic and political means and little access to educational resources This multivocal account details research in action for effectively serving Spanish English bilingual speakers from a Mexican origin community as well as on a broader level the diverse populations that increasingly characterize American society today The focus is on the early foundational work of the project between 1989 1996 though attention is also given to the national and international recognition the project has subsequently received the college going patterns of its long term participants

and the transplantation of the project to other cultural communities The book speaks out from the zones of contact between the university and a language minority community about new ways to extend and intersect theory and practice in many areas of the educational enterprise Contact is defined not only in the physical sense of face to face interaction but also as symbolic interaction between languages cultures histories and epistemologies Thus V squez speaks of optimal possibilities situated in the middle grounds or more technically speaking in the borders between Spanish and English Mexican and mainstream culture minority and majority designations and between school and community contexts where contact is made and new arrangements are imagined This account uses the reflections of participants at times to take readers from the scientific to the everyday to make real and concrete the theoretical conceptualizations that box in human behavior In this way it defines the theories methods and philosophies for linking multiple disciplines institutions and participant groups into a concerted effort with potential to reframe the educational opportunities of under served populations A close look is provided into the intricacies and the fundamental principles for building and sustaining effective learning environments and institutional relations necessary for enhancing the potential of learners of all ages In the process the book also suggests ways in which community members and institutional agents can play an active and integral role in creating learning opportunities that serve both constituencies Educators and policymakers will find the systems approach for pursuing parent and community involvement in the educational enterprise useful In sum the book offers researchers practitioners and policymakers much needed guidance insight and perhaps inspiration for rethinking educational goals and objectives
